## Great Hill Stations Of Asia:

*The Great Hill Stations Of Asia* Barbara Crossette, 1998-03-26 They called the refuges they created little European towns carved from rocky mountainsides or nestled in the meadows of high plateaus hill stations Colonialism came and went but the hill stations remain They are no longer European but most have not lost their unique appeal After all the plains still fry in the sun and the cities of Asia have only grown larger noisier and more polluted New generations of Asians are rediscovering hill stations and turning them into tourist resorts with luxury hotels and courses Hill stations still cling to their history and the story they tell reveals a lot about how colonial life was lived They also have a future if environmental damage and overpopulation do not destroy the forested hills and mountains that give them their spectacular settings and pleasant climates

*Artistic and Cultural Exchanges between Europe and Asia, 1400-1900* Michael North, 2016-12-05 The European expansion to Asia was driven by the desire for spices and Asian luxury products Its results however exceeded the mere exchange of commodities and precious metals The meeting of Asia and Europe signaled not only the beginnings of a global market but also a change in taste and lifestyle that influences our lives even today Manifold kinds of cultural transfers evolved within a market framework that was not just confined to intercontinental and intra Asiatic trade In Europe and Asia markets for specific cultural products emerged and the transfers of objects affected domestic arts and craft production Traditionally relations between Europe and Asia have been studied in a hegemonic perspective with Europe as the dominant political and economic centre Even with respect to cultural exchange the model of diffusion regarded Europe as the centre and Asia the recipient whereby Asian objects in Europe became exotica in the Kunst und Wunderkammern Conceptions of Europe and Asia as two monolithic regions emerged in this context However with the current process of globalization these constructions and the underlying models of cultural exchange have come under scrutiny For this reason the book focuses on cultural exchange between different European and Asian civilizations whereby the reciprocal complexities of cultural transfers are at the centre of observation By investigating art markets workshops and collections in Europe and Asia the contributors exemplify the varieties of cultural exchange The book examines the changing roles of Asian objects in European material culture and collections and puts a special emphasis on the reception of European visual arts in colonial settlements in Asia as well as in different Asian societies

*Imperial Heights* Eric T. Jennings, 2011-04-08 Intended as a reminder of Europe for soldiers and clerks of the empire the city of Dalat located in the hills of Southern Vietnam was built by the French in an alpine locale that reminded them of home This book uncovers the strange 100 year history of a colonial city that was conceived as a center of power and has now become a kitsch tourist destination famed for its colonial villas flower beds pristine lakes and pastoral landscapes Eric T Jennings finds that from its very beginning Dalat embodied the paradoxes of colonialism it was a city of leisure built on the backs of thousands of coolies a supposed paragon of hygiene that offered only questionable protection from disease and a new venture into ethnic relations that ultimately backfired Jennings fascinating

history opens a new window onto virtually all aspects of French Indochina from architecture and urban planning to violence labor m tissage health and medicine gender and ethic relations schooling religion comportments anxieties and more

**Fighting Monsters** Richard Wallace Braithwaite,2016 Only six escapees survived the Sandakan death marches of 1945 in North Borneo the worst atrocity ever inflicted on Australian soldiers 1787 Australian and 641 British POWs perished Previous descriptions of the numerous violent acts have yielded little understanding of a situation where the real struggle was to keep one s humanity when so many were losing theirs whether Allied POWs local residents of Borneo Javanese slave labourers or Japanese soldiers Understanding this extraordinary story is aided by reference to a wide range of sources in different countries and disciplines and by examining the perspectives of all players in this terrible game of survival An unusual and extreme POW story the Sandakan tragedy had four stages active resistance in 1942 3 stubborn endurance in 1943 4 the collapse of civilized existence in 1945 and finally the postwar decades of torment for the six damaged survivors the gradual assimilation of the story the healing of the damage and the commemoration of the tragedy by the families and

communities involved Richard Wallace Braithwaite's father was one of the six survivors of the Sandakan death marches of 1945. He died in 1986 still wanting the story to be properly told. This led to a project that has lasted for much of the last forty years of the author's life, culminating in this book. With a scientific background, Richard worked for many years with CSIRO and universities in the biological and social sciences and in historical research. His extensive and diverse research history and lifelong personal immersion in the story has given him a unique perspective in exploring the complexities of the Sandakan tragedy.

**Health and Wellness Tourism** Melanie K. Smith, László Puczkó, 2009. Health and Wellness Tourism takes an innovative look at this rapidly growing sector of today's thriving tourism industry. This book examines the range of motivations that drive this diverse sector of tourists, the products that are being developed to meet their needs, and the management implications of these developments. A wide range of international case studies illustrate the multiple aspects of the industry and new and emerging trends, including spas, medical wellness, life coaching, meditation, festivals, pilgrimage, and yoga retreats. The authors also evaluate marketing and promotional strategies and assess operational and management issues in the context of health and wellness tourism. This text includes a number of features to reinforce theory for advanced students of hospitality, leisure, and tourism, and related disciplines.

**Flora's Empire** Eugenia W. Herbert, 2012-01-31. Like their penchant for clubs, cricket, and hunting, the planting of English gardens by the British in India reflected an understandable need on the part of expatriates to replicate home as much as possible in an alien environment. In *Flora's Empire*, Eugenia W. Herbert argues that more than simple nostalgia or homesickness lay at the root of this garden imperialism; however, drawing on a wealth of period illustrations and personal accounts, many of them little known, she traces the significance of gardens in the long history of British relations with the subcontinent. To British eyes, she demonstrates, India was an untamed land that needed the visible stamp of civilization; that gardens, in their many guises, could convey. Colonial gardens changed over time, from the garden houses of eighteenth-century nabobs modeled on English country estates to the herbaceous borders, gravel walks, and well-trimmed lawns of Victorian civil servants. As the British extended their rule, they found that hill stations like Simla offered an ideal retreat from the unbearable heat of the plains and a place to coax English flowers into bloom. Furthermore, India was part of the global network of botanical exploration and collecting that gathered up the world's plants for transport to great imperial centers such as Kew. And it is through colonial gardens that one may track the evolution of imperial ideas of governance. Every Government House and Residency was carefully landscaped to reflect current ideals of an ordered society. At Independence in 1947, the British left behind a lasting legacy in their gardens, one still reflected in the design of parks and information technology campuses and in the horticultural practices of home gardeners who continue to send away to England for seeds.

**Around The World With Mark Twain** Robert Cooper, 2012-04-12. On July 14, 1895, Samuel Langhorne Clemens, fifty-nine years old and deeply in debt, boarded a night train to Cleveland, launching a performance tour designed to alleviate his financial woes and, more importantly, resuscitate his alter ego, Mark Twain. The

journey took him to Fiji Australia New Zealand India and South Africa and led to the resurrection of Twain as a celebrity  
 Equal parts travelogue social history and biography Around the World with Mark Twain paints a decidedly different portrait  
 of Clemens a more tragic darker figure who faced financial ruin and personal loss throughout his life Around the World with  
 Mark Twain delights while deepening our understanding of this magnificent personality **Pioneer in Tibet** Douglas  
 Wissing,2015-03-17 Dr Albert Shelton was a medical missionary and explorer who spent nearly twenty years in the Tibetan  
 borderlands at the start of the last century During the Great Game era the Sheltons sprawling station in Kham was the most  
 remote and dangerous mission on earth Raising his family in a land of banditry and civil war caught between a weak Chinese  
 government and the British Raj Shelton proved to be a resourceful frontiersman One of the West's first interpreters of  
 Tibetan culture during the course of his work in Tibet he was praised by the Western press as a family man revered doctor  
 respected diplomat and fearless adventurer To the American public Dr Albert Shelton was Daniel Boone Wyatt Earp and the  
 apostle Paul on a new frontier Driven by his goal of setting up a medical mission within Lhasa the seat of the Dalai Lama and  
 a city off limits to Westerners for hundreds of years Shelton acted as a valued go between for the Tibetans and Chinese  
 Recognizing his work the Dalai Lama issued Shelton an invitation to Lhasa Tragically while finalizing his entry Shelton was  
 shot to death on a remote mountain trail in the Himalayas Set against the exciting history of early twentieth century Tibet  
 and China Pioneer in Tibet offers a window into the life of a dying breed of adventurer **Wisdom of Community** Susan  
 Visvanathan,2022-03-30 The Wisdom of Community is a compilation of essays which documents the key issues that have been  
 pertinent in national debates in India In some ways it takes a linear and chronological position on how the past informs us as  
 we proceed with making sense of postmodern fluid society It tries to understand how affected or influenced we are by  
 colonialism and the debates which brought us our freedom It uses biography symbols and narratives to piece together our  
 engagement with literature history myth and legend It presupposes that the past is contextualised through narrative  
 production Each essay in this collection is tuned to the greater debates which continue today in problematized global and  
 cosmopolitan contexts to describe the relation between town and country The consistent preoccupation is with labour and its  
 intended consequences Here climate change law court trials and constructing parallel histories which have influenced us are  
 drawn to tell the reader that learning from history is essential for our survival Readers will see that the world always appears  
 in the spaces that are produced by travel by terror freedom conquest and adaptation The coexistence of all these across  
 history allows for the warp and weft of narrative production to be evident as analysable and comprehensive The reader  
 enters this frame of interlocking essays in order to understand how significant the production of stories are and how we may  
 find similarities in our condition across time and space The book consists of 12 essays which are arranged in a way that the  
 essential problems are made evident as questions of occupation survival and translation of world views It brings the world  
 closer just as in reality it seems to be receding because we are afraid of what we see and know The method is called Learning

from History The Wisdom of Community brings to the reader the interlacing of archival fieldwork and literary materials in order to bring to the reader the constants that inform our lives while recognizing the past as ever present The essays in this collection span a period of thirty years and were earlier published as essays in popular journals and magazines and newspapers but also include some scholarly articles They are divided into essays on travel feminism as well as activist literary and analytical essays The reader will find in them the insights of three decades spanning the years of teaching and writing while living in Delhi The link connecting these essays is time and memory as well as the belief that we can learn from the past The circulation of ideas appears as a dominant theme in all the essays along with the emphases on agency and the celebration of the right to choice and the articulation of human will since the themes of democracy and freedom are common to all

*The Amenity Migrants* Laurence A. G. Moss, 2006 Places with perceived high environmental quality and distinctive culture are globally attracting amenity migrants Today this societal driving force is particularly manifest in mountain areas and while beneficial for both the newcomers and locals is also threatening highland ecologies and their human communities

**Curing the Colonizers** Eric T. Jennings, 2006-10-25 Combines the histories of empire leisure tourism culture and medicine to explain how therapeutic spas for colonists facilitated French imperialism between 1830 and 1962

**Tours of Vietnam** Scott Laderman, 2009-01-16 An argument that tourist literature and U S military guides have shaped Americans understanding of Vietnam and projections of U S power since the mid twentieth century

From Pilgrimage to Package Tour David L. Gladstone, 2013-01-11 When people in First World countries think of tourists in the vast expanses of the Third World today they typically think of pampered westerners filling up the luxury hotels and imposing their Orientalist gazes on the teeming masses As David Gladstone shows us in this fascinating and provocative book such preconceptions are wrong Coupling incisive and colorful ethnographic accounts of tourism in India and Mexico with sharp analysis Gladstone demonstrates the amazing complexity of this industry which now comprises close to ten percent of the world economy As he also shows the vast majority of tourists in the Third World are indigenous people with few resources often making pilgrimages to religious shrines From Pilgrimage to Package Tour is a fresh and entirely original account that stands tourism studies on its head and proves that this industry is far more complicated than it initially appears

**A Disposition to Be Rich** Geoffrey C. Ward, 2013-04-23 A New York Times Notable Book The compelling behind the scenes story of the greatest swindler of the Gilded Age whose villainy bankrupted Ulysses S Grant and stunned the world of finance told by his great grandson award winning historian Geoffrey C Ward Ferdinand Ward the son of a Protestant missionary and small town pastor moved to New York at twenty one and in less than a decade made himself the business partner of a former president and established himself as the Young Napoleon of Finance In truth he was running a massive pyramid scheme Drawing from thousands of family documents never before examined Geoffrey C Ward traces his great grandfather s rapid rise to riches and fame and his even more dizzying fall from grace in a narrative populated with mistresses crooked bankers corrupt New

York officials and a desperate kidnapping scheme Here is a great story about a classic American con artist     **Tourism in Southeast Asia** Michael Hitchcock,Victor T.
