Goldsmith,1999

The Master Speaks is a non denominational book that will appeal to anyone interested in spiritual healing It is based on the teachings of Jesus about the principles of spiritual living and spiritual healing and can serve as a basic text for those interested in Christian mysticism Throughout the book Goldsmith beautifully weaves together Bible references and the spiritual principles that form the Infinite Way message He takes the reader through a detailed course of instruction around three major steps attaining the conscious awareness of the presence of God learning meditation reflection and introspection and learning the nature of error He says Unless our thought responds instantly to the fact that God is the only life that God is all there is to individual being and unless in our heart and Soul we truly believe that we cannot be spiritual healers The secret to spiritual healing Goldsmith says is knowing the true identity of every individual and this comes through spiritual discernment A spiritual healer does not deal with the mortal picture and try to change it We go right to the center of being and there recognize Christ the Spirit the presence and power of God he says As we do that we do not heal human beings we do not enrich them although that is the way in which it appears to the world What we do is to bring to light their spiritual identity that which has always been there but which has seemed to have disappeared But Goldsmith is careful to emphasize It is not understanding truth that heals it is the divine state of spiritual consciousness that heals and the one who has that state of consciousness is a practitioner In The Master Speaks Goldsmith also lays out the differences between traditional metaphysics and The Infinite Way message and he gives extensive practical advice on many aspects of the healing ministry for those who find themselves led to it He offers the idea astonishing to some that Everyone on earth has potentially the same consciousness as Jesus Christ The question is are we willing to put in the hours of devotion are we willing to make the effort required to train ourselves to be conscious of the presence of God instead of seeking some form in which God is to appear There is the whole secret It is up to us If we can rely wholly on the Principle on Consciousness we can attain the consciousness of the Christ For those who are drawn to that quest The Master Speaks is a substantial first step on the journey      Rebirthing According to Spirit Denis W.
