Going Baboony:

Going Baboony! Martin Kratt, 1997-01-01 Looks at the daily habits of baboons through the notebooks of Chris and Martin Kratt including facts about different kinds of baboons and their relatives *The Baboon Who Went to the Moon* John Bush, 2009 Aust n AU Author One night when the moon shone full in the sky Baboon tried to jump there he jumped so high But the moon is as high as high can be Baboon soon realises that the moon is a lot further away than it seems Undaunted he remains steadfastly determined to get there His antics make hilarious reading and portray just how far determination can take you **My Life as a Belching Baboon with Bad Breath** Bill Myers, 2006-10-29 All of Wally s friends have cooler stuff than he does and even his prayers have turned into Dear God gimme gimme gimme until Dad drags him along on an aid project to Africa He meets a boy his age who shows him what really counts in life and the key to real happiness *The Blond Baboon* Janwillem van de Wetering, 2003-07-01 While in the neighborhood investigating a pet poisoner Grijpstra and de Gier of the Amsterdam police are called to the home of a wealthy middle aged woman the former lover of a man known only as The Baboon when her body turns up in her garden Yesu's Baboon Gerhard Venter, 2022-01-01 The judgment of Koyati a poor herdboys from a remote village in Tanzania is often clouded as if he were a crocodile lurking under muddy waters He would rather be quick and clear eyed like Rabbit He goes to the city and soon lands in prison A parole officer calls him a baboon Insulted to the core Koyati starts incorporating a baboon in his woodcarving On death row he discovers that he has world class talent Can his strange art save him Binnie the Baboon Anxiety and Stress Activity Book Karen Treisman, 2019-11-21 Binnie is an energetic baboon who bounces around the lush green mountains of Rwanda in East Africa But like many of us Binnie often feels worried and stressed and these worries can get in her way What if she gets lost in the jungle or her family gets sick What if no one likes her Sometimes she even worries about the fact she s worried and if she isn t worried well why not This activity book has been developed by expert child psychologist Dr Karen Treisman The first part of the book is a colourful illustrated therapeutic story about Binnie the Baboon with a focus on worry and anxiety This is followed by a wealth of creative activities and photocopiable worksheets for children to explore issues relating to anxiety worry fears and stress and how to find ways to understand and overcome them The final section of the book is full of advice and practical strategies for parents carers and professionals on how to help children aged 5 10 to start to understand why they experience feelings of anxiety and what they can do to help reduce and navigate it This resource is complemented by a host of bestselling publications and card sets all created by Dr Treisman search on Therapeutic Treasures Collection to discover them all This activity book is complemented by a standalone picture book of Binnie s story also available from Jessica Kingsley Publishers **Binnie the Baboon** ISBN 9781839970252 **In Quest of the Sacred Baboon** Hans Kummer, 2017-03-14 In a tale that begins at a zoo in Zurich and takes us across the deserts of Ethiopia to the Asir Mountains in Saudi Arabia Hans Kummer recreates the adventure and intellectual thrill of the early days of field research on primates

Just as Jane Goodall and Dian Fossey introduced readers to the fascinating lives of chimpanzees and gorillas Kummer brings us face to face with the Hamadryas baboon With their furry white mantles and gleaming red hindquarters the Hamadryas appear frequently in the art of the ancient Egyptians who may have interpreted the baboons early morning grooming rituals as sun worshipping rites Back then Hamadryas were thought to be incarnates of Thoth the god of wisdom today they are considered to have one of the most highly structured social systems among primates very close in some respects to that of humans In the 1960s Kummer after conflicts with nomadic warriors managed to track down these elusive baboons near the Danakil Desert and then followed them from dawn to dusk on their treks from one feeding place to another His scientific account of this period reads like a travel memoir as he describes his encounters with the Hamadryas and the people with whom they share the desert Winding his way through cliffs and stubble Kummer records the baboons social life from the development of pair relationships to the way an entire group decides where to march each day Much like the human nomads who cope with the harsh demands of the desert environment the Hamadryas maintain a society that is strict and patriarchal in its details but multilayered and flexible in its largest units We learn for example of the Hamadryas respect for possession that protects family structure and of the cohesion among family leaders that lessens the threat of battle At the same time clear cut personalities emerge from Kummer s account drawing us into the life stories and power struggles of individual baboons Whereas this rich detail holds many implications for natural scientists the colorful way it comes to life makes for a compelling book bound to entertain and educate all readers Originally published in 1995 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

The Baboon's Left Testicle (Part One of Two) Andrew Baker,Gary McArthur,2008-12-31 What is there against a Baboon s Left Testicle And before you all scream The right one of course I feel duty bound to inform you that in this case you would be mistaken for our baboon has suffered a most intimate and injurious injustice his right testicle has been wrenched from its furry pouch by a person or persons unknown in order to fulfil a long held prophesy and set afoot plans for world domination And herein lies the confusion in our tale does the offending scrotal raider have the right one for the job or is it the wrong one being the right one Set alongside this an unlikely group of misfits including some completely oblivious newly weds a 200 year old dead gay unidextrous pie maker and his curious short arsed lover by the name of Gerard O nad a murderous army of Welsh zombies and an all stitching all dancing counter army of equally murderous Pearly Kings and Queens and you have an almighty pile of baboon excrement but an equally almighty bloody good read [Biblical Hermeneutics in Context and the Struggle for Meaning](#) Aliou Cisse Niang,Andrew M. Mbuvi,Alice Yafeh-Deigh,Tinyiko Maluleke,Kenneth Ngwa,2024-10-24 The meaningful juxtaposition of academics experts with the day to day lives of nonacademics nonexperts has animated Gerald O West s work from the beginning Seeking to bridge this chasm West s approach of reading the Bible with the ordinary people typically marginalized communities became a core practice not only of his church work but of his scholarship West has been a strong proponent of taking seriously the ordinary reader as a viable and legitimate contributor to our understanding of biblical interpretation Not only does this undo the ivory tower elitism that tends to pervade academic halls of learning but it also reflects a form of scholarly humility that has been a mainstay of West s and should be perpetuated more broadly in biblical scholarship **Oko and the Dancing Baboon** George Lutterodt,2012-12 Oko and the Dancing Baboon tells of the wonderful bond between Oko and his intelligent dancing pet baboon Patapaa The two are painfully

separated when Oko's unscrupulous brother-in-law takes the baboon away on tour for money. Overworked and maltreated Patapaa is miraculously saved from death but is still in danger. How does Oko cope with the problems of settling in a new school and Patapaa's problems? How do the two friends eventually get to the attention of the head of state and become part of a children's cultural ambassador troupe to tour Europe?

Gender, African Philosophies, and Concepts Musa W. Dube, Telesia K. Musili, Sylvia Owusu-Ansah, 2024-03-29 This volume sets out to explore, propose, and generate feminist theories based on African indigenous philosophies and concepts. It investigates specific philosophical and ethical concepts that emerge from African indigenous religions and considers their potential for providing feminist imagination for social justice-oriented earth communities. The contributions examine African indigenous concepts such as Ubuntu, ancestorhood, trickster discourse, Mupo Akwaaba, Tukumbeng Eziko, storytelling, and Ngozi. They look to deconstruct oppressive social categories of gender, class, ethnicity, race, colonialism, heteronormativity, and anthropocentrism. The book will be of interest to scholars of religion, philosophy, gender studies, and African studies.

The Girl who Made Stars Wilhelm Heinrich Immanuel Bleek, Lucy Lloyd, 2001 These beautiful and timeless stories from the African Bush were gathered more than a century ago and have touched thousands of readers ever since. The South African-born author Sir Laurens van der Post revered them and helped to make them known throughout the world. For this special new edition, Gregory McNamee has adapted the original nineteenth-century English translations to create modern versions of the stories for readers without a prior knowledge of the Bushman ways of life. The stories in this book carry universal observations and truths and, with their historical and ethnographic roots in the African Bushman culture, they are fascinating and educational for readers and listeners of all ages. They bear powerful testimony to a desert people living at one with Nature.

The Hare Gets Married and Other Tales Victoria Mushaba Chimhutu, 2016-11-01 This book is inspired by folktales that my grandmother narrated to me when I was a child. Growing up in rural Zimbabwe, we would sit around the fire in our mud hut after dinner and listen to my grandmother's storytelling long into the night. This book is a collection of different folktales that happened a long time ago somewhere deep in the forests of Zimbabwe. The folktales sometimes feature some interaction between and among animals and sometimes a combination of animals and humans. The folktales are didactic in nature; thus, they often end up depicting important life lessons.
