Lawrence,2024-09-28 Drawing from his thousands of pages of notes written while serving as chief of staff to Speaker of the House Nancy Pelosi John Lawrence has written a narrative documenting his insider perspective from 2005 to 2010 These momentous years included furious political and legislative battles over the wars in Afghanistan and Iraq the economic recession the 2008 presidential election the productive first two years of Barack Obama s presidency as well as many key legislative products such as the Troubled Assets Relief Program the Affordable Care Act and Wall Street reform Lawrence s unique observations provide an unparalleled look at the interpersonal relationships of major political leaders and institutions and give readers a first hand perspective of this significant period in political history Utilizing more than 9 000 pages of transcribed notes from hundreds of conversations between top congressional and administration officials readers can enter the room and experience the discussions of the key participants in real time Arc of Power provides a valuable account of the strategies machinations and challenges of congressional leaders as they gain exercise and lose power Utilizing the voices of the men and women involved in the often but not always partisan clashes this book examines the role of personalities factions parties and political institutions in the formulation of national policy on key issues Lawrence artfully demonstrates the challenges presented by intraparty factional disagreements when writing complex legislation and illustrates the institutional tensions between the House and Senate and Congress and the White House when the government is unified under one party or divided Lawrence offers valuable insights into the differing and often conflicting role played by the House and Senate given their design and composition and shows how even a House led by powerful individuals is frequently undercut by the Senate and how that weakness especially impacts the political power of minority populations *The Power of Divine Eros* A. H. Almaas,Karen Johnson,2013-09-17 Two innovative spiritual teachers show how to use desire and passion eros as a gateway to realizing our fullest potential What do desire and passion have to do with our spiritual journey According to A H Almaas and Karen Johnson they are an essential part of it Conventional wisdom cautions that desire and passion are opposed to the spiritual path that engaging in desire will take you more into the world into egoic life And for most people that is

exactly what happens We naturally tend to experience wanting in a self centered way The Power of Divine Eros challenges the view that the divine and the erotic are separate When we open to the energy aliveness spontaneity and zest of erotic love we will find it inseparable from the realm of the holy and sacred When this is understood desire and passion become a gateway to wholeness and to realizing our full potential Through guided exercises the authors reveal how our relationships become opportunities on the spiritual journey to express ourselves authentically to relate with openness and to discover dynamic inner realms with another person Through embodying the energy of eros each of us can learn to be fully real and alive in all of our interactions
