Goddess Society:

Crafting Contemporary Pagan Identities in a Catholic Society Kathryn Rountree, 2016-05-13 Contemporary western Paganism is now a global religious phenomenon with Pagans in many parts of the world sharing much in common from a nature revering worldview and lifestyle to a host of chants invocations ritual tools and magical practices But there are also locally specific differences Local religious contexts landscapes histories traditions politics values and norms all impact on local Paganisms This is nowhere more evident than in a strongly Catholic society where religion and culture are deeply entwined Taking the Mediterranean society of Malta as a case study this book invites readers inside the world of a small hidden sub culture Showing what it is like being Pagan in a society where the vast majority of the population is Roman Catholic and Catholicism permeates every sphere of public and domestic social and political life Rountree reveals that Paganism here is a unique brew of indigenous and global influences Pagans employ both creativity and borrowing in constructing identities within a cultural context characterized by antagonism as well as continuity This book explores the intersections of religious and cultural identity the global and local Paganism and Christianity with insights grounded in rich ethnographic detail based on long term fieldwork Rountree makes invaluable comparisons with other studies of modern Pagans and their various worlds

between child and adult centred worlds in more flexible manners The issue of how culture is learnt and how tribal children create their own culture has been dealt in this volume by specialists from anthropology and other related disciplines Using recent ethnographic fieldwork with children the contributors to this volume examines the ways in which concepts of children and childhood are understood by looking at the social representations of children in different tribal and aboriginal communities Being first of its kind the volume makes an attempt to provide a better understanding of tribal children and their childhood through a number of ethnographic studies *Understanding Culture and Society in India* Abha
