Gods Judgment Of America:

God's Judgment on America Tim Pyron,2007-05 A must read for all believers who want to stop the imminent demise of this Country of ours A warning from God that if ignored will bring this about *God's Judgments* Steven J. Keillor,2007-01-11 What do God s judgments have to do with history Using historical events Steven J Keillor pursues the thesis that divine judgment can be a fruitful category for historical investigation and that Christianity is an interpretation of history more than a worldview or philosophy *America, Isaiah Is Warning* John W. Morgan,2014-03 New revelation of astonishing magnitude that you need now America s destiny has passed the point of no return and is on a collision course with God s judgment God declared AMERICA S judgment 2 500 years ago long before nationhood Isaiah s prophecy remained hidden in misunderstanding until now In these pages his message is clearly spoken for the people to whom it was originally addressed the generation of AMERICANS alive today A repeated meddling national policy NOT society s debauchery moral decay or abortion brings upon the USA God s solemn judgment Consecutive escalating warnings were ignored by leaders Never connecting them to their cause The sentence has been declared Execution follows a judgment of terror and death Only a remnant survives in the end certain Christians are missing Prepare yourself God told Isaiah of the event and showed him a chilling vision of the rest You will learn America s egregious error The 21 years of warnings US leaders repeatedly ignored Specific details of the timing Graphic horror of the aftermath God s secret escape plan Identity of those who go into the millennium Jaw dropping revelations race through these pages like a raging wildfire This astonishing account of America s very near future is packed with crucial events that impact everyone alive God has the world watching the event live The EVENT is a sea change for the WORLD A MUST READ for everyone A message so impactful you will reread it Time is of the essence **God's Last Call to America** Grace Mwiruki,2016-05-03 HOW PRAYER CAN SAVE OUR NATION Mass murders Moral decay Terrorism All you have to do is watch the news to know that we need the Lord s intervention now more than ever Scripture states that the effective fervent prayer of a righteous man avails much James 5 16 and author Grace Mwiruki not only knows that verse she lives it A powerhouse intercessor Grace has seen God move mightily in her native Tanzania and here at home In God s Last Call To America you will learn how to pray effectively according to God s will as found in His Word You ll also discover Why our prayers may be hindered How the early Church experienced God s miracles and how present day Christians can regain that power Why we should continue to pray for America despite spiritual warfare and opposition What we can learn from the Israelites disobedience to God and more This essential guide to prayer challenges Christians to pray effectively so God can not only heal our land but He can heal us too [America's Four Gods](#) Paul Froese,Christopher Bader,2010-10-07 Despite all the hype surrounding the New Atheism the United States remains one of the most religious nations on Earth In fact 95% of Americans believe in God a level of agreement rarely seen in American life The greatest divisions in America are not between atheists and believers or even between people of different faiths What

divides us this groundbreaking book shows is how we conceive of God and the role He plays in our daily lives America's Four Gods draws on the most wide ranging comprehensive and illuminating survey of American's religious beliefs ever conducted to offer a systematic exploration of how Americans view God Paul Froese and Christopher Bader argue that many of America's most intractable social and political divisions emerge from religious convictions that are deeply held but rarely openly discussed Drawing upon original survey data from thousands of Americans and a wealth of in depth interviews from all parts of the country Froese and Bader trace America's cultural and political diversity to its ultimate source differing opinions about God They show that regardless of our religious tradition or lack thereof Americans worship four distinct types of God The Authoritative God who is both engaged in the world and judgmental The Benevolent God who loves and helps us in spite of our failings The Critical God who catalogs our sins but does not punish them at least not in this life and The Distant God who stands apart from the world He created The authors show that these four conceptions of God form the basis of our worldviews and are among the most powerful predictors of how we feel about the most contentious issues in American life Accessible insightful and filled with the voices of ordinary Americans discussing their most personal religious beliefs America's Four Gods provides an invaluable portrait of how we view God and therefore how we view virtually everything else

Survival and Resistance in Evangelical America Crawford Gribben, 2021-02-23 Over the last thirty years conservative evangelicals have been moving to the Northwest of the United States where they hope to resist the impact of secular modernity and to survive the breakdown of society that they anticipate These believers have often given up on the politics of the Christian Right adopting strategies of hibernation while developing the communities and institutions from which a new America might one day emerge Their activity coincides with the promotion by prominent survivalist authors of a program of migration to the American Redoubt a region encompassing Idaho Montana parts of eastern Washington and Oregon and Wyoming as a haven in which to endure hostile social change or natural disaster and in which to build a new social order These migration movements have independent origins but they overlap in their influences and aspirations working in tandem to offer a vision of the present in which Christian values must be defended as American society is rebuilt according to biblical law This book examines the origins evolution and cultural reach of this little noted migration and considers what it might tell us about the future of American evangelicalism Drawing on Calvinist theology the social theory of Christian Reconstruction and libertarian politics these believers are projecting significant soft power Their books are promoted by leading mainstream publishers and listed as New York Times bestsellers Their strategy is gaining momentum making an impact in local political and economic life while being repackaged for a wider audience in publications by a broader coalition of conservative commentators and in American mass culture This survivalist evangelical subculture recognizes that they have lost the culture war but another kind of conflict is beginning Christodemocracy and the Alternative Democratic Theory of America's Christian Right Gabriel S. Hudson, 2016-06-25 This book evaluates the democratic theory of America's Christian Right CR

The CR has been examined extensively in academic literature. However, most analyses focus on its origins, policy preferences, or successful mobilization. Hudson instead examines the normative assumptions about governance that inform CR activism. The CR has its own answers to the core questions asked in democratic theory, such as: What legitimizes power? and What is the proper relationship between the state and the individual? The author outlines ten normative assumptions of the CR and compares each to its counterpoint in liberal democratic theory. Much of what the CR believes about democracy comes from the same authors as modern and postmodern democratic theory, but differs in its interpretation and application. The book describes in detail the theory of CR and demonstrates how the CR operates from a different view of governance than is usually associated with the United States.

[God's Judgment Is Coming To America Unless...](#) Jeff Niederstadt, 2020-07-27. It appears that America is in trouble. Time is running out, and somebody needs to do something. Everyone knows it, and can see it all around them: the fighting, the hatred, the moral decline, the corruption, the financial ramifications, the emptiness. Unless something changes, America is going to go the way of the dinosaur. The same thing happened to the nation of Israel. They were prosperous and dominant, and there was no end to their influence, but then they began to turn away from God and ignored his commands and precepts. The nation of Israel has never been the same. America is in danger of the same thing happening to her, that is, of course, unless.

God of Love and God of Judgement Stephen K. Moroney, 2009-07-06. How can a God of love also be a God of judgment? If God loves everyone, what is the point of judgment? Does God change from being wrathful in the Old Testament to loving in the New Testament? Can we discern God's judgments in current events, such as hurricanes and personal tragedies? Is it ever right for humans to judge? These are not just daunting issues for theologians to ponder. They are urgent questions for everyone. Our answers profoundly affect how we relate to God and how we live with one another. Coming to grips with these issues is vital for our spiritual journeys. Many people today emphasize God's love and downplay his judgment. The problem with this approach is that God's judgment is taught in Scripture from the beginning of Genesis to the end of Revelation, and it is a core part of the gospel preached by Jesus and his apostles. There are problems at the other end of the spectrum, too, when we believe in a God of judgment who is not also a God of love. It is impossible for us to find spiritual peace when we live in constant dread of God, pictured as a harsh judge whom we can never please. This book calls us to embrace a more full biblical image of God, one that joins his love and judgment together. Additionally, the book shows that as those who are made in God's image, we can fuse love and judgment together constructively in our own daily lives. To a world of smiley-faced bumper stickers assuring us that God is love, Stephen Moroney bravely asks: What do we do with the judgment, justice, and wrath of God, all occurring in rather impressive numbers throughout Scripture? His well-crafted and engaging answer is that we do a disservice to God as well as to ourselves when we try to have one, either a God of love or a God of judgment, without the other.

God, Caesar, and Idols: The Church and the Struggle for America's Soul
Rick D. Boyer, 2022-02-09 Once one nation under God America today is desperately sick And the Church seems to have no answers How can a nation so churched be so untouched by the Gospel Why has the Glory departed leaving a nation racked by political hatred drug addiction and shattered families God Caesar and Idols asks these questions and calls the Church to seek God's Word for answers Too many Christians no longer make political choices on the basis of eternal truth but instead make them on the basis of purely financial considerations It's time for the Church to break its addiction to humanistic government schooling and instead bring them up in the nurture and admonition of the Lord This book challenges the Church to reject cheap grace and the easy temptation to be tolerant of society's rebellion We must again honor the

authority of God's Word and embrace the life altering power available when we reject our cultural idols and proclaim the whole counsel of God without compromise Armed with careful scriptural exegesis and supported by the words of great Christians from church history God Caesar and Idols encourages the American Church to again contend for the faith in today's culture whatever the cost **America's Resurrection** Caleb MacDonald,2014 God has Begun to Judge America All your fears of what will soon occur are spelled out Americas Resurrection ties together everything you've been feeling and wondering concerning the immediate future of America God is sending His prophet with a message to America A lying senate wicked presidents greedy wealthy corporations modern day idolatry cheating businessmen corruption at all levels of government immorality being the order of the day selfishness liars deceivers murder theft in all areas hatred divorce worship of money a crumbling economy national debt drug abuse watered down churches abortions sexual perversion All this wickedness and more are the reasons God has begun to pour out His judgments upon America God has begun to send judgments of drought economic bankruptcy famine diseases riots roaming gangs burning cities death destruction violent wind storms super heated temperatures and much more But the prophesy doesn't end with disaster Americas Resurrection is a prophesy of hope and life This prophesy is to those who choose to survive the coming judgments God always sends a prophet with a plan of escape for those who do not partake of the gore of any nation How will God establish a new America
