## **God Who May Be A Hermeneutics Of Religion:**

**The God Who May Be** Richard Kearney, 2001-10-03 Kearney is one of the most exciting thinkers in the English speaking world of continental philosophy and he joins hands with its fundamental project asking the question what or who comes after the God of metaphysics John D Caputo Engaging some of the most urgent issues in the philosophy of religion today in this lively book Richard Kearney proposes that instead of thinking of God as actual God might best be thought of as the possibility of the impossible By pulling away from biblical perceptions of God and breaking with dominant theological traditions Kearney draws on the work of Ricoeur Levinas Derrida Heidegger and others to provide a surprising and original answer to who or what God might be For Kearney the intersecting dimensions of impossibility propel religious experience and faith in new directions notably toward views of God that are unforeseeable unprogrammable and uncertain Important themes such as the phenomenology of the persona the meaning of the unity of God God and desire notions of existence and difference and faith in philosophy are taken up in this penetrating and original work Richard Kearney is Professor of Philosophy at Boston College and University College Dublin He is author of many books on modern philosophy and culture including Dialogues with Contemporary Continental Thinkers The Wake of Imagination and The Poetics of Modernity **Hermeneutics and**

**Phenomenology in Paul Ricoeur** Scott Davidson, Marc-Antoine Vallée, 2016-07-06 Hermeneutics and Phenomenology in Paul Ricoeur Between Text and Phenomenon calls attention to the dynamic interaction that takes place between hermeneutics and phenomenology in Ricoeur's thought It could be said that Ricoeur's thought is placed under a twofold demand between the rigor of the text and the requirements of the phenomenon The rigor of the text calls for fidelity to what the text actually says while the requirement of the phenomenon is established by the Husserlian call to return to the things themselves These two demands are interwoven insofar as there is a hermeneutic component of the phenomenological attempt to go beyond the surface of things to their deeper meaning just as there is a phenomenological component of the hermeneutic attempt to establish a critical distance toward the world to which we belong For this reason Ricoeur's thought involves a back and forth movement between the text and the phenomenon Although this double movement was a theme of many of Ricoeur's essays in the middle of his career the essays in this book suggest that hermeneutic phenomenology remains implicit throughout his work The chapters aim to highlight in much greater detail how this back and forth movement between phenomenology and hermeneutics takes place with respect to many important philosophical themes including the experience of the body history language memory personal identity and intersubjectivity Debating Otherness with Richard Kearney: Perspectives from South Africa Daniël P. Veldsman, Yolande Steenkamp, 2018-12-31 Richard Kearney is one of the leading global thinkers in both Continental philosophy and post metaphysical philosophy of religion as well as an esteemed Irish professor in philosophy currently teaching at Boston College Massachusetts USA Professor Kearney first visited South Africa in May as joint visiting academic of the Universities of Stellenbosch Pretoria and North West The visit prompted the

publication of this scholarly collected work authored by South African and international scholars These specialists in philosophy and religious studies analysed Kearney's influential work and brought his scholarly perspectives into dialogue with other leading thinkers in the field both from Africa and abroad This publication will be the first collective attempt to engage his work from the perspective of the African continent This collected work contributes significantly in an interdisciplinary way to Ricoeurian studies The target audience of the book is peers and specialists in the field of Continental philosophy and philosophy of religion

A Hermeneutics of Religious Education David Aldridge, 2015-10-22

What does it mean to understand a religion How should the concept of truth be addressed in the contemporary classroom What is the proper subject matter of religious education and how does it relate to other subjects and the school curriculum as a whole Despite the prevalence of literature on these subjects these issues are far from resolved and consequently the place and nature of religious education in our schools is precarious and confused *A Hermeneutics of Religious Education* argues that although the tradition of philosophical hermeneutics has transformed both educational thought and the academic discipline of religious studies the literature of religious education pedagogy has paid only limited attention to these developments To engage with them fully entails a transformation of our understanding of religious education and its importance in a curriculum of the twenty first century

**Gadamer's Hermeneutics and the Art of Conversation** Andrzej Wierciński, 2011 Gadamer's Hermeneutics and the

Art of Conversation covers the nature of dialogue and understanding in Hans Georg Gadamer's linguistically oriented hermeneutics and its relevance for contemporary philosophy. This timely collection of essays stresses the fundamental significance of the other for a further development of Heidegger's analytics of Dasein. By recognizing the priority of the other over oneself, Gadamerian hermeneutics founds a culture of dialogue sorely needed in our multi-cultural globalized community. The essays solicited for this volume are presented in three thematic blocks: Hermeneutic Conversation, Hermeneutics, Aesthetics and Transcendence, Hermeneutic Ethics, Education and Politics. The volume proposes a dynamic understanding of hermeneutics as putting into practice the art of conversation. *Thiselton on Hermeneutics* Anthony C. Thiselton, 2017-05-15

Hermeneutics is an interdisciplinary study of how we interpret texts, especially biblical texts, in the light of theories of understanding in philosophy, meaning in literary theory, and of theology. This volume brings together the seminal thought of a leading contemporary pioneer in this field. Thiselton's *The Two Horizons* was a classic on how horizons of biblical texts engage creatively with the horizons of the modern world. The author's later *New Horizons in Hermeneutics* explored still more deeply the transforming capacities of biblical texts, while his massive commentary on 1 Corinthians interpreted an epistle. This volume collects many of Anthony Thiselton's more notable writings from some seven books and 70 articles to which he adds his own re-appraisals of earlier work. It uniquely expounds the thought of a major contemporary British theologian through his own words and includes his own critical assessments. *After God* John Panteleimon Manoussakis, 2006

Who or what comes after God? In the wake of God, as the last fifty years of philosophy has shown, God comes back again, otherwise. Heidegger's last God, Levinas's God of Infinity, Derrida's and Caputo's tout autre, Marion's God without Being, Kearney's God who may be Sharing the common problematic of the otherness of the Other: the essays in this volume represent considered responses to the recent work of Richard Kearney. John Panteleimon Manoussakis holds a Ph.D. in philosophy from Boston College. He is the author of *Theos: Philosophoumenos in Greek Athens* (2004) and co-editor of *Heidegger and the Greeks* with Drew Hyland. He has also translated Heidegger's *Aufenthalte*. *God's Wounds: Hermeneutic of the Christian Symbol of Divine Suffering, Volume One* Jeff B. Pool, 2009-01-01

This book constitutes the first volume of a three-volume study of Christian testimonies to divine suffering: God's Wounds. Hermeneutic of the Christian Symbol of Divine Suffering, Divine Vulnerability and Creation. This study first develops an approach to interpreting the contested claims about the suffering of God. Thus the larger study focuses its inquiry into the testimonies to divine suffering themselves, seeking to allow the voices that attest to divine suffering to speak freely to discover and elucidate the internal logic or rationality of this family of testimonies rather than defending these attestations against the dominant claims of classical Christian theism that have historically sought to eliminate such language altogether from Christian discourse about the nature and life of God. Through this approach, this volume of studies into the Christian symbol of divine suffering then investigates the two major presuppositions that the larger family of testimonies to divine suffering normally hold: an

understanding of God through the primary metaphor of love God is love and an understanding of the human as created in the image of God with a life though finite analogous to the divine life the imago Dei as love When fully elaborated these presuppositions reveal the conditions of possibility for divine suffering and divine vulnerability with respect to creation

*Religions Challenged by Contingency* Dirk-Martin Grube, Peter Jonkers, 2008-08-31 In this volume the relationship between religion and contingency is investigated Its historical part comprises analyses of important philosophers interpretations of this relationship viz that of Leibniz Kant Lessing Jaspers and Heidegger Its systematic part analyses how this relationship should be currently re interpreted The upshot of the different interpretations is a re evaluation of the traditional assumption that accepting contingency is detrimental to the pursuit of religion It is shown that a number of the philosophers scrutinized are not as critical regarding the acceptance of certain sorts of contingency in the religious realm as is often thought and the systematic contributions show that it may be unavoidable sometimes even desirable to accept contingency when dealing with religion Contributors include Lieven Boeve Wim Drees Joris Geldhof Dirk Martin Grube Frans Jespers Peter Jonkers Donald Loose Ben Vedder Henk Vroom
