Worlds of Health Kate Reed,2003-03-30 In this era of globalization we are faced with a plethora of health goods and services on the local and global marketplace Faced with such variety and availability how do we choose This volume examines the influence of ethnicity gender and generation on our health choices focusing in particular on the choices of British Asian mothers Asian women who are born and raised in Britain but are members of a globally dispersed ethnic group Other factors such as family religion community and space are also taken into account by the author who uses original

empirical research to explore the interconnections between the different factors and the ways in which these women combine western and nonwestern health discourses in their daily lives

**The Palgrave Handbook of Social Theory in Health, Illness and Medicine** F. Collyer, 2015-02-12 This wide reaching handbook offers a new perspective on the sociology of health illness and medicine by stressing the importance of social theory Examining a range of classic and contemporary female and male theorists from across the globe it explores various issues including chronic illness counselling and the rising problems of obesity

[An Introduction to Shamanism](#) Thomas A. DuBois, 2009-05-14 This Introduction surveys the beliefs rituals and techniques found in shamanic traditions around the world

**The African Transformation of Western Medicine and the Dynamics of Global Cultural Exchange** David Baronov, 2010-05-14 Beginning with the colonial era Western biomedicine has radically transformed African medical beliefs and practices Conversely in using Western biomedicine Africans have also transformed it The African Transformation of Western Medicine and the Dynamics of Global Cultural Exchange contends that contemporary African medical systems no less biomedical than Western medicine in fact greatly enrich and expand the notion of biomedicine reframing it as a global cultural form deployed across global networks of cultural exchange The book analyzes biomedicine as a complex and dynamic sociocultural form the conceptual premises of which make it necessarily subject to ongoing change and development as it travels the globe David Baronov captures the complexities of this cultural exchange by using world systems analysis in a way that places global cultural processes on equal footing with political and economic processes In doing so he both allows the story of Africa's transformation of Western biomedicine to be told and offers new insights into the capitalist world system

[African Pentecostalism from African Perspectives](#) Ezra Chitando, Lovemore Togarasei, Loreen Maseno, 2024-10-28 This book makes a significant contribution to the study of African Pentecostalism by reflecting on their output Deviating from the widespread phenomenon of scholars from the Global North being dominant voices on African Pentecostalism this volume brings together African scholars from diverse academic disciplines and African Diasporan to showcase how they've helped to shape the field This volume addresses the lacuna in the available scholarship by undertaking detailed analyses of how scholarship exemplifies the various areas where African scholars have made and continue to make contributions The included chapters engage in methodological debates on African Pentecostalism from the continent as well as from African diaspora and is a must read for scholars working on Pentecostalism

[Health Care Systems in Europe under Austerity](#) E. Pavolini, A. Guillén, 2013-11-27 This book analyses recent reform trends of European health care systems Using eight European countries case studies it connects policy reforms with a healthcare quadrilemma and compares how well these systems perform in terms of economic efficiency medical achievements social inequalities and responsiveness to patients and workers

*Equality Governance via Policy Analysis?* Arn T. Sauer, 2018-11-08 Gender impact assessment has been both celebrated as a beacon of hope for the cause of gender equality and criticised as being ineffectual More than 20 years of gender mainstreaming have demonstrated that

equality governance with and through impact assessment is an intersectional and still evolving process Arn T Sauer's study examines the instruments of gendered policy analysis and the conditions under which they are being used by the Canadian federal government and the European Commission Interviews with experts from public administration and instrument designers as well as document analyses reveal benefits and challenges and show that the success of equality governance depends upon whether knowledge about gendered policy and appropriate administrative practices are embedded embodied and entrenched in public administration

**Principles of Multicultural Counseling and Therapy** Uwe P. Gielen, Juris G. Draguns, Jefferson M. Fish, 2008-06-19 In an era of globalization characterized by widespread migration and cultural contacts psychologists counselors and other mental health professionals face a unique challenge how does one practice successfully when working with clients from so many different backgrounds Gielen Draguns and Fish argue that an understanding of the general principles of multicultural counseling is of great importance to all practitioners The lack of this knowledge can have several negative consequences during therapy including differences in expectations between counselor and client misdiagnosis of the client's concerns missed non verbal cues and the client feeling that she has been misunderstood This volume focuses on the general nature of cultural influences in counseling rather than on counseling specific ethnic groups Counseling practices from all over the world not just those of Western society are explored Bringing together the work of a diverse group of international experts the editors have compiled a volume that is not only concise and teachable but also an essential guidebook for all mental health professionals

**Professions and the Public Interest** Mike Saks, 2005-08-16 The importance and influence of professions in public life has grown increasingly over the twentieth century but the question of whether they subordinate their own self interests to the public interest has yet to be adequately researched within a major sociological perspective In Professions and the Public Interest Mike Saks develops a theoretical and methodological framework for assessing professional groups in Western society The empirical applicability of this framework is demonstrated with particular reference to a novel case study of the response of the medical profession to acupuncture in the nineteenth and twentieth centuries Professions and the Public Interest will be of great interest to all lecturers and students of social policy sociology and medical sociology as well as to professional groups and their members

**Advances in Integrative Medicine** Mohd. Shahnawaz, Sajjid H. Batt, Damodaran Sruthi, Mubashir Javed Minto, Manisha K. Sangale, Khalid Rehman Hakeem, 2025-08-20 Advances in Integrative Medicine introduces integrative medicine as a holistic approach to health that can effectively address the limitations and side effects of traditional allopathic treatments providing valuable insights for practitioners and patients alike Today people across the globe are experiencing the damaging side effects of allopathic medicines In fact not a single allopathic drug to date reports no side effects In light of this researchers are investigating new treatment alternatives that offer fewer side effects Since ancient times people have used various alternative medicines such as traditional medicinal practices homeopathy and herbal medicine to treat disease In order for

these alternative medicines to be used on a global level they need to integrate with the modern medical system Integrative medicine is a healing oriented practice of medicine that looks at the whole picture of a person as a guide for treatment This practice takes an individual s mind body and soul into account to create a catered plan that includes nutrition stress and spiritual treatment This treatment has shown potential to treat a number of diseases including stroke chronic fatigue syndrome and cancer This book gives a comprehensive look at this emerging field through real world case studies making it an essential resource for anyone in the medical field

**International Handbook of Practical Theology** Birgit Weyel, Wilhelm Gräb, Emmanuel Lartey, Cas Wepener, 2022-09-06 Practical theology has outgrown its traditional pastoral paradigm The articles in this handbook recognize that faith spirituality and lived religion within and beyond institutional communities refer to realms of cultures ritual practices and symbolic orders whose boundaries are not clearly defined and whose contents are shifting The International Handbook of Practical Theology offers insightful transcultural conceptions of religion and religious matters gathered from various cultures and traditions of faith The first section presents concepts of religion Chapters have to do with considerations of the conceptualizing of religion in the fields of anthropology community family institution law media and politics among others The second section is dedicated to case studies of religious practices from the perspective of their actors The third section presents major theoretical discourses that explore the globally significant diversity and multiplicity of religion Altogether sixty one authors from different parts of the world encourage a rethinking of religious practice in an expanded transcultural globalized and postcolonial world
