## **Gods Revelation Of Himself:**

Here Is Our God Kathleen Nielson, D. A. Carson, 2014-05-31 I saw the Lord sitting upon a throne high and lifted up Isaiah 6 1 Scripture records a number of instances in which God visibly revealed himself to his people offering a glimpse of his stunning beauty and overwhelming glory These awe inspiring manifestations of God s presence known as theophanies give us wonderful insights into his character will and salvation In this collection of biblical expositions eight prominent Bible teachers explore key passages in which God displayed himself in a spectacular revelation From the giving of the law at Mt Sinai to Christ s glorious transfiguration the passages examined in this book challenge us to look afresh at our God that we might truly know love and serve him *Revelation* Gerald O'Collins, 2016 Since the late 1980s the theme of God s self revelation has been treated only briefly in Christian theology at times simply ignored and often confused with biblical inspiration *Revelation Towards a Christian Theology of God s Self Revelation* lays out its basic characteristics and begins by distinguishing between revelation in the primary sense a living encounter with God s self disclosure and in the secondary sense statements of faith derived from that encounter or propositional revelation It considers revelation as transforming and informing as being sacramental or mediated through words and deeds as communicated through an endless variety of means and mediators as related to but distinct from biblical inspiration and truth and as reaching those of other faiths or of no faith at all Gerald O Collins skilfully distinguishes between past or foundational revelation present or dependent revelation and future or eschatological revelation He expounds with ecumenical sensitivity the complex relationship between tradition and scripture O Collins moves into controversial areas by insisting that the divine self revelation takes place only when received by human faith and that outside revelation there is no salvation extra revelationem nulla salus This volume offers a coherent account of God s self revelation which can serve as a basis for all that follows in theology and for dialogue with those who follow other living faiths or none at all O Collins extends and enriches what he has proposed in earlier books and articles about the characteristics of God s self revelation **The Self-revelation of God** Samuel Harris, 1887 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it Amazon com

Andrews,2019-06-20 Concerning the destructive critics of the 20th century Pastor Andrews said It is painfully evident that the recent attempts to meet the long felt difficulties in the Old Testament historic and other by minimizing the knowledge of God possessed by Israel have tended rather to undermine the faith of Christians than to confirm it It is also more and more evident that the same uncertainty is beginning to be felt in regard to the truthfulness of the New Testament and especially of the historic Gospels Here we are told that as we find by critical inquiry much was attributed to Moses that was not his so much was attributed to Christ which He never did or taught It is the pious imagination of the second century that presents Him to us as He now appears When all errors are eliminated and we get down to exact history both Old and New Testaments will be reduced to much smaller dimensions and make less demands upon our faith and we may safely say also that increasing numbers will care less and less for them This is the case among academics and far too many pastorates and congregations Hopefully this book will help some to return to faith in the old book a faith lost around the world H D Williams M D Ph D Hidden and Revealed Dmytro Bintsarovskiy,2021-07-14 A major contribution to ecumenical reflection on the doctrine of God The past century has seen renewed interest in the doctrine of God While theological traditions disagree their shared commitment to Nicene orthodoxy provides a common language for thinking and speaking about God This dialogue has deepened our understanding of this shared way of thinking about God but little has been done across ecumenical lines to explore God's hiddenness in revelation In Hidden and Revealed Dmytro Bintsarovskiy explores the hiddenness and revelation of God in two separate theological streams Reformed and Orthodox Bintsarovskiy shows that an understanding of both traditions reflects a deep structure of shared language history and commitments while nevertheless reflecting real differences With Herman
