God's Measurements Laurence Lieberman,1980 **Qualities of God's Servants** Lance Lambert,2018-12-05 Has the Lord called you to serve Him What kind of qualities do servants of God have How can we gain these qualities In *Qualities of God s Servants* Lance shares the answers to these questions and more shedding light on the way God prepares for those who serve Him *Divine Mysteries in the Enochic Tradition* Andrei A. Orlov,2023-07-24 The book represents an in depth investigation of acquisition cultivation and transmission of divine mysteries in Jewish apocalyptic and mystical accounts by focusing on the developments found in early Enochic writings These accounts deal both with revelations unveiled by God and angels to the patriarch Enoch and with illicit transmission of divine knowledge by the rogue group of the fallen angels known as the Watchers Orlov argues that the map of otherworldly knowledge revealed to Enoch inversely mirrors the map of illicit revelations given by the fallen Watchers to humankind The study suggests that one of the possible objectives for the parallelism is that by revealing to Enoch the same divine mysteries that were earlier transmitted by the Watchers God attempts to mitigate the corruption caused by the fallen angels illicit instructions This book will be of interest not only for scholars specializing in historical and religious areas but also for experts in the fields of anthropology philosophy sociology psychology and gender theory it discusses several aspects of early and late Jewish religious epistemologies that elucidate the ideological context for the construction and affirmation of social roles and identities in various Jewish milieus ...

Measurements and Standards in Religious Education Walter Scott Athearn,1924 **God's Mystery That Is Christ** Seok Lyun Chang Soppe,2014-04 At some point during our religious maturation we have to ask ourselves how much do we really know God What phase is our faith in And are we spiritually dead or alive This book was written for those on a quest to make a connection with God The purpose of this book is to support the readers relationship with Christ It is meant to be read along with The Holy Bible and not in place The objective is to stir our preconceptions about biblical truths so that we may be able to discern God s intent with the Spirit of Truth When people ready the Bible receptively they will find that it gives a feeling of transcendence This book is a great guide for the spiritually thirsty It is a must read for all those seeking the Truth The deep intentions within God s Word are revealed to those who eagerly search for it Rev B So Jin Church of True Life

Great Separations Cho Larson,2019-05-29 Life s first breath begins a journey filled with separations Every crossroad we come to requires that something be left behind This pathway reflects the invisible spiritual realm where separations began on day one of creation God s beneficial separations have continued throughout time and continue in our spiritual walk even today We are called to separate what is holy from what is common When we answer the call the difference between God given natural or common gifts and spiritual gifts becomes evident They are as different as a sunrise and sunset Both common talents and spiritual gifts are given by God for a good purpose and each does its best work when used as God planned The work of the Great Commission turns into a major obstacle course as nations reject Christian influence and become post

Christian cultures This mission is too great a task for the church to accomplish by common means This study guide powerfully portrays the Spirit of Jesus who manifests Himself in greater measure as Christians separate themselves from serving by human effort alone This vital work of the kingdom of heaven was given to us on the day Jesus ascended into heaven and is made possible by means of the anointing gifting and empowering work of the Spirit **Miracles, Signs, Symbols and Judgment God's Plan for the End Times** David G. Brown,2012-11-07 Through the unique format of this text David has given the answers to nearly six hundred questions that have plagued many regarding the book of Revelation The product of his work is a book that addresses these concerns and amplifies the need for one to have a personal relationship with God The following is just a sample If Babylon was destroyed by the Persians how can it be destroyed again How important are truth and justice today But what is justice when it comes to God and us Just what does it mean to fear God Exactly who are the beast and false prophet When one thinks of heaven what is the picture that comes to mind How many people can heaven hold If over 2 000 years have passed without Christs return what assurance is there that He will return Holy Scope! Dimensions of God Richard N. Rinker,2016-11-21 Holy Scope Dimensions of God by Richard N Rinker The ultimate God question Is God or Isn t God has a nagging quality about it unless you already have it answered in the scriptures to your satisfaction Some do Others don t Here is a fresh look at what s going on around us and if we work at it within us What s the role of faith in finding the answer It s more than believing **The Pew and the Pupil** Robinson P. D. Bennett,1914 *Revelation* Grant R. Osborne,2002-11 A well respected New Testament scholar provides a substantive yet accessible commentary on this difficult and intriguing book of the Bible The Time Is Near Ian Foley,2016-05-31 The Time Is Near the second and final volume of a paired set builds upon the foundations laid in the first volume to offer a comprehensive and systematic interpretation and explanation of the final book of the Bible Revelation The author Ian Foley summarizes the findings of the first volume before turning to an exploration of this often misunderstood biblical book This volume explains how two books of apocalyptic literature Daniel and Revelation have similar structures display similar styles of writing and offer seamlessly connecting content The benefit of this comparison comes in recognizing that the ambiguities and confusions of meaning that typically accompany readings of Revelation fade away The reader then receives a clear view of a complete prophetic picture of Gods plan for his world stretching from 605 BC to the end of this age and beyond In its thirty two parts The Time Is Near presents concise statements of position that begin with Daniel dwell on Jesus and Paul and then focus primarily on Revelation By offering this overall summary of a clear word of prophecy and by supporting it with immersion in the Bible and reflection on historical events The Time Is Near invites readers reflection and testing In a time in which the worldwide church faces great challenges The Time Is Near speaks clearly of refreshingly new insights that will help Christians to face those challenges and to resolve their uncertainties about the meaning of Revelation for this world and the next **Tools in the Toolbox: Life Lessons in God's Word** Deborah Johnson Harwood,2008-08 Who is God Who is

Sweet, C. Frances Sweet, Fritz Jaensch, 2024-01-03 Many of the seven billion people who live on the earth look to either science or religion as the ultimate source of authority in their lives But why must there be a conflict between the two Why can't science and religion support each other The Unity of Truth shows why and how it makes perfect sense for science and religion to be mutually supportive Beginning with the accepted truths of modern science and the beliefs of traditional Christianity authors Allen A. Sweet, C. Frances Sweet and Fritz Jaensch use their diverse expertise to deliver a deeper level of understanding of the ways in which science and religion can coexist Relying on a thorough knowledge of physics, theology and mathematics this study addresses the paradox of how God communicates with our material world without violating any of the laws of science Individual chapters discuss some of the most popular quandaries associated with combining science and religion In addition it considers the beginning and end of our universe the evolution of life and the meaning of human emotions from the scientific and theological perspectives thus pushing understanding to a higher plateau of wisdom Rational and devoid of rhetoric The Unity of Truth seeks to help resolve the ongoing battle between religion and science delivering a thoughtful narrative designed to open minds and hearts *Wording a Radiance* Daniel W. the square footage of an apartment from the length of a newborn baby to the number of miles between neighboring towns. Whether inches or miles, centimeters or kilometers, measures of distance stand at the very foundation of everything we do so much so that we take them for granted. Yet this has not always been the case. This book reaches back to medieval Italy to speak of a time when measurements were displayed in the open, showing how such a deceptively simple innovation triggered a chain of cultural transformations whose consequences are visible today on a global scale. Drawing from literary works and frescoes, architectural surveys and legal compilations, Emanuele Lugli offers a history of material practices widely overlooked by historians. He argues that the public display of measurements in Italy's newly formed city republics not only laid the foundation for now centuries-old practices of making but also helped to legitimize local governments and shore up church power, buttressing fantasies of exactitude and certainty that linger to this day. This ambitious, truly interdisciplinary book explains how measurements rather than being mere descriptors of the real themselves work as powerful molds of ideas affecting our notions of what we consider similar, accurate and truthful.

If God is in Control, Why Do I Have a Headache? Debbie Williams, 2011-09-01 A woman's spiritual struggles can have a profound impact on her health. It is through our bodies that we are tempted. It is also through our bodies that we serve God. Does God care about our physical struggles? This six-week interactive study examines the stories of biblical women to reveal that God cares deeply about our bodies and our health. Each week's lesson will combine a Bible story such as Esther, Hannah, or the woman with the issue of blood with a health issue such as stress, hormones, or depression to lead women to greater spiritual and physical health. This study emphasizes that what we eat and drink, how much sleep we get, and how we respond to stress affects our service to God. Each week includes studies for five days. This study is not intended to diagnose or treat any health condition; the reader may have. Rather, its purpose is to motivate the believer to realize how much God cares about our physical condition and its relation to our spiritual lives.
