Whiteness at the Table Christina Berchini, Zachary A. Casey, Shannon K. McManimon, 2020-07-07 Antiracist work in education has proceeded as if the only social relation at issue is the one between white people and people of color But what if our antiracist efforts are being undermined by unexamined difficulties and struggles among white people Whiteness at the Table examines whiteness in the lived experiences of young children family members students teachers and school administrators It focuses on racism and antiracism within the context of relationships Its authors argue that we cannot read or understand whiteness as a phenomenon without attending to the

everyday complexities and conflicts of white people's lives This edited volume is entitled Whiteness at the Table then for at least three reasons First the title evokes the origins of this book in the ongoing storytelling and theorizing of the Midwest Critical Whiteness Collective a small collective of antiracist educators scholars and activists who have been gathering at its founders dining room table for almost a decade Second the book's authors are theorizing whiteness not just in terms of structural aspects of white power but in terms of how whiteness is reproduced and challenged in the day to day interactions and relationships of white people In this sense whiteness is always already at the table and this book seeks to illuminate how and why this is so Finally one of the primary aims of Whiteness at the Table is to persuade white people of their moral and political responsibility to bring whiteness as an explicit topic as perhaps the most important problem to be solved at this historical moment to the table This responsibility to theorize and combat whiteness cannot and should not fall only to people of color

Singles Bukola Agunbiade Olajide,2021-05-06 God never created a marriage to fail hurt or be frustrated The only reason marriage is failing today is simply because we are trying to do different things from what God designed it to be Every couple has 100 percent chances for a successful marriage only if they can do it the way God planned it The problem is not with the marriage it s couples ignorance in understanding each other The best couples are the couple that realised they have many differences and make every effort to work on their differences If you are already married but going through a rough patch or simply want to strengthen your bond by allowing God to restore your marriage this particular book is for you If you re single contemplating marriage choosing a life partner is one of the most important decisions to make in life The choice of life partner you make can determine the quality of your life in the future much more than any other decision you make in your life Many singles spend more time developing academic knowledge deciding where to go to college choosing the cause to study building physical fitness but spending little time or no time on choosing the right future partner which has led to many failures in marriages today If you give God a chance to choose for you he can give you a description of the kind of person that he desires you to marry For you to have a successful marriage and if you want God s blessing over your marriage which you do then it s better to listen to God about the kind of person he wants you to marry Love alone is not enough reason to marry

L. Smith, 2025-03-17 My Second Childhood is a collection of my random thoughts and memories I have lived through my first childhood and many years of being an adult Everything has seasons in the sun including us The spring summer and fall of my life have passed too quickly I am now living in the winter of my life or as some may call it my second childhood I consider it a blessing to have lived long enough to reach old age It is a gift that everyone does not receive I have released myself from the binding ties of doing what others think I should do I am no longer obligated to employers nor bonded by schedules I have turned the child in me loose to enjoy the last days of my life I am grateful that God has allowed me and my husband of nearly sixty years to enjoy our second childhood together I have time to sit for hours and reminisce and remember moments from my past I have time to analyze stories that were told to me by my ancestors about my family s history I wonder how much of the stories are true and complete Have there been parts of the stories omitted Relatives who have been disowned may not have been included in the accounts of the past We all have secrets and stories that we will never tell What secrets have not been told in these stories Are the stories altered or enhanced to make the past more glorified or sensational There are many questions that I wish I had asked my relatives while they were still alive The answers to these questions will probably go unanswered Over the years I have heard varying accounts of the same stories of our family s history from my younger ancestors Their stories are not congruent with the family history told to me from the lips of my ancestors Their stories do not track with the things that I myself experienced and observed in the presence of my long deceased relatives I was there in the flesh with some of these relatives I can still close my eyes and see them in my mind s eyes I can still hear their voices in my mind s ears I remember these relatives and what they were like In the pages of this book I have written stories about friends and relatives from my past and present I have written a partial accounting of my family s history according to how it was told to me and from my personal observations and experiences As I get older I find that a lot of things no longer matter It does not matter to me who my relatives were or where they came from All that matters is that I was born and had the privilege of living the four seasons of
