Headaches Relief At Last Migraines Tension Headaches Sinus And Other Painful Problems

Geraint Fuller, Mark R. Manford

Headaches Relief At Last Migraines Tension Headaches Sinus And Other Painful Problems:

A Massage Therapist's Guide to Treating Headaches and Neck Pain E-Book Sandy Fritz, Leon Chaitow, 2009-04-20
The massage therapist's guide to treating headaches and neck pain is a practical guide for the massage therapist to assist them in identifying appropriate massage treatment for those experiencing headaches and neck pain. The book describes the most common headache types and causes for neck pain that can be effectively addressed with therapeutic massage and associated methods easily incorporated into massage. Assessment procedures are provided both to identify appropriate treatment and to alert the massage therapist to more serious conditions that could be responsible for the symptoms and require a referral for further diagnosis and treatment. Protocols for treatment using massage and other soft tissue methods are provided. The text is written in a practical way that is user friendly. Incorporates a DVD demonstrating the palpation and treatment methods. Abundant illustrations and photos. Easy reference, easy language. DVD demonstrating methods and technique such as massage of face and head, massage of neck and treatment of breathing pattern disorders and headaches. Written by two world renowned authors. Conn's Current Therapy 2022 - E-Book Rick D. Kellerman, David P. Rakel, KUSM-W Medical Practice Association, 2021-12-21. Trusted by clinicians for nearly 75 years, Conn's Current Therapy presents today's evidence-based information along with the personal experience and discernment of expert physicians. The 2022 edition is an excellent resource for a wide range of healthcare providers including primary care subspecialists and allied health, providing current treatment information in a concise yet in-depth format. More than 300 topics have been carefully reviewed and updated to bring you state-of-the-art content in even the most rapidly changing areas of medicine. Offers personal approaches from recognized leaders in the field covering common complaints, acute diseases and chronic illnesses along with the most current evidence-based clinical management options. Follows a consistent, easy-to-use format throughout with diagnosis, therapy, drug protocols and treatment pearls presented in quick reference boxes and tables for point-of-care answers to common clinical questions. Includes new and significantly revised chapters on COVID-19 and post-COVID syndrome, pyoderma gangrenosum, mitochondrial disease, gender-affirming care, stem cell therapy and artificial intelligence. Incorporates more electronic links throughout the text that connect the reader to apps and clinical prediction tools that can easily be accessed in practice. Features thoroughly reviewed and updated information from many new authors who offer a fresh perspective and their unique personal experience and judgment. Provides current drug information thoroughly reviewed by PharmDs. Features nearly 300 images including algorithms, anatomical illustrations and photographs that provide useful information for diagnosis. **Reichel's Care of the Elderly** Jan Busby-Whitehead, Samuel C. Durso, Christine Arenson, Rebecca Elon, Mary H. Palmer, William Reichel, 2022-07-21. This eighth edition of Dr. Reichel's formative text remains the go-to guide for practicing physicians and allied health staff confronted with the unique problems of an increasing elderly population. Fully updated and revised, it provides a practical guide for all health specialists.

emphasizing the clinical management of the elderly patient with simple to complex problems Featuring four new chapters and the incorporation of geriatric emergency medicine into chapters The book begins with a general approach to the management of older adults followed by a review of common geriatric syndromes and proceeding to an organ based review of care The final section addresses principles of care including care in special situations psychosocial aspects of our aging society and organization of care Particular emphasis is placed on cost effective patient centered care including a discussion of the Choosing Wisely campaign A must read for all practitioners seeking practical and relevant information in a comprehensive format
