An Historical and Descriptive Account of British America Hugh Murray, 1839 **The Huguenots** Samuel Smiles, 1868
A Guide to the Emigration Colonies Henry Smith Evans, 1851 **Britain's Imperial Century, 1815-1914** Ronald Hyam, 2016-01-06 Provides a comprehensive chronological narrative of the history of the British Empire between 1815 and 1914 together with a more theoretical and reflective concluding chapter thus giving an overview of British policy and action which takes account of the many factors underlying British expansion Britain's Imperial Century, 1815-1914 R. Hyam, 2002-09-23 The undisputed best introduction to the history of the world wide pattern of British activity in the nineteenth century embracing its expansive spirit as well as its formal territorial empire The dynamics of this extraordinary enterprise are considered broadly the high political concerns of strategy and international geopolitics are analyzed as well as the economic dimension missionary activity and racial attitudes together with a wide range of cultural aspects including sport and the pursuit of sexual opportunity Nor is the personal contribution of some of the leading Victorian figures neglected **Chambers' Encyclopaedia**, 1874 **Victorian Christianity and Emigrant Voyages to British Colonies c.1840 - c.1914** Rowan Strong, 2017-10-20 Victorian Christianity and Emigrant Voyages to British Colonies c 1840 c 1914 considers the religious component of the nineteenth century British and Irish emigration experience It examines the varieties of Christianity adhered to by most British and Irish emigrants in the nineteenth century and consequently taken to their new homes in British settler colonies Rowan Strong explores a dimension of this emigration history that has been overlooked by scholars the development of an international emigrants chaplaincy by the Church of England that ministered to Anglicans Nonconformists as well as others including Scandinavians Germans Jews and freethinkers Using the sources of this emigrants chaplaincy Strong also makes extensive use of the shipboard diaries kept by emigrants themselves to give them a voice in this history Using these sources to look at the British and Irish emigrant voyages to new homes this study provides an analysis of the Christianity of these emigrants as they travelled by ship to British colonies Their ships were floating villages that necessitated and facilitated religious encounters across denominational and even religious boundaries It argues that the Church of England provided an emigrants ministry that had the greatest longevity breadth and international structure of any Church in the nineteenth century The book also examines the principal varieties of Christianity espoused by most British emigrants and argues this religion was more central to their identity and consequently more significant in settler colonies than many historians have often hitherto accepted In this way the Church of England's emigrant chaplaincy made a major contribution to the development of a British world in settler colonies of the empire **General Report of the Colonial Land and Emigration Commissioners** Great Britain. Emigration Commission, 1839 **Problems of Greater Britain** Dilke, 1890 The Precious and Sacred Writings of Martin Luther, the Hero of the Reformation, the Greatest of the Teuton Church Fathers, and the Father of Protestant Church Literature.
