Gods Kings And Tigers:

Gods, Kings, and Tigers Stuart Cary Welch, 1997 **The Art of Loving Krishna** Cynthia Packert, 2010-07-07 The vibrant tradition of Temple decoration in India Hindu Kingship and Polity in Precolonial India Norbert Peabody, 2003 A fascinating 2003 study of the precolonial kingdom of Kota through its historical documents *Events, Exhibitions, and Programs* National Endowment for the Humanities. Division of Public Programs, 1997-10 **The Rhinoceros of South Asia** Kees Rookmaaker, 2024-04-30 The rhinoceros is an iconic animal Three species once inhabited South Asia two of which disappeared over a century ago This survey aims to reconstruct the historical distribution of these large mammals resulting in new maps showing the extent of their occurrences Thousands of sources varied in time and nature are used to study the interactions between man and rhinoceros The text is supported by over 700 illustrations and 38 maps showing the importance of the rhinoceros in the scientific and cultural fabric of Asia and beyond **Portraiture in South Asia since the Mughals** Crispin Branfoot, 2018-06-30 One of the most remarkable artistic achievements of the Mughal Empire was the emergence in the early seventeenth century of portraits of identifiable individuals unprecedented in both South Asia and the Islamic world Appearing at a time of increasing contact between Europe and Asia portraits from the reigns of the great Mughal emperor patrons Akbar Jahangir and Shah Jahan are among the best known paintings produced in South Asia In the following centuries portraiture became more widespread in the visual culture of South Asia especially in the rich and varied traditions of painting but also in sculpture and later prints and photography This collection seeks to understand the intended purpose of a range of portrait traditions in South Asia and how their style setting and representation may have advanced a range of aesthetic social and political functions The chapters range across a wide historical period exploring ideals of portraiture in Sanskrit and Persian literature the emergence and political symbolism of Mughal portraiture through to the paintings of the Rajput courts sculpture in Tamil temples and the transformation of portraiture in colonial north India and post independence Pakistan This specially commissioned collection of studies from a strong list of established scholars and rising stars makes a significant contribution to South Asian history art and visual culture *The Indian Princes and their States* Barbara N. Ramusack, 2004-01-08 Although the princes of India have been caricatured as oriental despots and British stooges Barbara Ramusack's study argues that the British did not create the princes On the contrary many were consummate politicians who exercised considerable degrees of autonomy until the disintegration of the princely states after independence Ramusack's synthesis has a broad temporal span tracing the evolution of the Indian kings from their pre colonial origins to their roles as clients in the British colonial system The book breaks ground in its integration of political and economic developments in the major princely states with the shifting relationships between the princes and the British It represents a major contribution both to British imperial history in its analysis of the theory and practice of indirect rule and to modern South Asian history as a portrait of the princes as politicians and patrons of the arts **Humanities** , 1998 **Gods, kings,**

and tigers ,1997 NEH Exhibitions Today National Endowment for the Humanities. Humanities Projects in Museums and Historical Organizations,1998 **Sultans of Deccan India, 1500-1700** Navina Najat Haidar,Marika Sardar,2015-04-13

The vast Deccan plateau of south central India stretches from the Arabian Sea to the Bay of Bengal In the sixteenth and seventeenth centuries the region was home to several major Muslim kingdoms and became a nexus of international trade most notably in diamonds and textiles through which the sultanates attained remarkable wealth The opulent art of the Deccan courts invigorated by cultural connections to the Middle East Africa and Europe developed an otherworldly character distinct from that of the contemporary Mughal north in painting a poetic lyricism and audacious use of color in the decorative arts lively creations of inlaid metalware and painted and dyed textiles and in architecture a somber grandeur still visible today in breathtaking monuments throughout the plateau The first book to fully explore the history and legacy of these kingdoms Sultans of Deccan India elucidates the predominant themes in Deccani art the region s diverse spiritual traditions its exchanges with the outside world and the powerful styles of expression that evolved under court patronage with fresh insights and new scholarship Alongside the discussion of the art lively engaging essays by some of the field s leading scholars offer perspectives on the cycles of victory and conquest as dynasties competed with one another vied with Vijayanagara a great empire to the south and finally succumbed to the Mughals from the north Featuring some 200 of the finest works from the Deccan sultanates as well as spectacular site photographs and informative maps this magnificently illustrated catalogue provides the most comprehensive examination of this world to date and constitutes a pioneering resource for specialists and general readers alike **Annual Report** National Endowment for the Arts, Reports for 1980 include also the Annual report of the National Council on the Arts Exhibitions Today National Endowment for the Humanities. Division of Public Programs,2000 **Heritage Conservation in Postcolonial India** Manish Chalana,Ashima Krishna,2020-12-29 Heritage Conservation in Postcolonial India seeks to position the conservation profession within historical theoretical and methodological frames to demonstrate how the field has evolved in the postcolonial decades and follow its various trajectories in research education advocacy and practice Split into four sections this book covers important themes of institutional and programmatic developments in the field of conservation critical and contemporary challenges facing the profession emerging trends in practice that seek to address contemporary challenges and sustainable solutions to conservation issues The cases featured within the book elucidate the evolution of the heritage conservation profession clarifying the role of key players at the central state and local level and considering intangible minority colonial modern and vernacular heritages among others This book also showcases unique strands of conservation practice in the postcolonial decades to demonstrate the range scope and multiple avenues of development in the last seven decades An ideal read for those interested in architecture planning historic preservation urban studies and South Asian studies Terrestrial Lessons Sumathi Ramaswamy,2017-10-03 Prologue Global itineraries Earth inscriptions In pursuit of a global thing As you live in the
