History of Egypt, Chaldea, Syria, Babylonia, and Assyria in the Light of Recent Discovery Leonard William King,Harry Reginald Hall,1906

History of Egypt, Chaldea, Syria, Babylonia, and Assyria - H. R. Hall,L. W. King,2016-08-16 The present volume contains an account of the most important additions which have been made to our knowledge of the ancient history of Egypt and Western Asia during the few years which have elapsed since the publication of Prof Maspero s *Histoire Ancienne*

des Peuples de l'Orient Classique and includes short descriptions of the excavations from which these results have been obtained. It is in no sense a connected and continuous history of these countries for that has already been written by Prof. Maspero but is rather intended as an appendix or addendum to his work briefly recapitulating and describing the discoveries made since its appearance. On this account we have followed a geographical rather than a chronological system of arrangement but at the same time the attempt has been made to suggest to the mind of the reader the historical sequence of events.
