## **Great Collectors Masterpieces From Private Collections:**

The Great Collectors Véronique Prat,1990 Presents the collections owned by such moneyed connoisseurs as Armand Hammer and Prince von Furstenberg and includes interviews with their owners **The Private Collector's Museum** Georgina Walker,2019-05-17 The Private Collector's Museum connects the rising popularity of private museums with evolving models of collecting and philanthropy and new inter relationships between private and public space It examines how contemporary collectors construct museums to frame themselves as cultural arbiters of global distinction By exploring a range of in depth contemporary case studies the book aims for a more complex understanding of the private collector's museum assessing how it is realised funded and understood in a broader cultural context It examines the ways in which this particular museum model has evolved within a historical Western tradition of collecting and museum building and considers how private museums will endure alongside their public counterparts It also sheds light on the shifting patterns of collecting such as the transition of personal art collections into the public sphere The developments are situated within the wider context of private public engagement in general Providing a new analysis of philanthropy public access and the museum The Private Collector's Museum is essential reading for scholars and students interested in the private museum and key reading for those interested in related issues Art News Annual ,1952 Nordic Private Collections of Chinese Objects Minna Törmä,2020-05-27 This book explores the ways in which Nordic private collectors displayed their collections of Chinese objects in their homes This leads to a reconsideration of how to define collecting and display by analysing the difference between objects serving as decorative or collectible items while tracing collecting and display trends of the twentieth century Minna Törmä examines four Scandinavian collections as case studies Kustaa Hiekka Sophus Black Osvald Sirén and Marie Louise and Gunnar Didrichsen all of whom had professional backgrounds a jeweler two businessmen and a scholar and for whom collecting became a passion and an educational endeavour This book will be of interest to scholars in art history museum studies Chinese studies and design history *The Wrightsman Collection* Charles B. Wrightsman,Francis John Bagott Watson,Everett Fahy,1966 Volume Five This catalogue of a private collection includes works by such artists as Vermeer Rubens Renoir La Tour the Tiepolos El Greco Canaletto and Van Dyck Metropolitan Museum of Art website The Great Chinese Art Transfer Michael St. Clair,2016-04-01 This book tells the story of how and why millions of Chinese works of art got exported to collectors and institutions in the West in particular to the United States As China's last dynasty was weakening and collapsing from 1860 into the early years of the twentieth century China's internal chaos allowed imperial and private Chinese collections to be scattered looted and sold A remarkable and varied group of Westerners entered the country had their eyes opened to centuries of Chinese creativity and gathered up paintings bronzes and ceramics as well as sculptures jades and bronzes The migration to America and Europe of China's art is one of the greatest outflows of a culture's artistic heritage in human history A good deal of the art procured by collectors and dealers some famous and others little

known but all remarkable in individual ways eventually wound up in American and European museums Today some of the art still in private hands is returning to China via international auctions and aggressive purchases by Chinese millionaires

*The Empress of Art* Susan Jaques,2016-04-15 A German princess who married a decadent and lazy Russian prince Catherine mobilized support amongst the Russian nobles playing off of her husband's increasing corruption and abuse of power She then staged a coup that ended with him being strangled with his own scarf in the halls of the palace and herself crowned the Empress of Russia Intelligent and determined Catherine modeled herself off of her grandfather in law Peter the Great and sought to further modernize and westernize Russia She believed that the best way to do this was through a ravenous acquisition of art which Catherine often used as a form of diplomacy with other powers throughout Europe She was a self proclaimed glutton for art and she would be responsible for the creation of the Hermitage one of the largest museums in the world second only to the Louvre Catherine also spearheaded the further expansion of St Petersburg and the magnificent architectural wonder the city became is largely her doing There are few women in history more fascinating than Catherine the Great and for the first time Susan Jaques brings her to life through the prism of art      **The Art Collector**

Alfred Trumble,1889      *Art, Education, and African-American Culture* Mary Ann Meyers,2017-09-08 A physician who applied his knowledge of chemistry to the manufacture of a widely used antiseptic Albert Barnes is best remembered as one of the great American art collectors The Barnes Foundation which houses his treasures is a fabled repository of Impressionist post Impressionist and early modern paintings Less well known is the fact that Barnes attributed his passion for collecting art to his youthful experience of African American culture especially music *Art Education and African American Culture* is both a biography of an iconoclastic and innovative figure and a study of the often conflicted efforts of an emergent liberalism to seek out and showcase African American contributions to the American aesthetic tradition Mary Ann Meyers examines Barnes's background and career and the development and evolution of his enthusiasm for collecting pictures and sculpture She shows how Barnes's commitment to breaking down invidious distinctions and his use of the uniquely arranged works in his collection as textbooks for his school created a milieu where masterpieces of European and American late nineteenth and early twentieth century painting along with rare and beautiful African art objects became a backdrop for endless feuding A gallery requiring renovation a trust prohibiting the loan or sale of a single picture and the efforts of Lincoln University known as the black Princeton to balance conflicting needs and obligations all conspired to create a legacy of legal entanglement and disputes that remain in contention This volume is neither an idealized account of a quixotic do gooder nor is it a critique of a crank While fully documenting Barnes's notorious eccentricities along with the clashing interests of the main personalities associated with his Foundation Meyers eschews moral posturing in favor of a rich mosaic of peoples and institutions that illustrate many of the larger themes of American culture in general and African American culture in particular      The

colleagues and even the forgers as well as the clients who shared his passion There were times of boom and times of recession there were very difficult times in particular the anti trust era and there were times that brought great delight and a sense of achievement in particular the British Rail Pension Fund sale which Michel had helped set up and which exceeded all expectations An authoritative and highly respected figure in the art world Michel Strauss has handled the greatest of all Impressionist works some of which it was thought had been lost forever
