How Russian Literature Became Great Rolf Hellebust, 2024-01-15 *How Russian Literature Became Great* explores the cultural and political role of a modern national literature orchestrated in a Slavonic key but resonating far beyond Russia's borders Rolf Hellebust investigates a range of literary tendencies philosophies and theories from antiquity to the present Roman jurisprudence to German Romanticism French Enlightenment to Czech Structuralism Herder to Hobsbawm Samuel Johnson to Sainte Beuve and so on Besides the usual Russian suspects from Pushkin to Chekhov Hellebust includes European writers Byron and Shelley Goethe and Schiller Chateaubriand and Baudelaire Dante Mickiewicz and more As elsewhere writing in Russia advertises itself via a canon of literary monuments constituting an atemporal ideal order among themselves T S Eliot And yet this is a tradition that could only have been born at a specific moment in the golden nineteenth century age of historiography and nation building The Russian example reveals the contradictions between immutability and innovation universality and specificity at the heart of

modern conceptions of tradition from Sainte Beuve through Eliot and down to the present day The conditions of its era of formation the prominence of the crucial literary historical question of the writer s social function and the equation of literature with national identity make the Russian classical tradition the epitome of a unified cultural text with a complex narrative in which competing stories of progress and decline unfold through the symbolic biographical encounters of the authors who constitute its members How Russian Literature Became Great thus offers a new paradigm for understanding the paradoxes of modern tradition Lyceum ,1887
