## God Is P:

*God's P's* Su Bacon, Linda Deal, 2019-07-26 *God's P's Promises to Me* is a tool created by Su Bacon and Linda Deal to help parents teach children to love God, know his promises, and know he is always there for them. As parents, we can't always be with our children, but God is. It is through God's Word that parents can teach their children to let them know that God is always with them and they are never alone. To believe in God and his love sounds so easy, but when the world's chaos comes crashing down around us, do we really believe? Do we know how to get God's attention? Do we know where the answers lie? The answers are right in front of us, but we can't call on his Word if it has not found a home in our hearts and minds. *God's P's Promises to Me* is a tool for your child to understand and to know that God does hold the answers to our unending questions.

*Stealing God's Thunder* Philip Dray, 2005-08-02 We forget living in this era of heavily patented research and closely guarded results how wonderfully exciting the scientific world used to be. In *Stealing God's Thunder*, the story of Benjamin Franklin's invention of the lightning rod and the resulting consequences that sense of wonder and excitement and even fear comes beautifully to life. Philip Dray does a remarkable job of illuminating the ever-fascinating Franklin and more than that, the way that he and his invention helped create the new scientific world. Deborah Blum, author of *Love at Goon Park*, *Harry Harlow*, and *The Science of Affection*, *Stealing God's Thunder* is a concise, richly detailed biography of Benjamin Franklin viewed through the lens of his scientific inquiry and its ramifications for American democracy. Today we think of Benjamin Franklin as a founder of American independence who also dabbled in science. But in Franklin's day, it was otherwise. Long before he was an eminent statesman, he was famous for his revolutionary scientific work, especially his experiments with lightning and electricity. Pulitzer Prize finalist Philip Dray uses the evolution of Franklin's scientific curiosity and empirical thinking as a metaphor for America's struggle to establish its fundamental values. Set against the backdrop of the Enlightenment and America's pursuit of political equality for all, *Stealing God's Thunder* recounts how Franklin unlocked one of the greatest natural mysteries of his day: the seemingly unknowable powers of electricity and lightning. Rich in historic detail and based on numerous primary sources, *Stealing God's Thunder* is a fascinating original look at one of our most beloved and complex founding fathers.

*Mysticism in India* Ramchandra Dattatraya Ranade, 1983-01-01 *Mysticism in India* is a complete and informative description of the teachings, works, and lives of the great poet-saints of Maharashtra, written by a scholar and professor who was also a mystic. Jnaneshwar, Namadev, Tukaram, Eknath, Ramdas, and the other saints discussed belonged to the great devotional religious movement that spread through medieval India. With the exception of Ramdas, they all belonged to the tradition of the Varkaris, the most popular sect in contemporary Maharashtra. Their compositions exemplify the universality of their faith and practice and are recognized as literary treasures. Ranade was primarily interested in the poet-saints as mystics, teachers of the perennial philosophy whose experiences have general metaphysical and religious implications. At the heart of his classic is a comprehensive, objective presentation of the thought of these saints, augmented by

a deep appreciation of their value and relevance to present day scholars and seekers Mysticism in India is the only major study in English of medieval Indian religious literature The book s enduring value has been enhanced by the addition of a foreword by a scholar currently working in Marathi literature and a preface by a present day poet saint of Maharashtra

John Brown,1858 **Political Formation** Jenny Leith,2023-01-31 What might it mean us to be formed as disciples not only by the church but also by the world In *Political Formation Being Formed by the Spirit in Church and World* Jenny Leith argues that ethical and political formation of Christians takes place through the work of the Spirit both in the church and in civic life and the church too has something to learn from wider political practices and movements This account of formation places centre stage a reckoning with the forms of exclusion and marginalisation that mar the church and yields an understanding of the church as not only ethically formative but also in constant need of being formed itself Offering a fresh vision for ecclesiology which grapples with the ethical failings of the church and takes seriously the need for the church to keep on recognising and repenting of its sins the book offers a major new contribution to discussions around Christian formation and the relationship between discipleship and ethics *NIV, The Charles F.
