Story-Formed Pathways to Peace Dalton Reimer,2018-09-11 The Book Story Formed Pathways to Peace calls readers to action around a single vision making peace a reality It draws on the unexpected power of stories to transform the world The stories retold here have resonated through the ages not only with those religious but also with thinkers artists musicians and others who have seen in them universal patterns of behavior Now retold with commentary as seen through the lens of conflict and peacemaking they illuminate pathways to peace as relevant today as when first told Each chapter is fronted with imagined headlines of the ancient story with actual parallel headlines from the present thus highlighting this connection of past and present It is then in going back that pathways toward peace are illuminated for the present and future The wisdom tradition of sacred texts is hereby extended **Soloveitchik's Children** Daniel Ross Goodman,2023-07-18 A close study of three of Soloveitchik s most influential disciples in Jewish thought and philosophy Providence in the Story of Scripture Adamson Co,2025-05-06 The doctrine of providence is often too abstract complex or detached from real life situations for introductory students Drawing on years of experience in the classroom and the church Adamson Co offers an introductory guide that uses the creation motif of the Bible to highlight the importance of providence for the Christian life Co begins with a brief introduction to providence to give students the state of the question He then explores the classical theme of the seventh and eighth days of creation as a helpful way to understand providence He sets providence and human existence within the metanarrative of the Bible while explicating the doctrine in an overview fashion Co demonstrates how the seventh and eighth days of creation bring clarity to traditional issues raised in systematic theology such as preservation governance and concurrence the problem of evil and divine sovereignty and human free will Providence in the Story of Scripture challenges readers to live out a life of partnership with God in his providence and shows how the blessed hope of the Christian faith is God s life transforming providence for today The book includes a foreword by Kevin J Vanhoozer The Hero of Budapest Bengt Jangfeldt,2013-11-28 The story of Raoul Wallenberg the Swedish businessman who at immense personal risk rescued many of Budapest s Jews from the Holocaust and subsequently disappeared into the Soviet prison system is one of the most fascinating episodes of World War II Yet the complete story of his life and fate can only be told now and for the first time in this book following access to the Russian and Swedish archival sources previously not used Born into a wealthy Swedish family Wallenberg was a moderately successful businessman when he was recruited by the War Refugee

Board to manage the rescue mission of thousands of Hungarian Jews Once in Budapest he created and distributed so called protective passports or Schutz Pass among the Jewish population thus managing to save up to 8 000 people Through the safe houses and clandestine networks that he established around the city many thousands more were saved from the concentration camps Yet when Budapest was liberated by the Red Army in January 1945 Wallenberg was arrested and taken to Moscow One of the reasons for his arrest was that the Soviets could not understand the nature of his mission formally he was a Swedish diplomat but he worked for an American agency On the basis of previously unseen Soviet sources Jangfeldt has been able to reconstruct the events surrounding Wallenberg s arrest almost hour by hour and for the first time he presents a highly plausible theory about the reasons why Wallenberg was arrested and what happened to him after he disappeared With access to previously unpublished material Bengt Jangfeldt provides the first complete account of Wallenberg s life from his childhood in Sweden to his disappearance in a Russian jail and sheds important new light on one of the greatest heroes of World War II This is a thrilling tale of intrigue espionage and heroism which will captivate all readers of modern European history

Battle of Tours John C. Scott, 2013-05-22 TOURS THE MOST SIGNIFICANT BATTLE IN HISTORY This is not a history book It is not unlikely that this book will get me killed and I would not dismiss the danger to its publishers If you have the courage to print and distribute it there is no doubt that it will be one of the all time best sellers in the world today Tours the largest city in the Centre region of France is the location of what was arguably the most significant battle in human history Here in 732 Charles the Hammer Martel stopped an invading army of sixty thousand Muslims cold Martel slaughtered every one of them and left their unholy bones to rot as a testament to God and all who passed Since the birth of the so called prophet Mohammed in 471 AD the crazed followers of Allah rampaged throughout the Middle East and invaded southern Europe in an attempt to lay waste to all Christian lands murdering pillaging and proselytizing The spread of Islam throughout the Middle East was most certainly by and under the sword The Egyptians were obviously not Arabs or Muslims until the armies of Islam swept into their territories Equally in every country that fell under the murdering hands of the Muslims the people of those countries were subjugated and slaughtered forced to convert or die Indeed no one can argue that Islam is not a diseased cult spread by force staining human history with blood The story I wrote is about Charles Martel and how he came to be there on that fateful day at Tours as the sole defender of the faith and all that stood against the Muslim onslaught that had penetrated so deeply into Europe I argue that had not Martel been able to stop them it is highly likely that today all of us the entire Christian world would have likely been destroyed and forced to convert or die The spires of the minarets would today have been in the thousands throughout Europe and even into the new world It is highly probable that Islam would have retained a dominant position throughout the world just as they do today in all lands that have fallen under their obscene rule With their seeming worship and devotion of and to ignorance human civilization would have been stuck in the past We would have had no modernization no invention and no advancement mankind today would still be living

in the dark ages under the cruel eyes of the Mutawas thought police and vicious power hungry Ayatollahs It would be centuries later during the Ottoman Empire that Islam again threatened Europe It is important to note that Martel s victory at Tours and his later campaigns prevented invasion of Europe by the Muslim caliphate Martel preserved and protected Christianity and Western civilization as we know it Gibbons called him the paramount prince of his age A strong argument can be made that Gibbons was entirely correct The book describes the Battle of Tours as if it were happening today it recreates the movements of the armies the difficulties of provisioning such large numbers in those times and looks into the minds of the leaders and soldiers as they fought and died in that historic conflict The book shows us the motivations of the mad Muslims who so desperately wanted to destroy western Christianity and delves into their reasoning then and now Tours is important because it was the first time a western Christian Army had defeated the marauding Muslims and it set the stage for the retaliation that was to follow in the form of the Crusades Both the crusades and the attacks into Europe by the Muslims that preceded them laid the foundations for the humiliation anger and hatred that motivates the attacks on the west by the Jihadists of today The skein of history in those times is thin The book does not rely on diaries and written accounts as one can in more recent battles

The Making of a Postsecular Society Massimo Rosati, 2016-03-03 Drawing on the thought of Durkheim this volume focuses on societal changes at the symbolic level to develop a new conceptualisation of the emergence of postsecular societies Neo Durkheimian categories are applied to the case of Turkey which in recent years has shifted from a strong Republican and Kemalist view of secularism to a more Anglo Saxon perspective Turkish society thus constitutes an interesting case that blurs modernist distinctions between the secular and the religious and which could be described as postsecular Presenting three symbolic case studies the enduring image of the founder of the Republic Atat rk the contested site of Ayasofia and the remembering and commemoration of the murdered journalist Hrant Dink *The Making of a Postsecular Society* analyses the cultural relationship that the modern Republic has always had with Europe considering the possible implications of the Turkish model of secularism for a specifically European self understanding of modernity Based on a rigorous construction of theoretical categories and on a close scrutiny of the common challenges confronting Europe and its Turkish neighbour long considered other with regard to the accommodation of religious difference this book sheds light on the possibilities for Europe to find new ways of arranging the relationship between the secular and the religious As such it will appeal to scholars of social theory the sociology of religion secularisation and religious difference and social change

Reading Guide to The Tattooist of Auschwitz by Heather Morris (Unauthorized) Kevin Mahoney, 2019 This is an illustrated reading guide to Heather Morris's bestselling novel *The Tattooist of Auschwitz* Although presented as a novel Lale Sokolov's story contains important eyewitness testimony that has previously not been documented in other histories of Auschwitz There have been criticisms about the novel's historical accuracy and Kevin Mahoney does indeed point out the factual errors in the book Kevin argues that such errors are inevitable in a narrative of this length derived from an oral testimony that related events that occurred many decades previously Lale delayed telling his story for fear of being accused of being a Nazi collaborator during Gita's lifetime However there is no dispute that Lale was a tattooist of Auschwitz for there is documentary evidence of this Kevin Mahoney explores the various controversies surrounding the novel and explains the historical context around Heather Morris's depiction of Lale and Gita's tumultuous bid to survive the horrors of Auschwitz

Aharon Appelfeld's Fiction Emily Miller Budick, 2005-01-17 How can a fictional text adequately or meaningfully represent the events of the Holocaust Drawing on philosopher Stanley Cavell's ideas about acknowledgment as a respectful attentiveness to the world Emily Miller Budick develops a penetrating philosophical analysis of major works by internationally prominent Israeli writer Aharon Appelfeld Through sensitive discussions of the novels *Badenheim 1939* *The Iron Tracks* *The Age of Wonders* and *Tzili* and the autobiographical work *The Story of My Life* Budick reveals the compelling art with which Appelfeld renders the sights sensations and experiences of European Jewish life preceding during and after the Second World War She argues that it is through acknowledging the incompleteness of our knowledge and understanding of the catastrophe that Appelfeld's fiction produces not only its stunning aesthetic power but its affirmation and faith in both the human and the divine This beautifully written book provides a moving introduction to the work of an important and powerful writer and an enlightening meditation on how fictional texts deepen our understanding of historical events Jewish Literature and Culture Alvin H Rosenfeld editor
