**The Immanence of the Infinite** Elizabeth Brient,2002 Most scholars would agree that there is an epochal threshold between the world of the Middle Ages and the modern world Agreement on the nature and dynamic structure of that threshold is harder to come by Hans Blumenberg s original and compelling account of the transition from medieval to modern given in his 1966 work *The Legitimacy of the Modern Age* has received wide attention Elizabeth Brient begins her own account of the transition with an extensive critical assessment of central aspects of Blumenberg s work She elucidates his dialogical method of historical explanation then discusses the shortcomings of his defense of the legitimacy of modernity The transition to the modern world is marked by the process of making infinite the finite medieval cosmos Whereas Blumenberg focused on the spatial infinitization of the universe Brient claims that the process must be understood intensively as well as extensively In the now infinite universe of the new science the problem of finding a measure for man s self assertive activity and for human knowledge comes to the fore The second half of the book focuses on the way in which this difficulty is addressed with conceptual resources developed in the tradition of late medieval Neoplatonism in particular in the speculative thought of Meister Eckhart and Nicholas of Cusa Specific attention is given to the way in which Cusanus notion of the immanence of the infinite in the finite responds to the need for a regulative ideal for human knowing This is the first book length treatment of Blumenberg to appear in English and will be a most welcome resource for readers engaged by debates concerning the status of modernity It will be of equal interest to students of Eckhart and Cusanus and to those generally concerned with the transition between the medieval and the modern world

**ABOUT THE AUTHOR** Elizabeth Brient is Assistant Professor of philosophy at The University of Georgia

**PRAISE FOR THE BOOK**

Blumenberg could not have wished for a more reverent critique of his achievements or a more exacting textual exegesis regarding the sources of their philosophical content all written in a lucid style that is forthright in the defense of the depth of thought during the Middle Ages but also pleasing in its subtle irony with respect to Blumenberg s and the author s own metaphysical creed Walter F Veit *Speculum*

Brient s analysis of Blumenberg s philosophy sheds significant light in the debate concerning modernity Albrecht Classen University of Arizona German Studies Review

*Understanding the Other* Jaco Beyers,2017-08-31 In a religious pluralistic society the other cannot be ignored even less so when there is a familial relationship between religions The way in which Judaism and Christianity relate can be conceptualised in many different forms depending on the theory one subscribes to Did Judaism and Christianity derive from a common ancestor Did Christianity spring from Judaism and if so when Why did the final cut between the two take place Did Christianity replace Judaism If so how can the relationship between them now be described Before interaction between the two religions is possible an honest and unbiased attempt to understand each other must be mutual This is a painful and difficult exercise as Christians and Jews seem to have been at odds since forever This publication is not the final word on the relationship but perhaps it serves as an invitation to Jews and Christians for peaceful engagement *The Decades of Henry Bullinger, Minister of the Church of Zurich* Heinrich Bullinger,1849 God's Mystery That Is Christ Seok Lyun Chang Soppe,2014-04-07 At some point during our religious journey we have to ask ourselves the questions How much do we really know God Are we spiritually dead or alive And what phase is our faith in Beginning with the first chapter of Genesis Gods mystery is hidden throughout the Bible This book sets forth the importance of the creation story and describes the significance of each day In addition it reveals the secret of the Trinity and the meaning of Revelations Armageddon war including the seven seals trumpets bowls and the 666 Gods intentions are hidden in the Bible A certain level of openness to the Bible is required to uncover Gods mystery that is hidden within it This book was written for those who are on a quest to make a connection with God and to support the readers relationship with Christ It is meant to be read along with The Holy Bible and not in place of it The objective of this book is to challenge our preconceptions about biblical truths so that we may be able to discern Gods intent with the Spirit of Truth This book is a great guide for those who thirst for the Spirit of God It is a must read for all those seeking the Truth The deep intentions within Gods Word are revealed to those who eagerly search for it Rev B So Jin Church of True Life God's Truth and Wisdom Revealed!
