Liberia Paul Rozario,2003 Liberia was a colony for freed and freeborn African Americans for twenty five years before becoming the first republic on the African continent in 1847 Today Liberia is recovering from over twenty years of violence which include seven years of civil war 1989 1996 From depleted iron ore mines to enviable diamond reserves from indiscriminate logging to the world s largest rubber plantation from the shrieking pepper bird to the docile pygmy hippopotamus this book is a spirited investigation of the sharp contrasts that define the Liberian land and its people Book jacket **Crossing Boundaries with Children's Books** Doris Gebel,United States Board on Books for Young

People,2006-05-25 This annotated bibliography organized geographically by world region and country describing nearly 700 books representing 73 countries is a valuable resource for librarians teachers and anyone else seeking to promote international understanding through children s literature It is the third volume sponsored by the United States Board on Books for Young People The first Carl M Tomlinson s Children s Books from Other Countries 1998 is a compendium of international children s literature with annotations of both in and out of print books published between 1950 and 1996 Susan Stan s The World Through Children s Books 2002 was the second and it included books published between the years 1997 and 2000 Crossing Boundaries includes international children s books published between 2000 and 2004 as well as selected American books set in countries other than the United States Editor Doris Gebel has compiled an important tool for providing

stories that will help children understand our differences while simultaneously demonstrating our common humanity

Science with Storytelling Jane Stenson, Sherry Norfolk, Lynette J. Ford, 2017-02-06 This book is about the intersection of storytelling and science Recognizing that humans are hard wired for narrative this collection of new essays integrates the two in a special way to teach science in the K 6 classroom As science education changes its focus to concepts that bridge various disciplines along with science and engineering practices storytelling offers opportunities to enhance the science classroom Lesson plans are provided each presenting a story its alignment with science Next Generation Science Standards language arts Common Core State Standards and theater arts standards National Core Arts Standards Instructional plans include a rationale preparation activities and assessment

Religious Diversity and Children's Literature Connie R. Green, Sandra Brenneman Oldendorf, 2011-05-01 This book is an invaluable resource for enabling teachers religious educators and families to learn about religious diversity themselves and to teach children about both their own religion as well as the beliefs of others The traditions featured include indigenous beliefs throughout the world Native American spirituality Hinduism Buddhism Judaism Christianity Orthodoxy Catholicism and Protestantism Islam Sikhism and other beliefs such as Bah Unitarian Universalism Humanism and Atheism Each chapter highlights a specific religion or spiritual tradition with a brief discussion about major beliefs misconceptions sacred texts and holy days or celebrations This summary of each tradition is followed by extensive annotated recommendations for children s and adolescent literature as well as suggested teaching strategies The recommended literature includes informational books traditional religious stories and fiction with religious themes Teachers religious educators and family members will find the literature from these genres to be invaluable tools for bridging the religious experience of the child with that of the global society in which they live

Black Communications and Learning to Read Terry Meier, 2020-08-19 This book is about effective literacy instruction for students in grades K 4 who use the language variety that many linguists call African American English but which as explained in the Introduction the author calls Black Communications BC Throughout considerable attention is given to discussing the integral and complex interconnections among African American language culture and history drawing significantly on examples from African American historical and literary sources Although it is theoretical in its description of the BC system and its discussion of research on language socialization in African American communities the major focus of this book is pedagogy Many concrete examples of successful classroom practices are included so that teachers can readily visualize and use the strategies and principles presented Part I What is Black Communications presents an overview of the BC system providing a basic introduction to the major components of the language phonology grammar lexicon and pragmatics and illustrating how these components work in synchrony to create a coherent whole Part II Language Socialization in the African American Discourse Community examines existing research on African American children s language socialization Part III Using African American Children s Literature draws connections between strategy instruction

and the linguistic and rhetorical abilities discussed in Part II Each chapter ends with suggestions for using African American literature to help children develop their speaking and writing abilities Part IV Children Using Language moves from a focus on teaching comprehension strategies to helping BC speakers learn to decode text This volume is directed to researchers faculty and graduate students in the fields of language and literacy education and linguistics and is well suited as a text for graduate level courses in these areas

Inclusive Texts in Elementary Classrooms Amy J. Heineke, Aimee Papola-Ellis, 2022 Learn how to put children's diverse and storied experiences at the center of the curriculum Schools are more diverse than ever before but the texts and materials that typify classroom curricula continue to prioritize so called mainstream stories and perspectives These canonical texts often exclude the nuanced identities and rich lived experiences of the very children sitting in today's classrooms But kids thrive when they see themselves in texts and learn about the world around them by connecting with the experiences of others Based on the authors work with elementary school teachers over the last decade this resource offers strategies for moving away from canonical texts The authors present a four part framework for selecting using and engaging students with texts that promote children's identity development literacy engagement and comprehension and learning across the content areas The practical text provides guidance for setting learning goals that align with relevant standards and curricular directives as well as classrooms examples teaching strategies and reflective questions

Book Features An actionable way for teachers to move from theory to practice using what we know about culturally relevant practice and critical literacy to create instruction that enhances children's classroom experiences and learning An inclusive and intersectional approach that supports all teachers in enhancing their classroom libraries and curricular resources for the benefit of all students Specific ideas for texts and authors as well as more generalizable themes and ideas that will guide future exploration and use of texts in classrooms Tangible strategies and rich classrooms examples from 20 expert teachers spanning diverse elementary school settings Reflective questions to help practitioners personalize the content to their own contexts

Book Crush Nancy Pearl, 2009-09-29 Do you remember your first book crush You know the first time a book completely captured your imagination transported you to a magical place or introduced you to a lifelong friend you will never forget In *Book Crush* popular librarian and reading enthusiast Nancy Pearl reminds us why we fell for reading in the first place how completely consuming and life changing a good book can be Pearl offers more than 1 000 crush worthy books organized into over 100 recommended reading lists aimed at youngest middle grade and teen readers From picture books to chapter books YA fiction and nonfiction Pearl has developed more smart and interesting thematic lists of books to enjoy Parents teachers and librarians are often puzzled by the unending choices for reading material for young people It starts when the kids are toddler and doesn't end until high school graduation What's good what's not and what's going to hold their interest Popular librarian Nancy Pearl points the way in *Book Crush*
