Great Conversation Vol II A Historical Introduction To Philosophy:

The Great Conversation Norman Melchert, David R. Morrow, 2018-09-17 Tracing the exchange of ideas among history's key philosophers *The Great Conversation: A Historical Introduction to Philosophy* Eighth Edition provides a generous selection of excerpts from major philosophical works and makes them more easily understandable to students with lucid and engaging explanations. Extensive cross referencing shows students how philosophers respond appreciatively or critically to the thoughts of other philosophers. *The Great Conversation* Eighth Edition is also available in two separate volumes to suit your course needs: *The Great Conversation Volume I: Pre Socratics through Descartes* Eighth Edition and *The Great Conversation Volume II: Descartes through Derrida and Quine* Eighth Edition.

The Great Conversation: Volume II Norman Melchert, 2014-01-15 Ideal for courses in modern philosophy or modern and contemporary philosophy. *The Great Conversation: A Historical Introduction to Philosophy Volume II: Descartes through Derrida and Quine* Seventh Edition covers the same material as the second half (chapters 12-26) of author Norman Melchert's longer volume. Tracing the exchange of ideas between history's key philosophers, it demonstrates that while constructing an argument or making a claim, one philosopher almost always has others in mind. It addresses the fundamental questions of human life: Who are we? What can we know? How should we live? and What sort of reality do we inhabit? Author Norman Melchert provides a generous selection of excerpts from major philosophical works and makes them more easily understandable to students with his lucid and engaging explanations. Extensive cross referencing shows students how philosophers respond appreciatively or critically to the thoughts of other philosophers. The text is enhanced by two types of exercises: Basic Questions and For Further Thought, and numerous illustrations. Also available to suit your course needs: *The Great Conversation: A Historical Introduction to Philosophy* Seventh Edition (combined volume covering the Pre Socratics through Derrida, Quine, and Dennett) and *The Great Conversation Volume I: Pre Socratics through Descartes* includes chapters 1-13 of the combined volume.

The Great Conversation Norman Melchert, 2007 *The Great Conversation* Norman Melchert, 2006-09 Now in its fifth edition, this historically organized introductory text treats philosophy as a dramatic and continuous story: a conversation about humankind's deepest and most persistent concerns. Tracing the exchange of ideas between history's key philosophers, *The Great Conversation: A Historical Introduction to Philosophy* Fifth Edition demonstrates that while constructing an argument or making a claim, one philosopher almost always has others in mind. The book addresses the fundamental questions of human life: Who are we? What can we know? How should we live? and What sort of reality do we inhabit? The fifth edition retains the distinctive feature of previous editions: author Norman Melchert provides a generous selection of excerpts from major philosophical works and makes them more easily understandable to students with his lucid and engaging explanations. Ranging from the Pre Socratics to Derrida and Quine, the selections are organized historically and include four complete works: Plato's *Euthyphro*, *Apology*, and *Crito*; and Descartes' *Meditations on First Philosophy*. The author's commentary offers a rich
