who is Mother as well as Father and mothers them with tenderness and strength Starting here in the arms of a mothering God who whispers beloved changes the tone of spiritual care for her from a chore to an oasis of replenishment that grounds her in her identity in Christ as a daughter of Creator God      *The Healing Imperative: The Early Church and the Invention of Medicine as We Know It* Mike Aquilina, 2017 Whenever you enter a town and they receive you eat what is set before you heal the sick in it and say to them The kingdom of God has come near to you Luke 10 8 9 When Jesus sent seventy disciples on ahead of him part of their mission was to heal the sick In fact they were supposed to heal the sick before they preached the Gospel Best selling author Mike Aquilina calls this command the healing imperative And it s an imperative that ushered in the world of modern medicine *The Healing Imperative: The Early Church and the Invention of Medicine as We Know It* reconstructs the fascinating history of a uniquely Christian institution the hospital Underlining how the virtues of charity and hospitality motivated the first generations of Christians along with Jesus explicit command to heal the sick Aquilina shows just how revolutionary the actions of Christian doctors and nurses were and how they transformed society in ways that still reverberate today The radical developments in health care spearheaded by Christians influenced culture society and civilization As *The Healing Imperative* proves now more than ever the compassion of Christians is needed to guide the world of medicine Jesus command still resonates and Aquilina urges us to respond      *Women Healing/Healing Women* Elaine Wainwright, 2017-10-03 *Women Healing* *Healing Women* begins with a search for women who were healers in the Graeco Roman world of the late Hellenistic and early Roman period Women healers were honoured in inscriptions and named by medical writers and were familiar enough to be stereotyped in plays and other writings What emerges by the first century of the Common Era is a world in which women functioned as healers but where healing becomes a contested site for gender relations By the time the gospels are written the place of women as healers is effectively erased The book uses the historical and cultural evidence to re read the gospel texts and discover healers in a woman pouring out ointment healed women bearing on their bodies the language describing Jesus and even in women possessed by demons      *The Once-And-For-All Truth About Sickness and Healing: Volume Ii* Ron Craig, 2010-09-22 Scarcely had the publisher have my first healing book in hand when the Lord began to add to the revelation contained in that first book That divine information has now grown into another book of 263 pages I do not anticipate a third but as we assimilate the healing realities of these two books into our inner being there will be no need for a third Containing hundreds of Scripture passages along with some very enlightening church history regarding divine healing this volume makes it clear that supernatural health belongs to believers now
