 Lee Weida, 2017-11-13 Current educational policies particularly in the United States have swung so far in the direction of
 overtly politicized and decontextualized testing that we are losing opportunities to support the imaginative and expressive
 capacities of a generation of children and adolescents with implications for our individual and collective health Enter arts
 education and the healing arts as urgently needed remedies for this imbalance to swing the pendulum of educational
 practices back to a place of balance and wholeness Informed by an arts based sensibility this book explores how imaginative
 creative and artistic experiences can heal and why we urgently need them at the heart of our educational discourses and
 practices These chapters invite teachers teacher educators and therapeutic professionals to reclaim imaginative arts based
 experiences as central to the human conditions that they serve The narratives and case studies included here are of interest
 for any arts based qualitative research course as an example of narrative inquiry and in arts and general education programs
 for their pedagogical implications As Blake invited us to find the world in a grain of sand and showed us how poetry could
 materialize this so too these storytellers discover and shape their personal meanings in ceramic pots paintings poems drama
 and poetry While the stories told here are deeply ingrained interior journeys all reflect ways of observing and embracing the
 world of others of becoming wise becoming self and becoming skilled practitioners of meaning making By naming and
 framing they suggest that clarity becomes possible and personal freedom achieved Judith M Burton Teachers College
 Columbia from the Foreword This anthology offers a substantial number of narratives that represent seeking wholeness
 sustenance and renewal In many cases the authors provide a tribute to those who have impacted their lives in profound ways

Pathways Into the Jungian World Roger Brooke,2003-09-02 In Pathways into the Jungian World contributors from the disciplines of medicine psychology and philosophy look at the central issues of commonality and difference between phenomenology and analytical psychology The major theme of the book is how existential phenomenology and analytical psychology have been involved in the same fundamental cultural and therapeutic project both legitimize the subtlety complexity and depth of experience in an age when the meaning of experience has been abandoned to the dictates of pharmaceutical technology economics and medical psychiatry The contributors reveal how Jung s relationship to the phenomenological tradition can be and is being developed and rigorously show that the psychological resonance of the world is immediately available for phenomenological description

Change Your Mind, Heal Your Body Anna Parkinson,2014-05-13 Your body is trying to tell you what s wrong A successful journalist turned healer describes her innovative system of healing through the lens of her own self healing journey Parkinson was a busy workaholic reporter who yearned to leave her stressful job when she was diagnosed with a mysterious tumor behind her carotid artery At first she pursued the traditional medical route but after a series of frustrating mishaps with the medical system she began to investigate alternative healing Her search brought her into contact with such venerable healing philosophies as the ancient Hindu chakra and the simpler Hawaiian system She eventually met Martin Brofman founder of Body Mirror Healing who taught her how to delve into her emotional blockages underpinning the illness

The breakthrough came when she realized that her body was communicating to her through the message of cancer. She ultimately developed a series of simple exercises shared in the book that help people better listen to their bodies and bring the energy needed to wipe away disease.
