Making of Europe, 570-1215 David Levering Lewis,2009-01-12 From the two time Pulitzer Prize winning author God s Crucible brings to life a furiously complex age New York Times Book Review Resonating as profoundly today as when it was first published to widespread critical acclaim a decade ago God s Crucible is a bold portrait of Islamic Spain and the birth of modern Europe from one of our greatest historians David Levering Lewis s narrative filled with accounts of some of the most epic battles in world history reveals how cosmopolitan Muslim al Andalus flourished a beacon of cooperation and tolerance while proto Europe floundered in opposition to Islam making virtues out of hereditary aristocracy religious intolerance perpetual war and slavery This masterful history begins with the fall of the Persian and Roman empires followed by the rise of the prophet Muhammad and five centuries of engagement between the Muslim imperium and an emerging Europe Essential and urgent God s Crucible underscores the importance of these early world altering events whose influence remains as current as today s headlines Municipal Officials, Their Public, and the Negotiation of Justice in Medieval

Languedoc Patricia Turning,2012-09-28 In Municipal Officials Their Public and the Negotiation of Justice in Medieval Languedoc Turning examines the public s role in shaping municipal policies through demonstrations in the city streets or through their contact with local administrators in fourteenth century Toulouse The text explores police brutality town and gown rows explosive neighborhood disputes and communal demands for public punishments all of which were a way residents could engage and participate in their local judicial system The book contextualizes this interaction to the era after the French king conquered the city and began his efforts to integrate the region into the royal domain Turning argues that this process of assimilation was only complete after officials and the urban public tested and negotiated the transition in everyday life **The Cathars and the Albigenian Crusade** M. D. Costen,1997-11-15 A compelling introduction to the

war against the heretics of Languedoc launched in 1209 combined with a description of the political economic religious and social conditions of south western France in the twelfth and thirteenth centuries Michael Costen shows why the Cathar heresy came to flourish and how the campaign against it developed into a programme of conquest by which an alliance of church and state finally destroyed the heresy and united the region with the newly expanding French kingdom *Lemkin on*

Genocide Raphael Lemkin,2012-01-01 Providing an annotated commentary on two unpublished manuscripts written by

international law and genocide scholar Raphael Lemkin Steven L Jacobs offers a critical introduction to the father of genocide studies Lemkin coined the term genocide and was the motivating force behind the 1948 United Nations Convention on the Punishment and Prevention of the Crime of Genocide The materials collected here give readers further insight into this singularly courageous man and the issue which consumed him in the aftermath of the Second World War It is a welcome addition to the library of genocide and Holocaust Studies scholars and students alike

The Lost Teachings of the Cathars Andrew Phillip Smith, 2015-11-24 A deep dive into the history culture and legacy of the medieval Christian dualist movement Catharism as seen in popular novels by Dan Brown and Kate Mosse Centuries after the brutal slaughter of the Cathars by papally endorsed Northern French forces and their suppression by the Inquisition the medieval Cathars continue to exert a powerful influence on both popular culture and spiritual seekers Yet few people know anything of the beliefs of the Cathars beyond vague notions that they believed in reincarnation were vegetarians were somehow Gnostic and had some relation to Mary Magdalene The Lost Teachings of the Cathars explores the history of this Christian dualist movement between the twelfth and fourteenth centuries offering a sympathetic yet critical examination of its beliefs and practices In addition to investigating the Cathars origin their relationship to Gnosticism and their possible survival of the Inquisition author Andrew Philip Smith also addresses theories and figures from the Cathars recent past Eccentric esotericists initiated a neo Cathar revival in the Languedoc which inspired the philosopher Simone Weil The German Otto Rahn the real life Indiana Jones believed that the Cathars were protectors of the Holy Grail and received support from Heinrich Himmler Meanwhile English psychiatrist Arthur Guirdham became convinced that he and a circle of patients had all been Cathars in previous lives Tourists flock to the Languedoc to visit Cathar country Bestsellers such as Kate Mosse timeslip novel Labyrinth continue to fascinate readers But what did the Cathars really believe and practice

God's War Christopher Tyerman, 2007-10-04 Wonderfully written and characteristically brilliant Peter Frankopan author of The Silk Roads Elegant readable an impressive synthesis Not many historians could have done it Jonathan Sumption Spectator Tyerman's book is fascinating not just for what it has to tell us about the Crusades but for the mirror it holds up to today's religious extremism Tom Holland Spectator Thousands left their homelands in the Middle Ages to fight wars abroad But how did the Crusades actually happen From recruitment propaganda to raising money ships to siege engines medicine to the power of prayer this vivid surprising history shows holy war and medieval society in a new light

God of Battles Peter Partner, 1998 Peter Partner shows how the ideal of the crusade God's War came to permeate medieval Christendom and how it influenced later Western societies Above all this book examines the fear that Islamic fundamentalism excites in the west and warns against allowing crusading war propaganda to affect our judgment today 24 illustrations Maps

The Albigensian Crusade Jonathan Sumption, 1999 An extraordinary portrait of thirteenth century Languedoc as well as of the savage war fought within its borders over the future of Christianity In the twelfth century Languedoc in the far south was among the most beautiful parts of France far away from

the world of the feudal north However it was in this rich region that a heresy of Eastern origin took hold forcing the Catholic Church to confront a rival whose teachings questioned the foundations of Christian thought These heretics called Cathars held a profoundly pessimistic view of the world that was based on the duality of all things including good and evil according to one heretic The one the good God made the invisible world while the other the evil God made the visible one Jonathan Sumption s acclaimed history examines the roots of this heresy as well as of the crusade the Church undertook in 1208 to stamp out the infidels who ultimately were conquered by the Catholic armies But this book does more than simply describe this terrible war it reconstructs a lost world of great cultural richness one that saw the creation in Languedoc of the troubadour tradition as well as the magnificent castles at Cabaret and Carcassonne *St. Dominic* Donald Goergen,2016

A Most Holy War Mark Gregory Pegg, 2008-01-28 In January of 1208 a papal legate was murdered on the banks of the Rhone in southern France A furious Pope Innocent III accused heretics of the crime and called upon all Christians to exterminate heresy between the Garonne and Rhone rivers a vast region now known as Languedoc in a great crusade This most holy war the first in which Christians were promised salvation for killing other Christians lasted twenty bloody years it was a long savage battle for the soul of Christendom In A Most Holy War historian Mark Pegg has produced a swift moving gripping narrative of this horrific crusade drawing in part on thousands of testimonies collected by inquisitors in the years 1235 to 1245 These accounts of ordinary men and women remembering what it was like to live through such brutal times bring the story vividly to life Pegg argues that generations of historians and novelists have misunderstood the crusade they assumed it was a war against the Cathars the most famous heretics of the Middle Ages The Cathars Pegg reveals never existed He further shows how a millennial fervor about cleansing the world of heresy coupled with a fear that Christendom was being eaten away from within by heretics who looked no different than other Christians made the battles sieges and massacres of the crusade almost apocalyptic in their cruel intensity In responding to this fear with a holy genocidal war Innocent III fundamentally changed how Western civilization dealt with individuals accused of corrupting society This fundamental change Pegg argues led directly to the creation of the inquisition the rise of an anti-Semitism dedicated to the violent elimination of Jews and even the holy violence of the Reconquista in Spain and in the New World in the fifteenth century All derive their divinely sanctioned slaughter from the Albigensian Crusade Haunting and immersive A Most Holy War opens an important new perspective on a truly pivotal moment in world history a first and distant foreshadowing of the genocide and holy violence in the modern world **A Corrupt Tree: An Encyclopaedia of Crimes committed by the Church of Rome against Humanity and the Human Spirit** A.S., 2014-01-13 A Corrupt Tree is a unique extensively

researched four volume expos of the dark side of the Church of Rome It reveals that for nearly two thousand years the Church s fundamental characteristic has been its self serving abuse of religio corporate power A large proportion of this first volume provides a detailed catalogue of the multitude of unholy popes Included are those who were immature capricious corrupt lascivious fanatical senile truly mad megalomaniac tyrannical murderous and wholesale killers It confirms that for many many centuries the popes were corrupt cruel inhumane and despotic In an age of savagery they were the leaders in barbarity in the subsequent age of enlightenment they have persistently resisted the march of progress Additionally the popes were wholesale killers who made the principle of assassination a law of the Christian Church Accordingly the Church has shed more innocent blood than any other institution that has ever existed among mankind Here also are presented the cupidity corruption and sexual misconducts of lesser ecclesiastics including cardinals bishops priests monks and nuns Pope Honorius III for example described his priests as worse than beasts wallowing in their dung The Church s ruthless stranglehold on knowledge and learning is catalogued in detail Mathematics philosophy and science were repressed Selected applied theology ruled the world Everything was explained but nothing was understood The chapters on censorship reveal that even works of considerable literary or philosophical merit did not escape A large number of writings which eventually became classics of European culture were condemned and prohibited The Church also exhibited a vitriolic hatred of those who translated the Bible into the vernacular Many of these men were annihilated Holy books were burned in large numbers particularly the Jewish Talmud It is clearly demonstrated that the Church held back civilisation for over fifteen hundred years Century after century passed away and left the peasantry but little better than the cattle in the fields Finally the unholy behaviours of the numerous popes cardinals and lesser ecclesiastics are shown to establish unequivocally that the Church of Rome is neither holy nor apostolic The ultimate message of these volumes is that to become an exemplary institution and to play a truly humane role in the world s future the Catholic Church must change

Speaking of God in Thomas Aquinas and Meister Eckhart Anastasia Wendlinder, 2016-04-01

Medieval masters Thomas Aquinas and Meister Eckhart considered problems inherent to speaking of God exploring how religious language might compromise God s transcendence or God s immanence ultimately hindering believers in their journey of faith seeking understanding Going beyond ordinary readings of Aquinas and building a foundation for further insights into the works of both theologians this book draws out the implications of the thought of Eckhart and Aquinas for contemporary issues including ecumenical and inter religious dialogue liturgy and prayer and religious inclusivity Reading Aquinas and Eckhart in light of each other reveals the profound depth and orthodoxy of both of these scholars and provides a novel approach to many theological and practical religious issues
