

A sepia-toned photograph of a study desk. In the background, a vintage typewriter sits on the desk. In the foreground, an open book lies flat, with a pair of round-rimmed glasses resting on its right page. A quill pen is positioned near the bottom left of the book. To the right of the book, a small, ornate lamp with a glass chimney is visible. The background is dark and out of focus, suggesting a window or a distant light source. The overall mood is quiet and scholarly.

Hawthorne,2014-10-25 *Twice Told Tales* A Collection of Previously Anonymous Stories by Nathaniel Hawthorne *Twice Told Tales* is a short story collection in two volumes by Nathaniel Hawthorne The first was published in the spring of 1837 and the second in 1842 The stories had all been previously published in magazines and annuals hence the name Hawthorne was encouraged by friend Horatio Bridge to collect these previously anonymous stories Bridge offered 250 to cover the risk of the publication Many had been published in *The Token* edited by Samuel Griswold Goodrich When the works became popular Bridge revealed Hawthorne as the author in a review he published in the *Boston Post* The title *Twice Told Tales* was based on a line from William Shakespeare s *The Life and Death of King John* Act 3 scene 4 Life is as tedious as a twice told tale Vexing the dull ear of a drowsy man The book was published by the American Stationers Company on March 6 1837 its cover price was one dollar Hawthorne had help in promoting the book from Elizabeth Peabody She sent copies of the collection to William Wordsworth as well as to Horace Mann hoping that Mann could get Hawthorne a job writing stories for schoolchildren After publication Hawthorne asked a friend to check with the local bookstore to see how it was selling After noting the initial expenses for publishing had not been met he complained Surely the book was puffed enough to meet with sale What the devil s the matter By June between 600 and 700 copies were sold but sales were soon halted by the Panic of 1837 and the publisher went out of business within a year On October 11 1841 Hawthorne signed a contract with publisher James Munroe to issue a new two volume edition of *Twice Told Tales* with 21 more works than the previous edition 1000

copies were published in December of that year with a cover price 2 25 Hawthorne was paid 10 percent per copy Hawthorne complained that he still struggled financially Editor John L O Sullivan suggested Hawthorne buy back unsold copies of Twice Told Tales so that they could be reissued through a different publisher At the time of this suggestion 1844 there were 600 unsold copies of the book Hawthorne lamented I wish Heaven would make me rich enough to buy the copies for the purpose of burning them After the success of The Scarlet Letter in 1850 Twice Told Tales was reissued with the help of publisher James Thomas Fields In a new preface Hawthorne wrote that the stories may be understood and felt by anybody who will give himself the trouble to read it and will take up the book in a proper mood

The Scarlet Letter Nathaniel Hawthorne, 2012-10-13 The Scarlet Letter is an 1850 romantic work of fiction in a historical setting written by Nathaniel Hawthorne It is considered to be his magnum opus Set in 17th century Puritan Salem Massachusetts during the years 1642 to 1649 it tells the story of Hester Prynne who conceives a daughter through an adulterous affair and struggles to create a new life of repentance and dignity Throughout the book Hawthorne explores themes of legalism sin and guilt Publication history It was long thought that Hawthorne originally planned The Scarlet Letter to be a shorter novelette which was part of a collection to be named Old Time Legends and that his publisher James Thomas Fields convinced him to expand the work to a full length novel This is not true Fields persuaded Hawthorne to publish The Scarlet Letter alone along with the earlier completed Custom House essay but he had nothing to

do with the length of the story Hawthorne's wife Sophia later challenged Fields' claims a little inexact; he has made the absurd boast that he was the sole cause of the *Scarlet Letter* being published. She noted that her husband's friend Edwin Percy Whipple, a critic, approached Fields to consider its publication. The manuscript was written at the Peter Edgerley House in Salem, Massachusetts, still standing as a private residence at 14 Mall Street. It was the last Salem home where the Hawthorne family lived. The *Scarlet Letter* was published as a novel in the spring of 1850 by Ticknor & Fields, beginning Hawthorne's most lucrative period. When he delivered the final pages to Fields in February 1850, Hawthorne said that some portions of the book are powerfully written but doubted it would be popular. In fact, the book was an instant best seller; though over fourteen years it brought its author only \$1,500. Its initial publication brought wide protest from natives of Salem who did not approve of how Hawthorne had depicted them in his introduction. The Custom House. A 2,500-copy second edition of *The Scarlet Letter* included a preface by Hawthorne dated March 30, 1850, that stated he had decided to reprint his introduction without the change of a word. The only remarkable features of the sketch are its frank and genuine good humor. As to enmity or ill feeling of any kind, personal or political, he utterly disclaims such motives. *The Scarlet Letter* was also one of the first mass-produced books in America. Into the mid-nineteenth century, bookbinders of home-grown literature typically hand-made their books and sold them in small quantities. The first mechanized printing of *The Scarlet Letter*, 2,500 volumes, sold out within ten days and was widely read and discussed to an extent not much experienced in the young country up until that time. Copies of the first edition are often sought by collectors as rare books and may fetch up to around \$18,000 USD. *The House of the Seven Gables* Nathaniel Hawthorne, 2014-01-31. In September of the year during the February of which Hawthorne had completed *The Scarlet Letter*, he began *The House of the Seven Gables*. Meanwhile, he had removed from Salem to Lenox in Berkshire County, Massachusetts, where he occupied with his family a small red wooden house still standing at the date of this edition near the Stockbridge Bowl. I shall not have the new story ready by November, he explained to his publisher on the 1st of October, for I am never good for anything in the literary way till after the first autumnal frost, which has somewhat such an effect on my imagination that it does on the foliage here about me, multiplying and brightening its hues. But by vigorous application, he was able to complete the new work about the middle of the January following. Since research has disclosed the manner in which the romance is interwoven with incidents from the history of the Hawthorne family, *The House of the Seven Gables* has acquired an interest apart from that by which it first appealed to the public. John Hathorne, as the name was then spelled, the great grandfather of Nathaniel Hawthorne, was a magistrate at Salem in the latter part of the seventeenth century and officiated at the famous trials for witchcraft held there. *The Historian's Scarlet Letter* Melissa McFarland Pennell, 2018-04-12. This annotated edition of *The Scarlet Letter* enhances student and reader comprehension of a standard work studied in literature classes, exploring names, places, objects, and allusions. *The Scarlet Letter* Nathaniel Hawthorne, 2010-10-01.
