Goddess David Adams Leeming, Jake Page, 1994 David Leeming and Jake Page gather some seventy five of the most potent and meaningful of these tales in an extraordinary rich and readable introduction of this divine figure as she has **Encyclopedia of Goddesses and Heroines** Patricia Monaghan, 2009-12-18 This emerged from prehistory to the present two volume set provides a comprehensive guide to the vast array of feminine divine figures found throughout the world Drawn from a variety of sources ranging from classical literature to early ethnographies to contemporary interpretations the Encyclopedia of Goddesses and Heroines provides a comprehensive introduction to the ways goddess figures have been viewed through the ages This unique encyclopedia of over thousands of figures of feminine divinity describes the myths and attributes of goddesses and female spiritual powers from around the world The two volume set is organized by culture and religion exploring the role of women in each culture s religious life and introducing readers to the background of each pantheon as well as the individual figures who peopled it Alternative names for important divinities are offered as are lists of minor goddesses and their attributes Interest in women's spirituality has grown significantly over the last 30 years both among those who remain in traditional religions and those who explore spirituality outside those confines This work speaks The Hero's Quest and the Cycles of Nature Rachel S. McCoppin, 2016-10-13 This examination of the heroic journey in world mythology casts the protagonist as a personification of nature a botanical hero one might say who begins the guest in a metaphorical seed like state then sprouts into a period of verdant strength But the hero must face a mythic underworld where he or she contends with mortality and sacrifice embracing death as a part of life For centuries humans have sought superiority over nature yet the botanical hero finds nothing is lost by recognizing that one is merely a part of nature Instead a cyclical promise of continuous life is realized in which no element fully disappears and the hero s message is not to dwell on death **Creation Myths of the World** David A. Leeming, 2009-12-18 The most comprehensive resource available on creation myths from around the world their narratives themes motifs similarities and differences and what they reveal about their cultures of origin ABC CLIO s breakthrough reference work on creation beliefs from around the world returns in a richly updated and expanded new edition From the Garden of Eden to the female creators of Acoma Indians to the rival creators of the Basonge tribe in the Congo Creation Myths of the World An Encyclopedia Second Edition examines how different cultures explain the origins of their existence Expanded into two volumes the new edition of Creation Myths of the World begins with introductory essays on the five basic types of creation stories analyzing their nature and significance Following are over 200 creation myths each introduced with a brief discussion of its culture of origin At the core of the new edition is its enhanced focus on creation mythology as a global human phenomenon with greatly expanded coverage of recurring motifs comparative themes the influence of geography the social impact of myths and more The **Study of Witchcraft** Deborah Lipp, 2007-10-01 The Study of Witchcraft is a compendium for Wiccans who want to deepen
