**Concerning the Divine Love and the Divine Wisdom** Emanuel Swedenborg, 1843      **Liberty in an Evil Age** Carl W. Wilson, 2008-07

America has for years been in a long spiritual battle between deceived intolerant intellectuals and Christianity. They have changed the definition of science and applied that false definition to deny the rights to Christians of free speech in public institutions, believing they can produce a superior people and society. This is the intolerance of Nazi Germany and Soviet Russia. The spiritual battle is nearing a crisis. This book is chapters from a history of modern science. Intellectuals have perverted divine laws in economics, distorting supply and demand by selfish greed; in psychology, changing the nature of sex for individual lust rather than for intimacy of man and woman in marriage to produce family; in sociology, changing uniting relationships to promises of individual freedom from controls; and changing politics to a democratic socialistic government to promote equality of all individuals, people and groups. Your future depends on understanding this.

Carl W. Wilson has a degree and done years of study for reporting in science and has two degrees and experience in teaching in evangelical graduate schools and in churches on theology. He received honors for all his academic work and when he recently retired from teaching seven years in an accredited graduate school, the whole faculty gave him a commendation for concern for academic excellence and the shaping of student lives in holy ways. He has planted been a senior pastor and trained leaders in churches and has been a leader in two large national Christian organizations. He has published numerous books, some on the effects of scientific philosophy on the decline of past civilizations and of America, and has written a comprehensive study of the history of modern science 1500 A.D. to present. He has been married to Sara Jo for sixty years and they have a large family.
