Hazards Of Being Male Surviving The Myth Of Masculine Privilege:

The Hazards of Being Male Herb Goldberg, 2000 **Hazards of Being Male** Herb Goldberg, 1977-05-01 **Politics of Masculinities** Michael A. Messner, 1997-03-20 This book makes an ideal introduction to the discussion of gender roles and masculinity In the years since feminism has taken root the role of men and masculinity has begun to undergo its own redefinition Michael A Messner provides a sociological framework to understand the responses of men to the changes challenges and crises in the social organization of gender He examines not only what certain groups of men say about gender but also what they do The various social movements engaged with the politics of masculinity are also looked at **Breaking the Male Code** Robert Garfield, 2016-04-26 For much of the past century men have operated under the rules of Male Code a rigid set of guidelines that equate masculinity with stoicism silence and strength But as men s roles have changed this lingering pressure to hide their emotions has made them more likely to suffer from depression anger and isolation Robert Garfield has worked with men struggling with emotional issues for more than 40 years In *Breaking the Male Code* he shows how close friendships can serve as the foundation on which men can build happier healthier lives **The Kaleidoscope of Gender** Catherine G. Valentine, Mary Nell Trautner, Joan Z. Spade, 2019-03-07 The authors are proud sponsors of the 2020 SAGE Keith Roberts Teaching Innovations Award enabling graduate students and early career faculty to attend the annual ASA pre conference teaching and learning workshop *The Kaleidoscope of Gender* Prisms Patterns and Possibilities provides an accessible timely and stimulating overview of the cutting edge literature and theoretical frameworks in sociology and related fields in order to understand the social construction of gender The kaleidoscope metaphor and its three themes prisms patterns and possibilities unify topic areas throughout the book By focusing on the prisms through which gender is shaped the patterns which gender takes and the possibilities for social change the reader gains a deeper understanding of ourselves and our relationships with others both locally and globally Editors Catherine Valentine Mary Nell Trautner and the work of Joan Spade focus on the paradigms and approaches to gender studies that are constantly changing and evolving The Sixth Edition includes incorporation of increased emphasis on global perspectives updated contemporary social movements such as BlackLivesMatter and MeToo and an updated focus on gendered violence *New Adam* Philip Leroy Culbertson, With its deft explanations of male psychology its profound encounters with five biblical texts of terror for men and its pioneering of new ways in men s prayer and men s groups Culbertson s book enables men to come to terms with issues of justice friendship sexuality and love in their lives His book will help men to craft a new spirituality to achieve a new integrity and ultimately to create a new identity *Contemporary Perspectives On Masculinity* Ken Clatterbaugh, 2018-10-08 What is social reality for men in modern society What maintains or explains this social reality What condition might we imagine that would be better for men How might we achieve this better condition These are the questions Kenneth Clatterbaugh brings to seven different visions of men in modern society considered in this newly updated edition In clear and insightful language

Clatterbaugh surveys not just conservative liberal and radical views of masculinity but also the alternatives offered by the men's rights movement, spiritual growth advocates and black and gay rights activists. Each of these is explored both as a theoretical perspective and as a social movement and each offers distinctive responses to the questions posed. The first edition of this book was the first to survey the range of responses to feminism that men have made as well as the first to put political theory at the center of men's awareness of their own masculinity. This new edition adds chapters on recent highly publicized movements such as the Promise Keepers Million Man March and the evolution of gay men's rights. Clatterbaugh treats all views with fairness and timeliness as he develops and defends a vision of men and masculinity consistent with feminist ideals and a just society.

Gender Power, Leadership, and Governance Georgia Duerst-Lahti, Rita Mae Kelly, 1995 Investigates how notions of masculinity and femininity inform ideology, political action and institutional prejudice.

Balls Ron Johnson, Deb Brock, 2025-01-14 *Balls* is a call to arms for men to be the best that they can be. Being at their best starts with men being honest with themselves and then with the people in their lives. *Balls* is about courage, namely for men to courageously and honestly face the four challenges in their lives: words, women, work and wine addictions. The authors describe how men can develop emotional maturity which then leads to maturity in all other aspects of life. The authors further suggest that the problems with anger, avoidance and addiction that visibly trouble most men are based on a deep-seated anxiety which itself is due to the fact that most men have not had direction and encouragement to face the multitude of challenges and responsibilities that they face in life. This book is a blend of psychological theory and research and the authors combined one hundred years of psychotherapy practice leading to practical suggestions for men to find courage in their lives.
