**The Great Irish Rebellion of 1798** Cathal Póirtéir, 1998 To mark the 200th anniversary of the 1798 Rebellion RTE Radio 1 commissioned 13 historians to provide their insights into the rising These lectures set Ireland in the context of Revolutionary Europe and trace the development of the United Irishman's political cultural philosophy **Ireland's Great Famine, Britain's Great Failure** William H. A. Williams, 2022-02-08 This book provides readers with a unique in depth understanding of the background to the Irish Famine and a detailed account of the crisis as well as the immediate and long term results of the catastrophe In addition to exploring the ecological and agriculture factors this work shows how cultural economic and political influences shaped British attitudes and policies When the entire potato crop failed in the fall of 1846 what began as an ecological disaster quickly became a political one Hampered by long standing prejudice and Anglo Irish tensions the British government's various attempts to deal with the humanitarian crisis were muddled by competing economic and social goals Among these was the idea that the Famine represented an opportunity to purge Ireland of fragmented land holding and potato dependency by encouraging an English type market driven agriculture Changes did occur but the government's imperial dreams eventually ran up against Irish realities Society and Manners in Early Nineteenth-Century Ireland John Gamble, 2011 *John Mitchel* Bryan P. McGovern, 2009 This is an informative balanced biography that embraces a man who seemed defined by contradictions McGovern unravels these to reveal how Mitchel made sense of himself and his world The result is a must read book for anyone interested in nineteenth century Irish and American history Susannah U Bruce author of *The Harp and the Eagle Irish American Volunteers and the Union Army 1861-1865* This book chronicles the life and times of John Mitchel a radical Irish nationalist who relocated to the American South where he became an ardent supporter of the Confederacy before and during the Civil War Mitchel was exiled for his beliefs by the British government in 1848 during the Great Famine 1845-52 Though neither a peasant nor a Catholic he empathized with the plight of over one million impoverished Irish Catholic emigrants who fled starvation These expatriates believed that they had been forced unwillingly from their homes by the British government which they also blamed for causing the famine or at least creating conditions that seriously threatened Irish survival As a publisher of several expatriate newspapers Mitchel was able to echo the sentiments of his audience and perhaps more important shape the prevailing attitudes of Irish Americans attempting to adjust to a hostile society Well educated bourgeois and respected by the Irish immigrant community the Protestant Mitchel became an ardent Irish nationalist during a time when most Irish Protestants including the Scotch Irish in America were becoming almost uniformly opposed to Irish nationalism In giving full treatment to his experience in America this first contemporary biography of Mitchel addresses the basic paradox of his ideology why an Irish nationalist who called for an end to the British enslavement of the Irish enthusiastically supported the slave society of the American South It thus sheds invaluable light on how Irish nationalism played out on both sides of the Atlantic and on issues of racism and cultural

assimilation facing the United States during the mid nineteenth century Bryan McGovern is an assistant professor of history at Kennesaw State University He published an essay on Mitchel in *New Hibernia Review* *Napoleon and British Song, 1797-1822* Oskar Cox Jensen, 2015-10-12 This study offers a radical reassessment of a crucial period of political and cultural history By looking at some 400 songs many of which are made available to hear and at their writers singers and audiences it questions both our relationship with song and ordinary Britons relationship with Napoleon the war and the idea of Britain itself

**Revolution, Counter-Revolution and Union** Jim Smyth, 2000 The essays in this collection focus on United Irish propaganda and organisation before and during the 1798 rebellion *Irish Economic and Social History*, 2002 Saothar, 1999

**Books Ireland**, 2004 **These Fissured Isles** Terry Brotherstone, Anna Clark, Kevin Whelan, 2005 In the summer of 1999 a historical conference in Aberdeen under the title 98 and After started a discussion of the period when it has been argued British identity began to be popularly assumed and to become a matter of middle class and plebeian pride as the second British empire emerged *Celtic & Ireland in Song and Story*, 2008

**Field Day Review** Seamus Deane, Breandán Mac Suibhne, 2008-03 Talking about contemporary Ireland this work also looks at literary criticism fiction history politics and art

**Thomas Davis and Ireland** Helen F. Mulvey, 2003 His first biography written by his friend and collaborator Duffy was published in 1890 and is an invaluable source for Davis s life and his part in the Irish nationalist struggle Duffy s work was as well a eulogy presenting Davis in so favorable a light that he seems at times unreal To provide a more thorough objective portrait of Davis historian Helen F Mulvey here presents a scholarly examination of Davis s life and thoughts

*The 'Natural Leaders' and their World* Jonathan Jeffrey Wright, 2013-01-03 This book is a richly detailed exploration of the complex and cosmopolitan urban culture inhabited by the Presbyterian elite of late Georgian Belfast which will prove to be of interest to a wide range of scholars working on the political cultural and intellectual histories of both Ireland and Britain during the age of reform *Studies*, 1970 An Irish quarterly review The Land and People of County Meath, 1750-1850 Peter Connell, 2004 The 1750s marked the beginning of a period of dramatic growth in the Irish population when the Irish economy became increasingly shaped by the demands of the Industrial Revolution in Britain This monograph traces how these great changes were played out on the rolling plains of Co Meath Long characterized as a rich county dominated by strong farmers involved in the fattening of beef cattle the picture that emerges is a much more complex one Making use of a wide range of sources including estate records and the surviving manuscript census of 1821 for the Navan baronies this book explores the relative position of the different classes in rural society over the period It suggests that by the 1840s a large proportion of the population had been marginalized by changes in the economy by the decline in the domestic linen industry and by the growing demand for land The Great Famine is set in this context and portrayed as the denouement of Meath s landless labourers and cottiers The geography of the thousands of mud cabins that disappeared from the landscape in these years is explored as a lost and largely forgotten generation that succumbed to the workhouse death and emigration *Built*

of Books Thomas Wright, 2010-04-24 An entirely new kind of biography Built of Books explores the mind and personality of Oscar Wilde through his taste in books This intimate account of Oscar Wilde s life and writings is richer livelier and more personal than any book available about the brilliant writer revealing a man who built himself out of books His library was his reality the source of so much that was vital to his life A reader first his readerly encounters out of all of life s pursuits are seen to be as significant as his most important relationships with friends family or lovers Wilde s library which Thomas Wright spent twenty years reading provides the intellectual and emotional climate at the core of this deeply engaging portrait One of the book s happiest surprises is the story of the author s adventure reading Wilde s library Reminiscent of Jorge Luis Borges s fictional hero who enters Cervantes s mind by saturating himself in the culture of sixteenth century Spain Wright employs Wilde as his own Virgilian guide to world literature We come to understand how reading can be an extremely sensual experience producing a physical as well as a spiritual delight **The Quarterly Review** William Gifford, Sir John Taylor Coleridge, John Gibson Lockhart, Whitwell Elwin, William Macpherson, William Smith, Sir John Murray (IV), John Murray, Rowland Edmund Prothero (Baron Ernle), George Walter Prothero, 1898 **The Publishers Weekly**, 1901 **The Faiths of Oscar Wilde** J. Killeen, 2005-10-20 An original and energetic examination of the relationship between theology faith religious history and national politics in the works of Oscar Wilde which focuses in particular on his life long attraction to Catholicism Wilde s Protestant heritage is also scrutinised and its continued influence on him as well as his antagonism towards it is related to the narrative modes he chose and the philosophical positions he adopted
