Charisma and Christian Life ,1999 **One Christian's Journey through Racism to Financial Security** Earl C. Johnson,2022-10-13 In this book I share with you a little about myself How I grew up and my meager beginning while being raised by my grandparents back in Cincinnati Ohio The lack of financial management training I received while growing up and my unawareness to my condition of lower class living I give you some insight into some of my struggles with racism while in the military and the effects it had on me navigating the military s system of advancement How some military personnel believed that race was a determining factor in a person s capacity to do certain jobs and consequently shouldn t have equal access to promotions and opportunities I share multiple scriptures with you as proof positive that God the creator of heaven and Earth the King of kings and the Lord of lords is our source and it is He who gives us the believers the power to gain wealth The Parable of the Talent in the book of Matthew and the Parable of the Minas in the book of Luke are solid evidence that God expects us to be good servants of the money He blesses us with And I also share with you my six step financial management system that will help any believer who follows it to become financially secure and a good servant of the money God has and will bless you with The six step financial management system is sequential meaning you start with the first step and you don t progress to the second step until the first step is complete Doing so will ensure you have built a financial foundation that will not be shaken or destroyed by the tests trials and tribulations we all experience in this world It ends with answering three questions about retirement When do you start preparing for retirement How much money will you need for retirement And what does your retirement look like This is the first book and it will serve as a financial foundation to those who absorb its contents To you that have ears to hear if you read and believe you will achieve your financial goals It is the will of God 2 **Faith & Finance: Creating Godly Wealth In A Worldly System** Suzy Black,2009-05 During the greatest economic meltdown since the depression of 1929 my clients did not lose 1 in fact they have continued to increase their wealth Discover the power of compounding interest and learn how to grow your wealth while protecting it from tax erosion Suzy Black is a Christian entrepreneur working in both the financial and insurance industry for over 21 years she incorporates the wisdom and advise of the Bible into her every day business dealings and believes that if Christians will faithfully utilize God s system of paying First Fruits and Tithing blended with saving and investing Christians around the world will not only see their financial situations change but they will see God actively working in their finances and their lives no matter what is going on in the economy Suzy is also the founder of Suzy Black Ministries a ministry focused on helping
