Olga Beatriz Ricart Irrazabal, 2010-12-23 *God's banker* is a play written by the young writer Olga Ricart whose plot is based on a true story that was the biggest scandal that rocked the Holy See the case of the Ambrosiano bank Complot that interfered with members of the IOR of Freemasonry and the Italian bank which had as its main architect of Roberto Calvi known as the Banker of God in the years 1974 to 1982 What makes this novel special is the documents and how they worked to bring out the scam but the writer goes into the mood and psychology of the protagonists thereby trying to unravel the reasons beyond the ambition that led them to commit such fraud fraud in the Church without precedents moving higher flow of wealth such as the Catholic Church wealth that sometimes fails to really help people who are in extreme poverty or in nations recovering from a disaster *Inside the Vatican* Thomas J. Reese, 1998-02-19 Drawing on more than a hundred

interviews with Vatican officials this book affords a firsthand look at the people the politics and the organization behind the institution Throughout revealing and colorful anecdotes from church history and the present day bring the unique culture of the Vatican to life *Opus* Gareth Gore, 2024-10 A thrilling exposé recounting how members of Opus Dei a secretive ultra conservative Catholic sect pushed its radical agenda within the Church and around the globe using billions of dollars siphoned from one of the world's largest banks For over half a century Banco Popular was one of the most profitable banks in the world until one day in 2017 when the Spanish bank suddenly collapsed overnight When investigative journalist Gareth Gore was dispatched to report on the story he expected to find yet another case of unbridled capitalist ambition gone wrong Instead he uncovered decades of deception that hid one of the most brazen cases of corporate pillaging in history perpetrated by a group of men sworn to celibacy and self flagellation who had secretly controlled Popular and abused their positions there to help spread Opus Dei to every corner of the world Drawing on unparalleled access to bank records insider accounts and exclusive interviews with whistle blowers from within Opus Dei Gore reveals how money from the bank was

used to lure unsuspecting recruits some of them only children into a life of servitude He also tracks the ascent of Opus Dei within the United States exposing its role in bankrolling many right wing causes including the Supreme Court's overturning of Roe v Wade In an era of disinformation and deep fakes here is a real life conspiracy which hid in plain sight for more than sixty years Gore tells a shocking story of money and power that spans decades and continents Documenting Opus Dei's secret history for the first time this thrilling work of investigative storytelling raises important questions about the dark forces that shape our society

The Vatican Exposed Paul L. Williams, 2009-09-25 Over 50 billion dollars in securities Gold reserves that exceed those of industrialized nations Real estate holdings that equal the total area of many countries Opulent palaces containing the world's greatest art treasures These are some of the riches of the Roman Catholic Church Yet in 1929 the Vatican was destitute Pope Pius XI living in a damaged leaky pigeon infested Lateran Palace could hear rats scurrying through the walls and he worried about how he would pay for even basic repairs to unclog the overburdened sewer lines and update the antiquated heating system How did the Church manage in less than seventy five years such an incredible reversal of fortune The story here told by Church historian Paul L Williams is intriguing shocking and outrageous The turnaround began on February 11 1929 with the signing of the Lateran Treaty between the Vatican and fascist leader Benito Mussolini Through this deal Mussolini gained the support of the staunchly Catholic Italian populace who at the time followed the lead of the Church In return the Church received among other benefits a payment of 90 million sovereign status for the Vatican tax free property rights and guaranteed salaries for all priests throughout the country from the Italian government With the stroke of a pen the pope had solved the Vatican's budgetary woes practically overnight yet he also put a great religious institution in league with some of the darkest forces of the 20th century Based on his years of experience as a consultant for the FBI Williams produces explosive and never before published evidence of the Church's morally questionable financial dealings with sinister organizations over seven decades through today He examines the means by which the Vatican accrued enormous wealth during the Great Depression by investing in Mussolini's government the connection between Nazi gold and the Vatican Bank the vast range of Church holdings in the postwar boom period Paul VI's appointment of Mafia chieftain Michele Sindona as the Vatican banker a billion dollar counterfeit stock fraud uncovered by Interpol and the FBI the Ambrosiano Affair called the greatest financial scandal of the 20th Century by the New York Times the mysterious death of John Paul I profits from an international drug ring operating out of Gdansk Poland and revelations about current dealings For both Catholics and non Catholics this troubling expose of corruption in one of the most revered religious institutions in the world will serve as an urgent call for reform

The Masonic Magician Phillipa Faulks, Robert Cooper, 2016-02-09 Miracle worker or man of straw Count Alessandro Cagliostro was a cult figure of European society in the tumultuous years leading to the French Revolution An alchemist healer and Freemason he inspired both wild devotion and savage ridicule as well as novels by Alexandre Dumas a drama by Goethe and Mozart's opera The Magic Flute Count Alessandro Cagliostro's sincere

belief in the magical powers including immortality conferred by his Egyptian Rite of Freemasonry won him fame but made him dangerous enemies too His celebrated travels through the Middle East and the capitals of Europe ended abruptly in Rome in 1789 where he was arrested by the Inquisition and condemned to death for heresy The Masonic Magician tells Cagliostro's extraordinary story complete with the first English translation of his Egyptian Rite of Freemasonry ever published The authors examine the case made against him that he was an impostor as well as a heretic and find that the Roman Church and history itself have done him a terrible injustice This engaging account drawing on remarkable new documentary evidence shows that the man condemned was a genuine visionary and true champion of Freemasonry His teachings have much to reveal to us today not just of the secrets of the movement but of the mysterious hostility it continues to attract

The Case of the Pope Geoffrey Robertson KC, 2010-09-08 THE CASE OF THE POPE delivers a devastating indictment of the way the Vatican has run a secret legal system that shields paedophile priests from criminal trial around the world Is the Pope morally or legally responsible for the negligence that has allowed so many terrible crimes to go unpunished Should he and his seat of power the Holy See continue to enjoy an immunity that places them above the law Geoffrey Robertson QC a distinguished human rights lawyer and judge evinces a deep respect for the good works of Catholics and their church But he argues unless Pope Benedict XVI can divest himself of the beguilements of statehood and devotion to obsolescent canon law the Vatican will remain a serious enemy to the advance of human rights
