Retelling the Past in Contemporary Greek Literature, Film, and Popular Culture Gerasimos Katsan, Trine Stauning Willert, 2019-01-22 This book deals with historical consciousness and its artistic expressions in contemporary Greece since 1989 from the point of view that contemporary Greeks have been faced with the contradictions between, on the one hand, a glorious world-famous yet distant past and, on the other, a traumatic contemporary history of wars, expulsions, civil strife, and political and economic crises. Such clashes of imaginary identifications and collective traumas call for interpretations not only from historians but also from artists and storytellers. Therefore, the chapters in this volume explore the ways in which sensitive and creative perspectives of art approach and appropriate history in Greece. Through a rich collection of analytical case studies and creative reflections on Greece's past, present, and future, this volume presents the reader with the ways a set of contemporary Greek storytellers in
