E.J. Michael Witzel

Gods Of Earth And Heaven:

Gods of Earth and Heaven Joel-Peter Witkin, 1989 Theological Dictionary of the New Testament Gerhard Kittel, Gerhard Friedrich, Geoffrey W. Bromiley, 1985-07-10 Geoffrey W Bromiley has abridged this monumental theological dictionary into a convenient one volume edition that is accessible to all readers **The Hung Society Or the Society of Heaven and Earth** John Sebastian Marlow Ward, William George Stirling, 1926 Powers of Blessing from the Wilderness and from Heaven C.W. Buijs, 2021-10-01 Women run screaming from their village at night leaving all their clothes behind possessed by spirits of the wilderness they climb up a barana tree It is but one of the fascinating rituals of the Toraja people described in this study The Toraja people live in the mountainous region of South Sulawesi Indonesia Their religion is an ancient one predating the Hindu and Buddhist religions that arrived in Indonesia some 1 500 years ago It is marked by a dualism in male and female elements a characteristic of rituals the older people in the western Toraja region Mamasa still remember Three rituals the headhunting fertility and tree climbing rites are dealt with in detail while in the marriage childbirth and mortuary rituals point to a shift in Toraja beliefs Where once both earth and celestial deities were expected to bless ritual participants the Toraja influenced by developments in their physical environment now devote their attention to the deities of the heavens while those of the earth are disappearing The Song of the Earth Jonathan Bate, 2000-09-18 In the first ecological reading of English literature Jonathan Bate traces the distinctions among nature culture and environment and shows how their meanings have changed since their appearance in the literature of the eighteenth century

Encyclopedia of Ancient Deities Charles Russell Coulter, Patricia Turner, 2013-07-04 The history of the divine is the history of human thought For as long as men and women have pondered the mysteries of their existence they have answered their own questions with stories of gods and goddesses Belief in these deities shaped whole civilizations yet today many of their names and images lie buried The Encyclopedia of Ancient Deities makes those names available to the general reader as well as the scholar This reference work lists all the known gods through recorded history Alphabetically arranged entries provide the name of each deity with alternate spellings as well as notes on names that may be linguistically or functionally related The tribe or culture that worshiped the deity is identified and the god s origins and functions are explained An extensive bibliography provides opportunities for further research and an exhaustive index provides access to the entries through virtually all names forms and kinds of deities *World Religions* Jeffrey Brodd, 2009 An illustrated introduction to the world s religions describing the origins and histories of Hinduism Buddhism Taoism Shinto Judaism Christianity Islam and others and also discussing seven elements common to religious traditions which includes experiential ethical ritual social and material Provides chapter review questions *The Works of Aurelius Augustine: The city of God* Saint Augustine (of Hippo), 1897 The Rig Veda Hervé Le Bévillon, 2025-03-15 The Rig Veda considered the oldest book in the world reveals through its metaphors a spiritual practice rooted in shamanism widespread in a vast region encompassing northwest India

Pakistan Iran Afghanistan and Turkmenistan Let's dive deeper into these age old teachings where each metaphor reveals a mystical wisdom imbued with the mysteries of the human soul At the heart of this spiritual epic is the fascinating story of the Pirus a confederation of Vedic peoples whose influence would extend significantly throughout India's history and spirituality Established between the sacred waters of the Ganges and the Indus these peoples flourished between 4 000 and 6 000 BC BC mainly along the majestic Sarasvati River The stories of the Rig Veda transport us to a time when the Pirus practiced sacred rituals engaging in sacrifices imbued with deep spirituality At the heart of these ceremonies an intoxicating drink made from an entheogenic plant weaved a sacred link between the material and the divine This mystical potion consumed during these rituals opened the doors to immortality allowing initiates to explore the celestial dimensions of existence Thus the Rig Veda becomes not only the guardian of the ancestral stories of the Pirus but also a window open to transcendence where the boundaries between the earthly and the celestial fade in the timeless quest of the human soul These ancient texts rich in metaphor and symbolism reveal the timeless beauty that resides in spiritual seeking a beauty that transcends time and continues to illuminate our understanding of the divine and immortality
