Great Duty Canadian Responses To Modern Life And Mass Culture 1939 1967:

A Great Duty Leonard B. Kuffert, 2003 Annotation In *A Great Duty* L B Kuffert shows that the history of Canadian culture from the war to Canada's centenary is much richer and more complex than has previously been recognized. He looks at the responses of cultural critics to such topics as war reconstruction, science, conformity, personality, and commemoration, catching outspoken observers in the act of synthesizing new interpretations of the contemporary world and protesting the dominance of mass-produced entertainment.

Surveyors of Empire Stephen J. Hornsby, 2011-04-05 Using research from both sides of the Atlantic, Stephen Hornsby examines the development of British military cartography in North America during and after the Seven Years War, as well as advancements in military and scientific equipment used in surveying. At the same time, he follows the land speculation of two leading surveyors, Samuel Holland and J F W Des Barres, and the publication history of *The Atlantic Neptune*. Richly illustrated with images from *The Atlantic Neptune* and earlier maps, *Surveyors of Empire* is an insightful account of the relationship between science and imperialism and the British shaping of the Atlantic world.

Two-Edged Sword Nicholas Tracy, 2012-10-01 In the first major study of the Royal Canadian Navy's contribution to foreign policy, Nicholas Tracy takes a comprehensive look at the paradox that Canada faces in participating in a system of collective defence as a means of avoiding subordination to other countries. Created in 1910 to support Canadian autonomy, the Royal Canadian Navy has played an important role in defining Canada's relationship with the United Kingdom, the United States, and NATO. Initially involved with participation in Imperial and Commonwealth defence, the RCN's role shifted following the Second World War to primarily ensuring the survival of the NATO alliance and deflecting American influence over Canada. Tracy demonstrates the ways in which the Navy's priorities have realigned since the end of the Cold War, this time partnering with the US and NATO navies in global policing. Insightful, detailed, and grounded in solid historical scholarship, *A Two-Edged Sword* presents a complete portrait of the shifting relevance and future of a cornerstone of Canadian defence.

Beyond Bylines Barbara M. Freeman, 2011-12-14 *Beyond Bylines: Media Workers and Women's Rights in Canada* explores the ways in which several of Canada's women journalists, broadcasters, and other media workers reached well beyond the glory of their personal bylines to advocate for the most controversial women's rights of their eras. To do so, some of them adopted conventional feminine identities, while others refused to conform altogether, openly and defiantly challenging the gender expectations of their day. The book consists of a series of case studies of the women in question as they grappled with the concerns close to their hearts: higher education for women, healthy dress reforms, the vote, equal opportunities at work, abortion, lesbianism, and Aboriginal women's rights. Their media reflected their respective eras: intellectual magazines, daily and weekly newspapers, radio, feminist public relations, alternative women's periodicals, and documentary film made for television. Barbara Freeman takes an interdisciplinary approach, combining biography, history, and communication studies to demonstrate how their use of different media both enabled and limited these women in their ability to be daring advocates.

for gender equality She shows how a number of these women were linked through the generations by their memberships in activist women's organizations

Cultures of Citizenship in Post-war Canada, 1940 - 1955 Nancy Christie, Michael Gauvreau, 2004-01-15 The years between the end of World War II and the mid 1960s have usually been viewed as an era of political and social consensus made possible by widely diffused prosperity creeping Americanization and fears of radical subversion and a dominant culture challenged periodically by the claims of marginal groups By exploring
