Modes of Thinking for Qualitative Data Analysis Melissa Freeman, 2025-06-20 Modes of Thinking for Qualitative Data Analysis offers a creative and comparative account of the conceptual and philosophical underpinnings of six prominent analytical movements used by interdisciplinary qualitative researchers Categorical thinking narrative thinking dialectical thinking poetic thinking diffractive thinking and decolonial thinking Each mode of thinking engages in a particular process for analytical sense making Every chapter describes core characteristics of the focal analytical movement along with examples to illustrate what that approach might look like in practice By presenting these analytical movements in the space of a single text the author not only highlights their unique contributions to qualitative analysis but also creates a structure from which to understand their strengths and challenges as well as the kind of outcomes and realities each participates in shaping This book is a thought provoking resource for experienced and novice interdisciplinary qualitative researchers seeking to deepen their understanding of the variety of ways qualitative analysis is and could be theorized and practiced

Settler, 2nd Edition Emma Battell Lowman, Adam J. Barker, 2025-04-17T00:00:00Z A decade ago the first edition of this defining book explained what it meant to be Settler acknowledging that Canada has been forged through ongoing violence displacement and assimilation of Indigenous communities and Nations and argued that accepting this identity is an important first step towards changing relationships with Indigenous Peoples The national conversation about settler colonialism has advanced significantly since that time thanks to Indigenous struggles that have resulted in high profile official apologies and inquiries into the devastating inequity between Indigenous and Settler lives in Canada However this progress is not enough many of the same problems persist due to the underlying inequities at the core of Canadian identity politics and society In this revised second edition Battell Lowman and Barker reflect on the term s changing more nuanced and continued importance Touching on the rise of right wing nationalism the power and limitations of social media and ten years of federal Liberal government this new edition of Settler considers the successes and failures of Settler Canadians in supporting decolonization and charting our next steps towards transformative change

Indian Education for All John P. Hopkins, 2020 John P Hopkins critiques recent efforts to reform Indigenous education in public schools He centers his critique on Montana State s innovative and bold multicultural education policy called Indian Education for All IEFA and demonstrates why Indigenous education reforms must decolonize the curriculum and pedagogy to address the academic inequalities facing Native students Using tribal critical race theory and culturally sustaining and revitalizing pedagogy Indian Education for All proposes a shift in the ways teacher candidates learn about Indigenous education and instruct Native students It explains why teachers and schools need to privilege Indigenous knowledge and explicitly integrate decolonization concepts into teaching and learning to address the academic gaps in Native education This book will also help non Native educators to engage in productive and authentic conversations with tribal communities about what Indigenous education reform should entail A must read for

educational justice across Indian Country K Tsianina Lomawaima School of Social Transformation Arizona State University This important highly accessible book provides a needed shift in stance whereby anti colonialism becomes a vital education project for all Teresa L McCarty GF Kneller Chair in Education and Anthropology University of California Los Angeles Hopkins offers important insights into the problems of paradigms of inclusion as an approach to educational policy change Megan Bang Northwestern University

An Unpromising Hope Thomas R. Gaulke, 2021-09-21 Written in a theopoetic key this book challenges Christian reliance on the motif of promise especially where promise is regarded as a prerequisite for the experience of hope It pursues instead an unpromising hope available to the agnostic or belief fluid members and leaders of faith communities The book rejects any theological judgement about doubt and hopelessness being sinful It also rejects any hope which is grounded in a sense of Christian supremacy Chapter 1 focuses on Ernst Bloch s antifascist concept of utopian surplus putting Bloch in conversation with queer theorist Jose Esteban Munoz and womanist theologian M Shawn Copeland Chapter 2 explores the saudadic and theopoetic hope of Rubem Alves Chapter 3 turns to the womanist theologies of Delores Williams Emilie Townes and A Elaine Brown Crawford Finally chapter 4 engages the post colonial eschatology of Vitor Westhelle framing hope as nearby in space rather than nearby in time Each chapter offers an unpromising hope that may be tapped into by those who wish to affirm belief fluidity in their own communities and by those who wish to speak of hope honestly whether or not at any given moment they believe in God or in the promises of a god

The Mythic Indian James Boucher, 2024-05-29 The Mythic Indian The Native in French and Qu b cois Cultural Imaginaries charts a genealogy of French and Qu b cois visions of the Amerindian Tracing an evolution of paradigms from the sixteenth century to present it examines how the myths of the Noble Ignoble and Ecological Savage as well as the Vanishing Indian and Going Native inform a variety of discourses and ways of thinking about Amerindian cultures By analyzing mythic depictions of the Native Figure that originate at first contacts this book demonstrates that an inextricable link exists between discourses as disparate as literature and science This book will be of interest to scholars in French Studies Francophone Studies Indigenous Studies Hemispheric Studies Social Sciences and Literary Studies

Strategies of Justice Burke A. Hendrix, 2019 This volume argues that it is essential for political theorists to think carefully about the political circumstances of indigenous groups facing persistent injustice and about the political methods that these groups may adopt in seeking to improve their condition particularly focusing on indigenous communities in the US and Canada
