**God's Plan of the Ages** Louis T. *God's Plan for the Ages, 2nd Edition* David Reagan, 2020-08-02 What is the destiny of planet earth What is going to be the fate of mankind We don't have to guess The Bible spells out God's plan for the ages in great detail through prophecies given thousands of years ago In this book Dr David Reagan presents a panoramic survey of the fundamentals of Bible prophecy with a focus on the prophecies that relate to the end times In the process he reveals God's plan for the redemption of mankind and the restoration of the creation The book is written in a down to earth easy to understand style Although all the chapters relate to the overall theme each chapter is designed to stand alone This makes it possible for you either to read the book straight through or to skip around reading only those chapters whose topics appeal to you

**God's Plan for the Ages** MR Trevor G Maddison,2014-12-31 God s Plan for the Ages is a book of reasoned theology of the Christian faith written largely without theological language exploring God s plan and purpose for the world and for the ages including the whole reason purpose and wisdom of the cross of Christ The apostle Paul speaks of treasures of wisdom and knowledge that can greatly enrich our spiritual life This explores the whole purpose of this world written from the heart of a mature Christian who was just compelled to share his riches with those with whom he shares a common destiny The book draws on all that this one has gathered over the years from theology experience life and revelation It also fully utilises our God given faculty of reason and logic which sometimes gets a bad press but is an integral part of who and what we are as a man or woman made in God s image The book comes in three distinct parts The first part is a reasoned and logical examination of ourselves and the God that made us in his own image It explores the very nature of God and his purpose in making man at all It then addresses the very difficult question often asked by all men of why God should create a world with such a potential for evil as we observe and it offers an explanation of how such a thing can be reconciled with the nature of a loving God God s ultimate objectives of it all are explored These answers may not resolve the detail of every circumstance but they are higher level answers that the author personally declares to have completely satisfied him and have become a solid foundation of faith that in everything we see in this world God knows exactly what he is doing and he has done it in a way that only infinite wisdom could have devised Central to this theme are the events of the cross of Christ Again the apostle Paul gives the game away as he points to the cross as the central event of this age and all the ages to come He explicitly tells us that understanding the cross is mature spiritual wisdom and he reveals his all consuming desire to go deeper into the truth of it as the very central quest of his life The book therefore seeks to get to the root of this obsession based on the premise that if we are not equally as obsessed with it then we are missing something important The second part of the book explores God in another way from revelation rather than from logic and reason God in himself is a manifold manifold being as can be seen in both the trinity of Father Son and Holy Spirit and in the seven fold spirit of God revealed in the book of Revelation This multi manifold revelation of God is explored creatively to reveal something of how all that man is in his complexities of life and relationships can also be seen in God in whose image he is made The final part of the book is more pragmatic as it relates all of this revelation and understanding to our experience on the ground as we grow in faith towards spiritual maturity In all of this the heavenly perspective of our experience is offered whilst it explores the realities of life on the ground Using many illustrations and stories of real events the author is often open and candid about himself and the challenges life can bring on both a natural and spiritual level The result is that the book is not milk but strong meat as the author intended designed with a view to pushing on those who have already reached a certain level of maturity to yet higher levels of understanding that

should profoundly enrich their spiritual life in this epic pre age to the ages of ages to come that God has planned for us beyond this world     **The Divine Plan of the Ages ...** Charles Taze Russell,1922     The Plan of the Ages Charles Taze Russell,1909     **God's Plan for the Ages** Evangel Bible correspondence school,Alfred Thompson Eade,F. H. Burke,1950\*

**It's about Time** John Palmatary,2002-06 Essential reading providing profound insights into the timing of God s prophetic events including an overview of every major age     **Prophecy and Revelation - God's Plan for the Ages** Kendall Brashears,2010-12 Prophecy and Revelation God s Plan for the Ages invites people to explore end times biblical prophecy and to open Revelation the last book of the Bible These sources reveal God s will for individuals and His whole world Kendall Brashears distills almost two decades of dedicated study and presents it with the skill of a seasoned educator His hard work has yielded an approachable guide to ancient and sometimes difficult texts featuring verse by verse explanations of key passages Through his prophetic research and years of teaching Brashears will explore the following What end time events are we seeing today and are we getting close to the end Will the Rapture of believers precede the Tribulation and if so how will it happen Will we know who the Antichrist is before the Rapture and what will he look like If there is a seven year Tribulation on earth what will it be like and who will go through it The answers to these questions and many more are discussed thoroughly in this study If you have wondered what God has planned for His world if you ask yourself whether distressing events signal the coming end of human history or if you want to grow in your knowledge of the details contained in the Bible s prophetic and apocalyptic passages then Prophecy and Revelation God s Plan for the Ages will serve you well as a tool for deepening your understanding You will emerge from your experience with a breadth of knowledge that provides guidance both for weathering the winds that blow through life and for clinging to the assurance of God s plan for care and comfort in uncertain times     **In the Fullness of Times: Discovering God's Plan for the Ages** Phillip G.

Richards,2023-08-06 God has chosen to reveal to humankind a glimpse into eternity past as well as revelation of what the future holds for all of humanity in His Word Yet the Bible is a mystery book to all too many In his latest book In the Fullness of Times Discovering God s Plan for the Ages Dr Richards will take you on a journey through the Old and New Testaments to gain a better understanding of God s great plan of redemption That plan began in eternity past long before the present world order and will extend into the eternity of the future Biblical subjects many deem too controversial to address will be explained giving clarity to sincere questions the Church has failed to answer Discovered within the pages of this book are topics such as Lucifer s rebellion and fall Who are the sons of God in Genesis 6 and who were the Nephilim giants Who was Nimrod and what was the Tower of Babel Jesus is the Seed of the woman who would crush the head of the serpent Gen 3 15 Why did God cut covenant with Abraham The Bible reveals three world orders The world that then was the world that now is and the world that will be 2 Pet 3 If you have struggled with understanding the Old Testament and how the events that happened in days gone by relate to the New Testament plan of redemption this book is for you Dr Richards answered the call
