Haydn Yearbook Vol X1x 1994

Richard Will

Haydn Yearbook Vol X1x 1994:

The String Quartets of Joseph Haydn Floyd Grave, Margaret Grave, 2006-03-09 Renowned music historians Floyd and Margaret Grave present a fresh perspective on a comprehensive survey of the works This thorough and unique analysis offers new insights into the creation of the quartets the wealth of musical customs and conventions on which they draw the scope of their innovations and their significance as reflections of Haydn s artistic personality Each set of quartets is characterized in terms of its particular mix of structural conventions and novelties stylistic allusions and its special points of connection with other opus groups in the series Throughout the book the authors draw attention to the boundless supply of compositional strategies by which Haydn appears to be continually rethinking reevaluating and refining the quartet s potentials They also lucidly describe Haydn s famous penchant for wit humor and compositional artifice illuminating the unexpected connections he draws between seemingly unrelated ideas his irony and his lightning bolts of surprise and thwarted expectation Approaching the quartets from a variety of vantage points the authors correct many prevailing assumptions about convention innovation and developing compositional technique in the music of Haydn and his contemporaries

Haydn and His World Elaine R. Sisman, 2012-01-16 Joseph Haydn s symphonies and string quartets are staples of the concert repertory yet many aspects of this founding genius of the Viennese Classical style are only beginning to be explored From local Kapellmeister to international icon Haydn achieved success by developing a musical language aimed at both the connoisseurs and amateurs of the emerging musical public In this volume the first collection of essays in English devoted to this composer a group of leading musicologists examines Haydn s works in relation to the aesthetic and cultural crosscurrents of his time Haydn and His World opens with an examination of the contexts of the composer s late oratorios James Webster connects the Creation with the sublime the eighteenth century term for artistic experience of overwhelming power and Leon Botstein explores the reception of Haydn s Seasons in terms of the changing views of programmatic music in the nineteenth century Essays on Haydn s instrumental music include Mary Hunter on London chamber music as models of private and public performance fortepianist Tom Beghin on rhetorical aspects of the Piano Sonata in D Major XVI 42 Mark Evan Bonds on the real meaning behind contemporary comparisons of symphonies to the Pindaric ode and Elaine R Sisman on Haydn s Shakespeare Haydn as Shakespeare and originality Finally Rebecca Green draws on primary sources to place one of Haydn s Goldoni operas at the center of the Eszterh za operatic culture of the 1770s The book also includes two extensive late eighteenth century discussions translated into English for the first time of music and musicians in Haydn s milieu as well as a fascinating reconstruction of the contents of Haydn s library which shows him fully conversant with the intellectual and artistic trends of the era

The Characteristic Symphony in the Age of Haydn and Beethoven Richard Will, 2002-08-15 Associated through descriptive texts with literature politics religion and other subjects characteristic symphonies offer an opportunity to study instrumental music as it engages important social and political debates of the eighteenth and early

nineteenth centuries This first full length study of the genre illuminates the relationship between symphonies and their aesthetic and social contexts by focussing on the musical representation of feeling human physical movement and the passage of time The works discussed include Beethoven s Pastoral and Eroica Symphonies Haydn s Seven Last Words of our Savior on the Cross Carl Ditters von Dittersdorf s symphonies on Ovid s Metamorphoses and orchestral battle reenactments of the Revolutionary and Napoleonic eras A separate chapter details the aesthetic context within which characteristic symphonies were conceived as well as their subsequent reception and a series of appendixes summarises bibliographic information for over 225 relevant examples The Haydn Yearbook Joseph Haydn,1997 Haydn Jahrbuch Herta Singer,1997 *Late Beethoven* Maynard Solomon,2003 Using Beethoven s letters diaries and conversation books this text traces his attraction to a constellation of heterogeneous ideas drawn from Romanticism Freemasonry comparative religion Eastern initiatory ritual Mediterranean mythology aesthetics and classical and contemporary thought **The ^AClarinet in the Classical Period** Albert R. Rice,2008-01-15 A comprehensive study of the clarinet in use through the classical period 1760 to 1830 a period of intensive musical experimentation The book provides a detailed review and analysis of construction design materials and makers of clarinets Rice also explores how clarinet construction and performance practice developed in tandem with the musical styles of the period **The Cambridge Companion to the Symphony** Julian Horton,2013-05-02 Few genres of the last 250 years have proved so crucial to the course of music history or so vital to public musical experience as the symphony This Companion offers an accessible guide to the historical analytical and interpretative issues surrounding this major genre of Western music discussing an extensive variety of works from the eighteenth century to the present day The book complements a detailed review of the symphony s history with focused analytical essays from leading scholars on the symphonic music of both mainstream composers including Haydn Mozart and Beethoven and lesser known figures including Carter Berio and Maxwell Davies With chapters on a comprehensive range of topics from the symphony s origins to the politics of its reception in the twentieth century this is an invaluable resource for anyone with an interest in the history analysis and performance of the symphonic repertoire **Keyboard Instruments in Eighteenth-century Vienna** C. R. F. Maunder,1998 Although eighteenth century Viennese keyboard music especially by such composers as Haydn Mozart and Beethoven is among the most popular ever written there has been surprisingly little serious research into the instruments for which it was composed Consequently myths and guesses abound while accurate and reliable information is hard to come by This book fills that gap Based on evidence from primary source material much of it previously undiscovered or neglected Maunder traces the history and development of the various keyboard instruments available in Vienna throughout the eighteenth century harpsichords clavichords and pianos and their use by composers and performers There are detailed descriptions of many surviving Viennese instruments several of which have only recently come to light contemporary newspaper advertisements for over 1200 keyboard instruments are reproduced in the original German as well as in English

translation and an alphabetical list of eighteenth century Viennese makers includes much newly discovered biographical information as well as some previously unknown names

Mozart, Haydn and Early Beethoven, 1781-1802 Daniel Heartz, 2009 A vivid portrait of Mozart and Haydn's greatest achievements and young Beethoven's works under their influence

Classical Form William E. Caplin, 2000-12-28 Building on ideas first advanced by Arnold Schoenberg and later developed by Erwin Ratz this book introduces a new theory of form for instrumental music in the classical style The theory provides a broad set of principles and a comprehensive methodology for the analysis of classical form from individual ideas phrases and themes to the large scale organization of complete movements It emphasizes the notion of formal function that is the specific role a given formal unit plays in the structural organization of a classical work

The Austrian Enlightenment and Its Aftermath Ritchie Robertson, Edward Timms, 1991

Haydn Howard Chandler Robbins Landon, David Wyn Jones, 1988 A survey of Haydn's life and of his musical genius and its impact on posterity offers detailed information with authoritative analytical commentary
