At times lyrical, this novel is a fantastic journey filled with magic, myth, romance, and adventure. Four years after John Wilkerson claims the mermaid Tamarind for his wife, they have an idyllic marriage that depends on a talisman that she crafted on their island paradise. But Tamarind learns a painful truth: it takes more than legs to live on land and more than magic to sustain a bond. When the talisman breaks, she and John are forced to rely on themselves instead of magic. Three wise women play key roles in the young lovers' journey to mature love. Ana, Tamarind's aging mentor, casts spells and performs seductions to keep the lovers apart. Valerie, an expat jewelry maker cum fairy godmother, works her own magic to bring them together. Lucy, their widowed neighbor, grounds the couple in the realities of marriage, parenting, and family.      *Through the Moon Door* Dorothy Graham, 1926      *Plays by French and Francophone Women* Christiane P. Makward, Judith Graves Miller, 1994 A rich collection of plays by French and francophone women writers in English translation      *Earth Dream Awakening* David W. Letts, 2012-08 All that has happened in the past, all of Earth's history, man has created in his dream, and the end of time will come when man wakes up and realizes he has been dreaming. Suddenly, a young family wrests themselves from life in a North American city to seek a rustic existence close to nature and a circle of new friends in mountain valleys of British Columbia. But that is only one of the levels to this story. For David and Kelly Siofra are a mystic and a psychic on an out-of-the-ordinary quest inspired by higher energy presences. Moita and Amar: How will their experiment in communication between worlds illuminate the process of planetary rebirth that will accelerate years later in the awakening of 2012 and beyond? This time period is at crossroads. Paths before you lead into the future, some not pleasant, some extremely promising. We are here to help you choose the road that leads not to destruction but that leads to life and to this change of man and his awareness to the reuniting of our worlds. Among facets of this visionary yet down-to-earth adventure: helping persons in crisis to unlock their hearts, find their new balance, deepening our sense of community as a core group risks old selves in order to truly meet, confronting dark energies across lifetimes, undoing man's obsession with power, seeing that the planet's upheavals now mirror our own as a vast evolution in consciousness comes full circle, aided by higher-dimensional beings and the Earth Mother voicing her plea for man to awaken as a willing partner. We are entering a New Age of humanity. Instead of man creating only on his own, set apart from the rest of the universe, this time he is involved in a co-creation and we are the co-creators. Those who are here have arrived to help found a new world.      **The Golden Door Book** Elias Hershey Sneath, George Hodges, Edward Lawrence Stevens, 1913 This series introduces the pupil to the subject matter of morals by means of fairy tale, myth, fable, allegory, parable, legend, stories of real life of heroes and heroines, biography, and historical incident. Preface      *Where Shadows Meet* Patrice Caldwell, 2025-04-01 You have no idea what I've done for love. Just as you have no idea what you may one day do. Once long ago, a girl named Favre sacrificed her

wings for love Thana the young goddess she so willingly gave them up for sacrificed that same love for power But everything has a cost Favre never got over the loss of her wings And Thana s choices led to a life of eternal night and later their destruction Favre has bided her time ever since waiting for the chance to resurrect the girl she loves who turned her into the creature she hates Now a thousand years later Leyla the crown princess of the malichora an ancient race that survives on human blood must travel to the Island of the Dead when her best friend is captured during an attack on her nation s capital Along with Najja a fierce beautiful seer and the last person she expected to help her Leyla forges down a dangerous path intent on saving her friend But nothing is as it seems The closer she gets to her goal the more she risks awakening an ancient evil and destroying everything she holds dear Set in the aftermath of a war between vampires humans and the gods that created them this devastating romantic fantasy asks do we choose our fates or do our fates choose us **Rethinking Place**

**in South Asian and Islamic Art, 1500-Present** Deborah S. Hutton, Rebecca M. Brown, 2016-10-04 Place plays a fundamental role in the structuring of the discipline of Art History And yet place also limits the questions art historians can ask and impairs analysis of objects and locations in the interstices of established ossified categories The chapters in this interdisciplinary volume investigate place in all of its dynamism and complexity several call into question traditional constructions regarding place in Art History while others explore the fundamental role that place plays in lived experience The particular nexus for this collection lies at the intersection and overlap of two major subfields in the history of art South Asia and the Islamic world both of which are seemingly geographically determined yet at the same time uncategorizable as place with their ever shifting and contested borders The eleven chapters brought together here move from the early modern through to the contemporary and span particular monuments and locations ranging from Asia and Europe to Africa and the Americas The chapters take on the question of place as it operates in more obvious settings such as architectural monuments and exhibitionary contexts while also probing the way place operates when objects move or when the very place they exist in transforms dramatically This volume engages place through the movement of objects the evocation of senses desires and memories and the on going project of articulating the parameters of place and location *Guide to the Nubian Monuments on Lake Nasser* Jocelyn Gohary, 1998 A guide to the Nubian Monuments with an introduction to the history and culture of Nubia during the pharaonic period **The Gaddi Beyond Pastoralism** Anja Wagner, 2013-06-01 The Gaddi of North India

are agro pastoralists who rear sheep and goats following a seasonal migration around the first Himalayan range While studies on pastoralists have focused either on the pastoralists adaptation to their physical environment or treated the environment from a symbolic perspective this book offers a new holistic perspective that analyzes the ways in which people make place Based on extensive fieldwork this book not only describes a contemporary understanding of the Gaddi s engagement with the environment but also analyzes religious practices and performances of social relations as well as media practices and notions of aesthetics Thereby the landscape in which the Gaddi live is understood as a network of places that is

constantly being built and rebuilt through these local practices The book contributes to the growing interest in approaches of practice within environmental anthropology
