Gods First Truth:

The Perfectly Simple Triune God D. Stephen Long, 2016-08-01 A particularly nettlesome question is that around the relationship of the confession of God as a simple yet threefold being the treatises of the one God and the Trinity Although God as simple and Triune was widely accepted for over a millennium simplicity has been widely critiqued and rejected by modern theology The purported error is in conceiving God s unity prior to the Triune persons an error begun by Augustine and crystallized in Aquinas The Perfectly Simple Triune God challenges this critique and reading of Aquinas as a misunderstanding of his doctrine of God By refusing to begin theology with God s oneness who God is collapses into who God is for us a loss of the biblical and dramatic character of God for us D Stephen Long posits that the two treatises were never independent but inextricably related and entailing one another Long provides a constructive rereading of Thomas Aquinas tracing antecedents to Aquinas in the patristic tradition and readings of him through to the Reformers taking into account challenges to the classical tradition posed by modern and contemporary theology and philosophy to offer a robust articulation of divine Trinitarian agency for a contemporary age that adheres to broadly considered orthodox and ecumenical parameters

The Prophetic Church Andrew Meszaros, 2016-10-06 The Prophetic Church History and Doctrinal Development in John Henry Newman and Yves Congar is a historical and a systematic account of tradition doctrinal development and the theology of history with a particular focus on the contributions of two modern Catholic figures John Henry Newman 1801 1890 and Yves Congar 1904 1995 It is structured around two overarching themes the subject and history in their relationship to doctrinal development In addition the thought of both Congar and Newman is interwoven throughout Andrew Meszaros contextualizes and surveys Congar s reception of Newman He explains the appeal of Newman and provides concrete evidence that would substantiate the nature and extent of Newman s influence on Congar and thereby indirectly on Vatican II Meszaros also discusses doctrinal development with special attention to the subject and history These treatments are based on the subjective and historical motors or causes as it were of doctrinal development He then develops a theology of doctrine and doctrinal development as inspired by Newman and Congar In its reflection on the meaning of the Doctrinal Economy this study contributes to the theological problem of history and doctrine by synthesizing and honing contributions of these two great thinkers of modern Catholic theology It is precisely some of the key differences between Newman and Congar that make it theologically enriching to study them together

The Thought of Thomas Aquinas Brian Davies, 1992-01-30 Thomas Aquinas was one of the greatest Western philosophers and one of the greatest theologians of the Christian church In this book we at last have a modern comprehensive presentation of the total thought of Aquinas Books on Aquinas invariably deal with either his philosophy or his theology But Aquinas himself made no arbitrary division between his philosophical and his theological thought and this book allows readers to see him as a whole It introduces the full range of Aquinas thinking and it relates his thinking to writers both earlier and later than Aquinas himself

Sermons Translated from the Original French of the Late Rev. James Saurin ... Jacques Saurin, Robert Robinson, 1803 Methodism as it Should Be, Or, Opinion on the Constitution of a Christian Church in Accordance with the Divine Scriptures Elihu, 1857 *The Shocking Truths About Heaven, Hell and Your Birthright Blessing* Franklin T. Gibbs, 2011-12-15 This book reveals what you always wanted to know about the issues of life death and the afterlife Supported by Scriptures it reveals shocking truths about heaven hell and your birthright blessing There re four components to Gods birthright covenant blessing which are His 1 word blessing 2 peach blessing 3 wealth blessing and 4 eternal life blessing God set this inheritance aside for you before you were born There s enough abundance in your birthright blessing to

fulfill every need you have It entitles you to dwell in a land of utopia whereby your peace health friendships quality of life holiness and well being are absolutely perfect Speaking of the good life it doesn't get any better than this This book shows that 1 you have a personal calling on your life you're created for a purpose and 2 your racial group has a calling to fulfill You need to know your personal and racial callings for they are eternal Before you can appreciate what God has in store for you you need to know who you are the real you that God created you to be This book reveals the real you This book also confirms the reality and location of heaven and the materials saints new bodies will be made of It shows what saints do in Paradise now and forevermore You'll be delighted and pleasantly surprised to know your heavenly activities This book reveals 1 where Hades is located the temporary abode of sinners called the region of disembodied spirits 2 where the permanent place of torment is located called the eternal lake of fire and 3 the cursed materials sinners bodies will consist of In hell sinners bodies will burn to ashes and be recycled to burn all over again God's Scriptures confirm these truths **Being and God** Maurice R. Holloway, George Klubertanz, 2023-07-24 The subject of this book is metaphysics Aristotle called it first philosophy by this term he and St Thomas Aquinas mean the full philosophical treatment of being and its Cause of Being and God Metaphysics begins with the beings of experience Its preliminary concern is with the beings of direct experience not with concepts not with emotions or guesses no matter how noble not with some logical pre conditions of experience often dignified with the impressive term a priori conditions In the beings of experience and there only we find what being is and by an inductive analysis we come to know its intrinsic and extrinsic principles as well as its common attributes But metaphysics in its full sense is more than an immanent metaphysics as some recent philosophers would wish it to be the principles the metaphysician finds in the beings of experience lead him beyond experience **Getting Right with God** Joseph C. Way B.A. B.D. MDiv., 2020-09-04 For centuries numerous people have asked How do you get right and stay right with god Since a person's god is whatever they value love the most possible gods are limitless When asked from the Judeo Christian perspective the question is narrowed but the answers are extremely diverse Due to many identified factors the author believes incorrect answers have been too frequently offered starting soon after the death of Jesus and continuing to this day Due to God's nature and ours the author bases his answer exclusively on appropriate God like love as described and practiced by Jesus The ancient Hebrews recognized the original answer and Jesus repeated it when he insisted we love God above all else and then love our neighbor as our self Paul got it all wrong Jesus did not fill the empty spaces in Paul's Judaism Believe Jesus and act like it **Names of God and Other Bible Studies** Rose Publishing, 2008 Names of God and Other Bible Studies contains favorite Bible studies to use in small groups church groups and for individual study This full color book contains studies on the Names of God Names of Jesus Names of the Holy Spirit Trinity Ten Commandments Lord's Prayer Beatitudes Fruit of the Spirit and Armor of God 112 pages Includes color charts illustrations and photos throughout

SUMMA THEOLOGICA Thomas Aquinas, 2017-10-06 This ebook is the best known work of Thomas Aquinas c 1225 1274

Although unfinished the Summa is one of the classics of the history of philosophy and one of the most influential works of Western literature. It is intended as an instructional guide for moderate theologians and a compendium of all of the main theological teachings of the Catholic Church. It presents the reasoning for almost all points of Christian theology in the West. The Summa Theologica is divided into three parts and each of these three parts contains numerous subdivisions. Part 1 deals primarily with God and comprises discussions of 119 questions concerning the existence and nature of God, the Creation, angels, the work of the six days of Creation, the essence and nature of man, and divine government. Part 2 deals with man and includes discussions of 303 questions concerning the purpose of man, habits, types of law, vices and virtues, prudence and justice, fortitude and temperance, graces, and the religious versus the secular life. Part 3 deals with Christ and comprises discussions of 90 questions concerning the Incarnation, the Sacraments, and the Resurrection. Some editions of the Summa Theologica include a Supplement comprising discussions of an additional 99 questions concerning a wide variety of loosely related issues such as excommunication, indulgences, confession, marriage, purgatory, and the relations of the saints toward the damned. Scholars believe that Rainaldo da Piperno, a friend of Aquinas, probably gathered the material in this supplement from a work that Aquinas had completed before he began working on the Summa Theologica.

Timeless Truth's for Believers Kendall Albright, 2011-06-16

The Place of God in Piers Plowman and Medieval Art Mary Clemente Davlin, 2017-03-02

Probing spatial questions about God posed by Piers Plowman, the author of this interdisciplinary study turns to pictorial evidence: the use of religious space and relationships within such space in English art of the same period. The Place of God in Piers Plowman and Medieval Art is not only a study of the sense of God and of the relationship between God and creatures in the great religious poem, but also an analysis of art works of the high Middle Ages, especially English manuscript illuminations, in their placement of God. Such interdisciplinary analysis historicizes both literature and art, uncovering ways that medieval people imagined God and the understandings that they would have been able to bring to reading and viewing religious art.

Several Discourses Upon the Existence and Attributes of God Stephen Charnock, 1682

Summa Theologica, Volume 3 (Part II, Second Section) St Thomas Aquinas, 2013-01-01

The Summa Theologica is the best known work of Italian philosopher, scholar, and Dominican friar SAINT THOMAS AQUINAS (1225-1274), widely considered the Catholic Church's greatest theologian. Famously consulted immediately after the Bible on religious questions at the Council of Trent, Aquinas's masterpiece has been considered a summary of official Church philosophy ever since. Aquinas considers approximately 10,000 questions on Church doctrine, covering the roles and nature of God, man, and Jesus; then lays out objections to Church teachings and systematically confronts each using Biblical verses. Theologians and philosophers bolster his arguments. In Volume III, Aquinas addresses faith and heresy, charity, peace and war, mercy, anger, and justice, prayer, truth, and much more. This massive work of scholarship, spanning five volumes, addresses just about every possible

query or argument that any believer or atheist could have and remains essential more than seven hundred years after it was written for clergy religious historians and serious students of Catholic thought Jesus Christ Gods Shepherd, and the Man Gods Fellow, on Zach. 13.7. With his Ἀνανέωσις, or, the Two sticks made one, on Ezek. 37.19 William STRONG (Preacher at Westminster Abbey.),1658
