Women in Sports Adrienne N. Milner, Jomills Henry Braddock II, 2017-07-28 Covering a breadth of topics surrounding the current state of women in sports, this two-volume collection taps current events, sociological and feminist theory, and recent research to contextualize women's experiences in sports within a patriarchal society and highlight areas for improvement. Women are continuing to break barriers in all aspects of sports, and a growing number of people are beginning to recognize sex disparities in sports as a social problem. Additionally, women's inclusion and exclusion in sports and their equitable and inequitable treatment on the playing field have large-scale social, legal, health, and economic consequences. *Women in Sports: Breaking Barriers, Facing Obstacles* comprehensively examines the state of women in sports by considering current events, controversies, and trends, as well as qualitative and quantitative research. The contributors to this volume take a sociological approach to discussing women in sports by questioning dominant assumptions surrounding notions of women's biological athletic inferiority and by examining other social constructs that affect women's experiences in sports, such as race and ethnicity, socioeconomic status, and sexual orientation. The book offers a complete and up-to-date account of women's experiences in sports through coverage of the history of women's participation in sports, with a focus on exceptional female athletes and of the increasing number of women who are competing in traditionally male sports such as football, baseball, and mixed martial arts. Readers will come away with a greater appreciation for the issues of equity that women face both within the world of sports and in society in general.

Ball in My Hands David K. Wiggins, 2025-03-27 When David K. Wiggins released his first anthology of previously published essays on race and sport in 1997, African American athletes were receiving more popular interest and scholarly attention. The growth of sport history as an academic discipline, combined with an increased interest in Black life and history, had led to the publication of numerous biographies of African American athletes, studies on Negro League Baseball, and one survey text on the Black athletic experience, to name a few. Almost thirty years later, Wiggins's second anthology is a comprehensive collection that examines the complex intersection of race, sport, and American culture, discussing the experiences, challenges, and victories of Black athletes throughout the twentieth century. Featuring eleven previously published essays, *Ball in My Hands: Black Athletes, Race, and American Culture* weaves storytelling and scholarly discussion together in its exploration of well-known figures like Olympic decathlon champion Milt Campbell, professional tennis icon Arthur Ashe, Olympic sprinter Vince Matthews, civil rights activist Harry Edwards, basketball legend Kobe Bryant, and more. In his final essay, Wiggins reflects on his experiences as a White scholar who has spent his forty-year academic career analyzing and writing about experiences of African Americans in sport and the interconnection among race, sport, and American culture. With an original introduction and a foreword from Damion L. Thomas, Museum Curator of Sports at the Smithsonian's National Museum of African American History and Culture, *Ball in My Hands*

is not simply a collection of biographies on individual athletes or write ups on athletic institutions rather it offers a wide ranging discussion of the history and meaning of African American sport that will engage not only scholars of African American history and sport history but educators sports enthusiasts and general readers alike **Ebony** ,1992-10 EBONY is the flagship magazine of Johnson Publishing Founded in 1945 by John H Johnson it still maintains the highest global circulation of any African American focused magazine
