## **Gods Angels Need No Wings:**

God's Angels Need No Wings Claus Westermann, 1979      **God's Angels Need No Wings** Claus Westermann,      **From Nothing** Ian A. McFarland, 2014-08-22 Too often the doctrine of creation has been made to serve limited or pointless ends like the well worn arguments between science and faith over the question of human and cosmic origins Given this history some might be tempted to ignore the theology of creation thinking it has nothing new or substantive to say They would be wrong In this stimulating volume Ian A McFarland shows that at the heart of the doctrine of creation lies an essential truth about humanity we are completely dependent on God Apart from this realization little else about us makes sense McFarland demonstrates that this radical dependence is a consequence of the doctrine of creatio ex nihilo creation from nothing Taking up the theological consequences of creation theodicy and Providence the author provides a detailed and innovative constructive theology of creation Drawing on the biblical text classical sources and contemporary thought From Nothing proves that a robust theology of creation is a necessary correlate to the Christian confession of redemption in Jesus Christ

**The Encyclopedia of Christianity** Erwin Fahlbusch, Geoffrey William Bromiley, 1999 This multifaceted and up to date encyclopedia is sure to be of interest to pastors and church workers of all confessions equally so to students scholars and researchers around the world who are interested in any aspect of Christianity or religion in general The first volume contains 465 articles that address a comprehensive list of topics      Father Smith Instructs Jackson John Noll, 2009-02-24 Father Smith Instructs Jackson Centennial Edition Over 3 million copies of this timeless classic have been sold and it has influenced thousands of conversions Witness the engaging and accessible interplay between a priest and a non Catholic inquiring about the Faith Their conversation is a masterpiece in catechesis as Chris Jackson asks the questions generation after generation wants to ask and Father Smith responds with wisdom wit Scripture references and solid Catholic teaching It is one on one catechesis at its finest delivered in a relevant and practical context much like Jesus himself taught With fresh references and updated language supplied by noted Church scholar Paul Thigpen this is a book that Catholics and non Catholics alike can turn to for greater personal understanding of the intricacies and nuances of the Faith      *Angelology* Dylan David Potter, 2017-02-23 Angels have fascinated people for millennia because they point to an invisible dimension that parallels our own This book examines the different ways that angels have been portrayed at certain key points in biblical and theological history By tracing patterns in the appearance of higher order beings from their ancient Near Eastern origins the Hebrew Scriptures the writings of Pseudo Dionysius Thomas Aquinas Karl Barth and even modern New Age writers Angelology demonstrates that angels allow various authors to emphasise divine transcendence immanence and creativity Identifying the theological purpose underlying the depiction of angels at certain key points in the history of their use raises new questions about how angels are to be understood by people today      *Science Proves That God Exists* William Schonfelder, 2022-11-03 When I was in school back in the aEUR tm 60s I was taught many things that I believed were factual and honest in truth and

knowledge As an example that we came from monkeys and that the cavemen came from fish that walked on the land My science teacher taught us that all things happened from a single Big Bang theory I believed in these things that were taught to me so much as to defend them without any real information behind it other than what I was taught or shown I even did this with my faith and religion because someone else who was more spiritual or educated than myself taught it that way I just believed what they taught in the pulpit and on the radio Then something happened to me that showed me that everything I believed was a lack of the aEUroerightaEUR interpretation of what the current information was trying to show me That example is explained in this book using a closed or open universe theory based on the instruments of the time When you read this book you will see what I am speaking about The information has meaning and purpose Information is what gets you up creates your beliefs and inspires you to a purpose Information can be misused as an example in the world wars and in todayaEUR tm s example of fake news Certain people choose not to accept the truth they hear unless they had concrete evidence about the information only coming from the source It is those people who seek the source that the information comes from that is rewarded with the intention that the information intended in the first place I chose the title because of a download that came from the sourceaEURGod aEURanswering all of my questions in one night wide awake and without my knowledge of it except my loving wife who witnessed this download I have learned that when I go to the source aEURoepurpose is defined that created me We must all find what that truth is and not just accept it because it was told to you that way from generations that one day decided this is how it isaEUR quote from the book Science Proves That God Exists     Dictionary of Major Biblical Interpreters Donald K. **Angelic Witness to the King of Glory** Ralph Ebotmanyinaw, 2022-06-30 ANGELIC WITNESS TO THE KING OF GLORY is about the role played by the angels of God in the Incarnation of the Lord Jesus Christ Part of the book is about the Lord's birth earthly ministry death burial and resurrection of the Lord The emphasis in Part I is the deity of Christ The book is mainly about angels Who they are and What they do It speaks of the origin of angels and their Creator who is Jesus Christ It gives you the hierarchies of angels types angelic hosts etc It seeks to bring clarity to the misrepresentations given by the movie industry concerning these amazing creatures Angels are not female they are genderless but they are spiritual beings far superior to the human being and they are the most powerful beings in the universe They travel at the speed of thought The book discusses the power of angels and their role as messengers of God They traveled with their Lord which they did wherever He goes They were with Him the whole time He walked the earth they heard the speeches He made and they knew the grave could not hold Him so they were the first at the scene of the Resurrection Angels were the ones who pulled the disciples from the clutches of the powers of darkness as the persecutors tried to snap the life out of the church even in its infancy and they made sure the church went viral A must read is the fall of Satan as the author poses a provocative question and answers Could Satan create his own universe The book shows that as powerful as the devil is against humans the gap between him and the Almighty is too wide and impossible to fill Jesus Christ is the same God as the Father and the Holy Spirit

**Pillars in the History of Biblical Interpretation, Volume 3** Stanley E. Porter, Zachary K. Dawson, 2021-06-07 This third volume like its predecessors adds to the growing body of literature concerned with the history of biblical interpretation With eighteen essays on nineteen biblical interpreters volume 3 expands the scope of scholars both traditional and modern covered in this now multivolume series Each chapter provides a biographical sketch of its respective scholar's an overview of their major contributions to the field explanations of their theoretical and methodological approaches to interpretation and evaluations and applications of their methods By focusing on the contexts in which these scholars lived and worked these essays show what defining features qualify these scholars as pillars in the history of biblical interpretation While identifying a scholar as a pillar is somewhat subjective this volume defines a pillar as one who has made a distinctive contribution by using and exemplifying a clear method that has pushed the discipline forward at least within a

given context and time period This volume is ideal for any class on the history of biblical interpretation and for those who want a greater understanding of how the field of biblical studies has developed and how certain interpreters have played a formative role in that development      **The Practical Catechist** Jakob Nist, 1915
