 sixty years of knowledge of Dartmoor Michael Caton leads you on a series of 28 walks based on paths and trackways over the
 moor Some of these walks are based on those led by the author for the Dartmoor Preservation Association Many of the walks
 have not been described in previous guidebooks or are not shown on the OS 1 25 000 map The walks are for those who wish
 to venture well into the open moor without having to negotiate the rough Dartmoor terrain A section has been included on
 the origin and history of the tracks including special comment on the route of the well known Abbot's Way There is also a
 section describing briefly what to see on the walks including prehistoric monuments medieval and later remains such as
 mining and granite crosses as well as flora and fauna The walks have been arranged in order around the southern and then
 the northern moor Each walk starts at a suitable parking place The routes are described in detail with appropriate grid
 references and brief information on the scenery and features to be seen The start of all the walks is shown on an overview
 map of Dartmoor About half of the routes are circular whereas others are more suited to a linear course The walk

descriptions are accompanied by maps in which the route has been sketched out on the appropriate section of the 1:25,000 OS map. A separate section gives advice to walkers and explains how to use this guide. It also draws attention to safety issues of walking on Dartmoor including the dangers of military firing and adverse weather conditions.

Refiguring Modernism: Women of 1928 Bonnie Kime Scott, 1995 an invaluable aid to the reconfiguration of literary modernism and of the history of the fiction of the first three decades of the twentieth century. Novel: her readings of texts are quite smart and eminently readable. *Tulsa Studies in Women's Literature* a challenging and discerning study of the modernist period. James Joyce Broadsheet note review of volume 1 only highly important and beautifully written constructing a contextually rich cultural history of Anglo-American modernism. It wears its meticulous erudition lightly synthesizing an enormous amount of research much of it original archival work. *Signs* Through her thoughtful exploration of the lives and work of these three female modernists, Scott shapes a new feminist literary history that successfully reconfigures modernism. *Woolf Studies Annual* In this revisionary study of modernism, Bonnie Kime Scott focuses on the literary and cultural contexts that shaped Virginia Woolf, Rebecca West, and Djuna Barnes. Her reading is based upon fresh archival explorations combining postmodern with feminist theory.

Civil Antisemitism, Modernism, and British Culture, 1902-1939 Lara Trubowitz, 2012-04-26 This book addresses the development of civil anti-Semitism in twentieth-century Britain, a crucial and often critically neglected strand of anti-Jewish rhetoric that prior to 1934 was essential to the legitimization of proto-fascist political and literary discourses as well as stylistic practices within literary modernism.

Representations of Childhood in American Modernism Mason Phillips, 2016-10-31 This book documents American modernism's efforts to disenchant adult and child readers alike of the essentialist view of childhood as redemptive, originary, and universal. For James Barnes, Du Bois, and Stein, the twentieth century's move to position the child at the center of the self and society raised concerns about the shrinking value of maturity and prompted a critical response that imagined childhood and children's narratives in ways virtually antagonistic to both. In this original study, Mason Phillips argues that American modernism's widespread critique of childhood led to some of the period's most meaningful and most misunderstood experiments with interiority, narration, and children's literature.

A Woman in Law Celia Wells, 2019-09-11 Celia Wells always felt like an outsider. Her unconventional early life was shaped by her Communist Party parents; she grew up as town, not gown, in Oxford, surrounded by books but living in a council house. She has uncovered an intriguing backstory with a bigamous grandmother, a convicted

forger cousin transported to Australia in the 1840s and the rise and fall of landed gentry The author describes her parents bohemian friends and their coded language and uses their original wartime correspondence to produce a picture of a fascinating heritage which ran against the grain and shaped an inquiring mind A Woman in Law shows how the post war political landscape provided opportunities for women yet failed to shift many entrenched advantages of gender and class Tracing the rocky path to becoming Cardiff University's first female law professor the author shows how her distinctive academic research led to different approaches to teaching criminal law as well as contributing to key reforms described in the book As she asserts I wanted to write about my rather confused political and cultural background and to relate it to my professional and personal life to my academic writing to my relationships and my beliefs my experiences of suicide and addiction in my close family A frank and revealing account which distils the essence of women's career challenges and highlights the issues women continue to face Review Beautifully written and searingly honest a rare resource emotionally articulate and deeply considered Nicola Lacey **Catalogue of Exhibition of Armadan and Elizabethan Relics**, 1888
