official funding alongside a mother and baby unit which closed was replaced by a new one which also then closed Later the service benefitted from an investment from the Welsh Government who wanted all health boards in Wales to run perinatal mental health services From 2015 the story of the Cardiff service is seen in the context of the development of these services across the whole of Wales This story is written by the Consultant Psychiatrist in the team and has an autobiographical tone that was not entirely planned It also includes contributions from other professionals working alongside or within the service and most importantly from women who were cared for by the service *Teamwork for World Health* G.
