Singleton, 2010-11-24 Irish theatre and its histories appear to be dominated by men and their actions This book's socially and culturally contextualized analysis of performance over the last two decades however reveals masculinities that are anything but hegemonic played out in theatres and other arenas of performance all over Ireland Performing Social Change on the Island of Ireland Ciara L. Murphy, 2023-05-22 This book examines the relationship between moments of significant social change on the island of Ireland and performance practice during the twentieth and twenty first centuries It examines how moments of significant change influence not only the content of performance practice but also the form and function of theatre production and reception This book investigates how the Troubles and subsequent Peace Process Second Wave Feminism the Celtic Tiger and neoliberalism social revolution and the COVID 19 pandemic impacts the form and function of performance practice across the island of Ireland Although these forms of theatre and performance making refer to varied and distinct lineages of practice internationally there are key parallels that compel a study of their inter relationality in a specific Irish context This book explores how the performance of Ireland illuminates histories and stories that are on the margins illuminating the lived realities of everyday life through the presentation of moments of violence oppression and trauma as something that is as important as the larger narratives often ascribed to nationhood This book asks how performance practice engages with and informs moments of major social change on the island of Ireland through the distinct yet intersecting lenses of place performance form and social context over the course of almost a century of Irish theatre and performance practice **The Urban Plays of the Early Abbey Theatre** Elizabeth Mannion, 2014-12-03 Ireland's Abbey Theatre was founded in 1904 Under the guidance of W B Yeats and Lady Augusta Gregory it became instrumental to the success of many of the leading Irish playwrights and actors of the early twentieth century Conventional wisdom holds that the playwright Sean O'Casey was the first to offer a new vision of Irish authenticity in the people and struggles of inner city Dublin in his groundbreaking trilogy *The Shadow of a Gunman* *The Plough and the Stars* and *Juno and the Paycock* Challenging this view Mannion argues that there was an established tradition of urban plays within the Abbey repertoire that has long been overlooked by critics She seeks to restore attention to a lesser known corpus of Irish urban plays specifically those that appeared at the Abbey Theatre from the theatre's founding until 1951 when the original theatre was destroyed by fire Mannion illustrates distinct patterns within this Abbey urban genre and considers in particular themes of poverty gender and class She provides historical context for the plays and considers the figures who helped shape the Abbey and this urban subset of plays With detailed analysis of box office records and extensive appendixes of cast members and production schedules this book offers a rich source of archival material as well as a fascinating revision to the story of this celebrated institution *The Spaces of*

Irish Drama H. Lojek, 2011-10-03 Lojek provides extensive analysis of space in plays by living Irish playwrights applying practical understandings of staging and the insights of geographers and spatial theorists to drama in an era increasingly aware of space **A Grammatical Analysis of Artistic Representation of Irish English** Jiro Taniguchi, 1972

Staging Revolutions and the Many Faces of Modernism Amina ElHalawani, 2024-04-25 The book explores how theatre with its performative capacity has the power to engage with and affect the politics of its day It sets the stage for the reader to discover the revolutionary traditions of Egyptian and Irish theatre very distinct in their histories and cultures and understand their enduring relevance in today's world The volume takes Ireland as a case study of the interplay between cultural nationalism and politically engaged theatre and compares it to the role of the theatre in Egypt during its Golden era in the 1960s Through a selection of Egyptian plays by Tawfiq al Hakim Mikhail Roman Yusuf Idris and Salah Abdul Saboor alongside Irish plays by Brian Friel Frank McGuinness Christina Reid and Samuel Beckett it maps the political aesthetics of unsteady times and seemingly disparate places to reflect on the dynamics of revolt as a staged act in and of itself Further the book examines how playwrights from both nations have engaged with theatre as a medium focusing on how their contemplations hesitations frustrations and protest have been translated onto the stage in their various plays and comprehends the transformative role the theatre has always played in politics in shaping history across time and space Bridging together discussions on transnational modernisms with nuanced cultural histories of protest this critical work will be of great interest to scholars and researchers of literary studies identity politics cultural studies theatre and performance studies and political studies Whitaker's Books in Print ,1998 The Bookman ,1925 **British Books in Print** ,1986
