*Gender and Society on the Margins of Bronze Age Europe* Mark Haughton, 2024-11-11 This book explores and critiques the underlying assumption that a binary gender system and patriarchal norms were universal in Bronze Age Europe through a careful analysis of burial practice in Ireland and Scotland *Gender and Society on the Margins of Bronze Age Europe* makes a decisive and critical intervention in the debate around the nature of gender in the European Bronze Age Tackling between scales from the detail of local practice to a major analysis of recently excavated and analysed skeletons it argues that binary gender was far from universal in Bronze Age Europe and consequently questions its broader importance Unlike bronze technology shared widely between communities across Europe binary gender was an optional or negotiable part of Bronze Age life The book goes on to assess the huge implications of this evidence firstly for the history of gender as it indicates that there was no simple linear trajectory to binary gender and patriarchy and secondly by demonstrating that interconnectivity in Bronze Age Europe did not result in fundamental social and ideological agreement undermining the idea of a shared Bronze Age society At its core the book reimagines how gender archaeology can be conducted inspired by the sub discipline s radical origins and following a method rooted in the detail of local practice This book is essential reading for scholars and students of the European Bronze Age gender pre history and gender archaeology It connects with major themes in theoretical thinking across the humanities particularly relating to posthumanism assemblage theory embodiment and gender *The Oxford Handbook of Religion and Europe* Grace Davie, Lucian Leuștean, 2022 Features contributions from leading scholars providing crucial insight into the role of religious ideas structures and institutions in the making of Europe Introduces the building blocks of Europe s religious and the part that they played in the formation of the continent Explores the relationship between religious communities and ideologies in the twentieth century connections that play out very differently in East and West Europe Examines the role of religion in the construction of the European Union from the end of the Second World War until the present day Assesses the relationship between the major world religions and the idea of Europe Book jacket *The Later Prehistory of North-West Europe* Richard Bradley, Colin Haselgrove, Marc Vander Linden, Leo Webley, 2016 The Later Prehistory of North West Europe provides a unique up to date and easily accessible synthesis of the later prehistoric archaeology of north west Europe surveying changes in social forms landscape organization monument types and ritual practices over six millennia *Bronzization: Essays in Bronze Age Archaeology* Heide W.
