## **Gods Girls Ordination Of Women In The Early Christian And Gnostic Churches:**

**God's Girls** Arthur Frederick Ide,1986      **Women Officeholders in Early Christianity** Ute E. Eisen,2000 Here Ute E Eisen provides a scholarly investigation of the evidence that women held offices of authority in the first centuries of Christianity Topics include apostles prophets theological teachers presbyters enrolled widows deacons bishops and oikonomaes The book concludes with a chapter on source oriented perspectives for a history of Christian women in official positions      **Gender and Ministry in Early Christianity and the Church Today** Adolphus Chinedu Amadi-Azuogu,2007-04-26 In certain Christian religions especially Roman Catholicism there is an undeniable link between the male gender and the exercise of particular ministry roles The Catholic Church has reserved ordination to the priesthood for men only thereby making the female gender incompatible with priesthood The Anglican Church on the other hand creates equal access for both genders by eradicating this line of separation Here we see two churches two biblical interpretations and two approaches to ministry In the light of this apparent contradiction Gender and Ministry in Early Christianity and the Church Today examines to what degree Paul and the early church accepted the ministry of women Ultimately the book argues that the presentation of the Christian God as interested in gender and ministry is a standard case of anthropomorphism The overwhelming pieces of evidence examined in this work do not support any sexist approach to ministry rather the book concludes that women should not be excluded from any aspect of the ministry of the Christian church      Nag Hammadi Bibliography 1970-1994 David Scholer,2020-10-26 This is a sequel to the immensely useful Nag Hammadi Bibliography 1948 1969 which was the first volume to appear in the Nag Hammadi Studies series The volume provides a complete integration of Supplements I XXIV to the Bibliography as published in Novum Testamentum 1971 1997 with additions and corrections In total the update contains over 6092 entries Nag Hammadi and Gnostic studies continue to be of critical importance for the study of ancient religions in the Graeco Roman world and for the study of the world of early Christianity and the present bibliography provides an indispensable reference tool for work in these fields      *The SAGE Handbook of the Sociology of Religion* James A Beckford,Jay Demerath,2007-10-29 In their introduction to this Handbook the editors affirm Many sociologists have come to realise that it makes no sense now to omit religion from the repertoire of social scientific explanations of social life I wholeheartedly agree I also suggest that this wide ranging set of essays should become a starting point for such enquiries Each chapter is clear comprehensive and well structured making the Handbook a real asset for all those engaged in the field Grace Davie University of Exeter Serious social scientists who care about making sense of the world can no longer ignore the fact that religious beliefs and practices are an important part of this world This Handbook is a valuable resource for specialists and amateurs alike The editors have done an exceptionally fine job of incorporating topics that illuminate the range and diversity of religion and its continuing significance throughout the world Robert Wuthnow Princeton University At a time when religions are increasingly affecting and affected by life beyond the

narrowly sacred sphere religion everywhere seems to be caught up in change and conflict In the midst of this contention and confusion the sociology of religion provides a rich source of understanding and explanation This Handbook presents an unprecedentedly comprehensive assessment of the field both where it has been and where it is headed Like its many distinguished contributors its topics and their coverage are truly global in their reach The Handbook s 35 chapters are organized into eight sections basic theories and debates methods of studying religion social forms and experiences of religion issues of power and control in religious organizations religion and politics individual religious behaviour in social context religion self identity and the life course and case studies of China Eastern Europe Israel Japan and Mexico Each chapter establishes benchmarks for the state of sociological thinking about religion in the 21st century and provides a rich bibliography for pursuing its subject further Overall the Handbook stretches the field conceptually methodologically comparatively and historically An indispensable source of guidance and insight for both students and scholars Choice Outstanding Academic Title 2009     Healing a Catholic Girlhood Ann Varchetto Dornblazer,1997     *Martyrdom of Women* Arthur Frederick Ide,1998     **The Ordination of Women** Paul Jewett,2012-03-01 Upon its publication in 1975 Man As Male and Female a study of Scripture in which Paul Jewett argues that man and woman are properly related only when they accept each other as equals received much critical acclaim Now in The Ordination of Women Jewett argues that on the basis of the Christian ideal of the partnership of the sexes women ought to share fully with men the privileges and responsibilities of church ministry     **New Testament Abstracts** ,1986     **Marriage, Divorce, Remarriage, Woman & the Bible** Arthur Frederick Ide,1995     **Daughters of Time** Mary Kinnear,1982 A history of women in the Western world     **Women and Religion** Shelley Davis Finson,1991 Dentro de las investigaciones feministas existe un interes creciente por la historia de la iglesia su liderazgo y su futuro El feminismo cristiano ha generado la necesidad de unos recursos documentales y bibliograficos que este volumen pretende cubrir Esta bibliografia esta organizada en 11 capitulos un apendice y un indice de autores Los capitulos llevan los siguientes epigrafes 1 Biblia 2 Historia 3 Judaismo 4 Lenguaje el genero de dios 5 Mariologia 6 Orden sacerdoatal 7 Vida pastoral 8 Religion y la iglesia 9 Espiritualidad 10 Teologia y 11 Culto El apendice incluye otras bibliografias existentes sobre el tema     Donna e sacerdozio Alberto Piola,2006-01-01 Nella discussione sull ordinazione delle donne oggi particolarmente viva in alcuni settori della Chiesa cattolica sembrano mancare non tanto le ali che chiedono un cambiamento e un diverso modello di ministero ordinato aperto anche alle donne     Depicting the Dead Stine Birk,2013 Explores how to read Roman sarcophagi starting from those adorned with portraits and placing them within a social context investigates gender values and childhood as reflected in the visual language of sarcophagus reliefs and shows how standardised iconography could be used to construct personal and social memory     **Elenchus of Biblica** ,1986     **Abortion Handbook** Arthur Frederick Ide,1986     **La Madonna di Novoli- Tomo I Sulla Chiesa della Mater Domini** Salvatore Epifani,2013-08-12 L opera si struttura in due tomi Nel primo partendo dall esame della pi antica festa

documentata in Novoli Lecce cio la festa della Mater Domini o della Cutura l autore tratta delle possibili tracce di religiosit gnostica che si riscontrano in un frammento di affresco custodito nella chiesa dell Immacolata del paese salentino Il secondo tomo tutto incentrato sul presunto miracolo avvenuto nel 1707      **Déu és Amor Tangible** Guillem Guarro i

Bars,2012-12-21      **The Heroine's Journey** Maureen Murdock,2020-08-18 The Heroine s Journey describes contemporary woman s search for wholeness in a society where she has been defined according to masculine values Drawing on cultural myths and fairy tales ancient symbols and goddesses and the dreams of contemporary women Murdock illustrates the need for and the reality of feminine values in Western culture This special anniversary edition with a new foreword by Christine Downing and preface by the author illuminates that this need is just as relevant today as it was when the book was originally published thirty years ago      **Her Story** Barbara J. MacHaffie,2006 The Bible has been written translated and interpreted for centuries by men in cultures that were patriarchal In patriarchy women are subordinated within the gradations of a hierarchical society Material on women therefore has often been misinterpreted or overlooked In some instances generic nouns and pronouns in the original languages have been translated into English as masculine words A careful textual study must be made using all the available tools of biblical scholarship An accurate understanding of the meaning of words must be sought Also readers must try to discern the intentions of the author and try to gain a knowledge of the historical and social background of the biblical material The demands of God must be distinguished from the demands of a particular culture The bible as a whole makes it clear that God s people are to bring justice and wholeness to all human beings the injunctions that degrade women do not provide principles valid for every age of Christianity but instead reflect cultural situations in which men related to women through dominance The standard for the Christian community today should be the glimmers of female dignity and leadership that shine through the pages of the Bible
