Tucker, 2016-07-21 The soul of man is that inner part of man that can't be seen with the human eye Only God knows the soul of man The bible refers to the soul as the heart of man or belly It simply means to be deep within the person of whom they really are Any body can put on fancy clothing and look good on the outside but deep in there soul they struggle with a sickness of sin or maybe additions Only God knows the heart of man and evil ways Jeremiah 17 9 10 tell it like this The heart is deceitful above all things and desperately wicked who can know it I the Lord search the heart I test the mind even to give every man according to his ways according to the fruit of his doings Now this leads to the point of the spirit and what and how it operates I called this writing Spiritual Sickness because our spirit is sick and remains so until we realize the cure of the sickness and how it came about *God Did Not Create Sickness Or Disease* Joe M. The Original Sin and Human Diseases Hanna Rizk Wannas MD FRCS ED FICS,2014-01-30 This text is unique it is the first book of its kind that challenges the theory of evolution by the word of God In the text it will be proved beyond doubt that the word of God is powerful with a two edged sword It divides asunder and exposes the counterfeit and the false Not only that but it proves the validity of the arguments by using medical and surgical studies of the patients ailments The author is a scientist and a surgeon He studied anatomy and embryology in full details that makes him argue with confidence The doctrine of creation has a solid foundation which is the true word of God The author used the results of surgical procedures that are done by spiritual knowledge compared to others done by natural man whose knowledge is based on the theory of evolution These have changed the procedures from difficult and complicated to a single day procedure with financial gains to the patient and to the public The relation between sin diseases and death is studied and proved beyond doubt The salvation by justification sanctification and righteousness is explained and also proved beyond doubt Man is created and evolved to a higher degree of holiness by the working power of the Holy Spirit contrary to evolution by genetic mutation and natural selection that might promote the man to a high intellectual standard but this usually brings low moral value with it that at the end lead to death from moral decay alcoholism and drug addiction The evolution is produced by knowledge and experience and it carries with it away from God all the destructive elements to humans
