Cruz,2018-06-16 There are many exercise programs out there to choose from however choosing martial arts as that exercise venue is a big decision As in all sports dedication and discipline are required in your chosen sport to become good In choosing the martial arts as your pursuit that dedication and discipline is at a very high standard It becomes a lifetime devotion which is geared towards a code of honor a creed to follow and responsibility to carry your skills to a higher human level This book is not just about martial arts or about you making a survival choice regarding a self defense endeavor it is also about life and longevity as well as how to stay and maintain that state of physical well being This maintenance or balance formulates the essence of Taijiquan the philosophical concept for both its defense training and its health benefits I hope in reading this book it will help you to choose wisely What would happen if the masters of different martial art s academies join forces to devise one master form of martial arts This should include all the martial arts systems styles philosophies and functionalities and to embrace the hidden secrets of their individual styles and formulate one master super self defense universal system that is all incorporating and encompassing A structure in which entails the very essence of human survival This new system of martial arts would
