He And She Men In The Eighties

Yvette Walczak

He And She Men In The Eighties:

He and She Yvette Walczak, 2024-03-01 First published in 1988 *He and She* is about male attitudes to sex and gender in the 1980s. It examines the extent to which men consider themselves to be different from women in a number of areas including interests, aptitudes, friendships and intimate relationships with partners and children. Issues of sex and gender are located within the varied settings of education and employment. Comparisons are made between ideal situations and attitudes and what men have been able to implement in practice. The book is based on interviews with 51 men aged from 17 to 90 from a variety of cultural and occupational backgrounds. Extensive use is made of verbatim material from interviews and biographical details. This information is conveyed to the reader against the backdrop of a historical perspective and studies and research on male/female issues. This book will be of interest to students of men's studies, gender studies, women's studies and sociology.

Workers and the Evolving Economy of the Eighties United States. Congress. Senate. Committee on Labor and Human Resources, 1981

Eighties People Kevin L. Ferguson, 2016-05-01 Through an examination of 1980s American cultural texts and media, Kevin L. Ferguson examines how new types of individuals were created in order to manage otherwise hidden cultural anxieties during the American 1980s. Exploring a variety of strategies for fashioning self-knowledge in the decade, this book illuminates the hidden lives of surrogate mothers, crack babies, persons with AIDS, yuppies and brat packers. These seemingly simple stereotypes in fact concealed deeper cultural changes in issues relating to race, class and gender. Through a range of texts, *Eighties People* shows how the commonplace reading of the 1980s as a superficial period of little importance disguises the decade's real imperative: a struggle for self-definition outside of the limited set of options given by postmodern theorizing.

I Love the 80s Megan Crane, 2014-05-04 Live in the now they say, but for Jenna Jenkins the now sucks. Her fiancé dumped her and she's lacking the drive that might lead to a promotion at the eighties-themed cable station where she works. The only thing keeping her sane is her obsession with a brooding rock star and an era that died twenty odd years ago. But then lightning strikes literally and sends her back to the year and the man she's loved her entire life. Jenna has no choice but to take action to save Tommy Seer, lead singer of The Wild Boys, from the tragic accident that only she knows will claim his life. But the real Tommy Seer is very different from the one who's spent all this time starring in her favorite fantasies. As Jenna falls deeper into Tommy's world under his spell, all over again, only this time without the schoolgirl crush, she realizes that his death was no accident. Can she find a killer, prevent a murder and save the man she loves without everyone thinking she's crazy? And who thought shoulder pads were a good idea anyway.

The Art of He-Man and the Masters of the Universe Mattel, Stuart Bam, 2023-01-10 Witness Eternia as you've never seen it before. This exciting tome brings you an all-new look at the newest incarnation of *Masters of the Universe*, bringing an exciting sci-fi twist to the classic series.
